PROTOTYPE DEFINED CONTRIBUTION PLAN

DOCUMENT #01

ARTICLE I
PURPOSE

- 1.01 **Purpose:** The Employer whose name and signature appear on the Adoption Agreement hereby adopts a defined contribution plan in the form of this Prototype Defined Contribution Plan and Trust, as modified by the information provided and selections made in the Adoption Agreement.
- 1.02 **Exclusive Benefit:** The corpus or income of the trust may not be diverted to or used for other than the exclusive benefit of the Participants and their Beneficiaries.

ARTICLE II
ELIGIBILITY AND PARTICIPATION

- 2.01 **Service:** Service will be computed on the basis designated by the Employer in the Adoption Agreement or specified in Section 11.01. Except where specifically excluded under this Article II, all of an Employee's Years of Service will be taken into account for purposes of eligibility, including (a) Years of Service for employment with an employer required to be aggregated with the Employer under section 414(b), (c), (m), or (o) of the Code; (b) Years of Service for an employee required under section 414(n) or 414(o) of the Code to be considered an employee of any employer aggregated with the Employer under section 414(b), (c), or (m) of the Code; (c) Years of Service with the predecessor Employer, if the Adoption Agreement allows and the Employer so specifies; and (d) Years of Service with the predecessor employer during the time a qualified plan was maintained, if the Adoption Agreement allows and the Employer so specifies. If the Employer maintains the Plan of a predecessor Employer, Service with such Employer will be treated as Service for the Employer.
- 2.02 **Eligibility Computation Periods:**
- (a) Hours of Service Method - If the Employer has specified in the Adoption Agreement that service will be credited on the basis of hours, days, weeks, semi-monthly payroll periods, or months, the initial eligibility computation period is the 12-consecutive month period beginning on the date the Employee first performs an Hour of Service for the Employer ("employment commencement date"). Pursuant to the Employer's election in the Adoption Agreement, the succeeding 12-consecutive month periods shall commence with either:
- (1) the first anniversary of the Employee's employment commencement date; or
- (2) the first Plan Year which commences prior to the first anniversary of the Employee's employment commencement date regardless of whether the Employee is entitled to be credited with 1,000 Hours of Service (or any lesser number specified by the Employer in the Adoption Agreement) during the initial eligibility computation period. An employee who is credited with 1,000 Hours of Service (or such lesser number specified by the Employer in the Adoption Agreement) in both the initial eligibility computation period and the first Plan Year which commences prior to the first anniversary of the Employee's initial eligibility computation period will be credited with two Years of Service for purposes of eligibility to participate.
- (b) Elapsed Time Method - If the Employer has specified in the Adoption Agreement (or if the Adoption Agreement default is) that service will be credited under the elapsed time method, an Employee will receive credit for the aggregate of all time periods commencing with the Employee's first day of employment or reemployment and ending on the date a Break in Service begins. The first day of employment or reemployment is the first day an Employee performs an Hour of Service. An Employee shall also receive credit for any Period of Severance of less than twelve consecutive months. Fractional periods of a year will be expressed in terms of days. For purposes of this paragraph, Hour of Service shall mean each hour for which an Employee is paid or entitled to payment for the performance of duties for the Employer.
- 2.03 **Use of Computation Periods:** Years of Service and Breaks in Service shall be measured on the same eligibility computation period.
- 2.04 **Eligibility Break in Service:** In the case of any Participant who has a 1-year Break in Service, years of eligibility service before such break will not be taken into account until the Employee has completed a Year of Service after returning to employment. Pursuant to the Employer's election in the Adoption Agreement, such Year of Service will be measured by the 12-consecutive month period beginning on an Employee's reemployment commencement date and, if necessary, either: (a) subsequent 12-consecutive month periods beginning on anniversaries of the reemployment commencement date; or (b) Plan Years beginning with the Plan Year which includes the first anniversary of the reemployment commencement date. The reemployment commencement date is the first day on which the Employee is credited with an Hour of Service for the performance of duties after the first eligibility computation period in which the Employee incurs a one year Break in Service. If a Participant completes a Year of Service in accordance with this provision, his or her participation will be reinstated as of the reemployment commencement date. This paragraph shall only apply if the Employer has adopted a nonstandardized plan by completing Adoption Agreement #01005 or #01006.
- 2.05 **Entry into Plan:** Each Employee who is a member of an eligible class of employees specified in the Adoption Agreement or Section 11.01 will participate on the Entry Date selected by the Employer in the Adoption Agreement after such Employee has met the minimum age and service requirements, if any, in the Adoption Agreement or Section 11.01(a)(4).
- 2.06 **Participation upon Return to Eligible Class:** In the event a Participant is no longer a member of an eligible class of employees and becomes ineligible to participate but has not incurred a Break in Service, such Employee will participate immediately upon returning to an eligible class of employees. If such Participant incurs a Break in Service, eligibility will be determined under the Break in Service rules of the Plan.
- In the event an Employee who is not a member of an eligible class of employees becomes a member of an eligible class, such Employee will participate immediately if such Employee has satisfied the minimum age and service requirements and would have otherwise previously become a Participant.
- 2.07 **Participation During an Authorized Leave of Absence:** All contributions on behalf of the Participant shall be suspended, but membership in the Plan shall be deemed to be continuous, unless otherwise terminated, for the period of any Authorized Leave of Absence, provided that the Employee returns to work for the Employer upon completion of such Authorized Leave of Absence.

2.08 Eligibility upon Reemployment:

- (a) A former Participant will become a Participant immediately upon returning to the employ of the Employer if such former Participant had a nonforfeitable right to all or a portion of his accrued benefit attributable to Employer Contributions at the time of termination from service.
- (b) For a former Participant who did not have a nonforfeitable right to any portion of his accrued benefit attributable to Employer Contributions or for a former Employee (other than an Employee required to complete more than one Year of Service in order to become eligible to participate in the Plan) who had not yet become a Participant at the time of termination from service, the Participant's Years of Service prior to the Break(s) in Service will be disregarded if the number of consecutive 1-year Breaks in Service equal or exceed the greater of five (5) or the aggregate number of Years of Service before such Breaks in Service.
- (c) If an Employee is required to complete more than one Year of Service for in order to become eligible to participate in the Plan, and such an Employee incurs a 1-year Break in Service before satisfying the Plan's eligibility requirements, service prior to such 1-year Break in Service shall not be taken into account in the determination of the Employee's eligibility to participate in the Plan upon reemployment.
- (d) A former Participant who's Years of Service before termination from service cannot be disregarded pursuant to Section 2.08(b) shall participate immediately upon reemployment.
- (e) A former Employee who had met the eligibility requirements specified in the Adoption Agreement before termination from service but who had not become a Participant and who's Years of Service before termination from service cannot be disregarded pursuant to Section 2.08(b) will become a Participant as of the later of:
 - (1) his date of reemployment; or
 - (2) the Entry Date next following his date of termination from service.
- (f) A former Employee (including a former Participant) who's Years of Service before termination from service can be disregarded pursuant to Section 2.08(b) will be treated as a new Employee for eligibility purposes and will be eligible to participate once he has met the requirements under the Plan following his most recent date of employment.
- (g) If the plan includes a 401(k) arrangement, and if any Participant becomes a former Participant due to termination of employment or an eligible Employee who has met the eligibility requirements of Section 2.05 terminates employment, and is reemployed by the Employer after a 1-Year Break in Service has occurred, the former Participant or the eligible Employee who has met the eligibility requirements of Section 2.05 shall become a Participant in the 401(k) plan as of the date of reemployment.

ARTICLE III EMPLOYER CONTRIBUTIONS

3.01 **Employer Profit-Sharing Contributions:** If the Adoption Agreement provides that the Plan is a profit-sharing plan:

- (a) the Employer Contributions shall be an amount, if any, determined annually in the sole discretion of the Employer.
- (b) Unless otherwise elected by the Employer in the Adoption Agreement, all Employer Contributions shall be made out of current or accumulated net profits of the Employer.
- (c) Employer Contributions will be allocated pursuant to Section 3.03 (if the Plan is not integrated with social security) or Section 3.04 (if the Plan is integrated with social security).

3.02 **Employer Money Purchase Contributions:** If the Adoption Agreement provides that the Plan is a money purchase plan, the Employer Contribution for each Participant shall be an amount computed using the dollar amount or other formula specified in the Adoption Agreement. If the Plan is integrated with social security, then Section 3.05 below shall also be applicable. However, such amount computed with respect to any Participant shall not exceed the amount set forth in section 415(c)(1)(A) of the Code, as adjusted in accordance with section 415(d) of the Code, as in effect on the last day of the Limitation Year.

3.03 **Allocation of Employer Profit-Sharing Contributions - Non-integrated:** Employer Contributions for the Plan Year plus any forfeitures shall be allocated to the Participant's Accounts in the ratio that each Participant's Compensation for the Plan Year bears to the total Compensation of all Participants for that year.

3.04 **Allocation of Employer Profit-Sharing Contributions - Integrated:**

- (a) Top-Heavy Allocation - For years in which the Employer maintains a Top-Heavy Plan, and subject to the Overall Permitted Disparity Limits, Employer Contributions for the Plan Year plus any forfeitures, if elected by the Employer in the Adoption Agreement, will be allocated to Participants' accounts in the following manner:

STEP 1: Contributions and forfeitures will be allocated to each Participant's account in the ratio that each Participant's total Compensation bears to all Participants' total Compensation, but not in excess of 3% of each Participant's Compensation.

STEP 2: Any contributions and forfeitures remaining after the allocation in Step One will be allocated to each Participant's account in the ratio that each Participant's Compensation for the Plan Year in excess of the Integration Level bears to the excess Compensation of all Participants, but not in excess of 3% of each Participant's Compensation. For purposes of this Step Two, in the case of any Participant who has exceeded the cumulative permitted disparity limit described below, such Participant's total Compensation for the Plan Year will be taken into account.

STEP 3: Any contributions and forfeitures remaining after the allocation in Step Two will be allocated to each Participant's account in the ratio that the sum of each Participant's total Compensation and Compensation in excess of the Integration Level bears to the sum of all Participants' total Compensation and Compensation in excess of the Integration Level, but not in excess of the Excess Contribution Percentage which may not exceed the Profit-Sharing Maximum Disparity Rate. For purposes of this Step Three, in the case of any Participant who has exceeded the cumulative permitted disparity limit described below, two times such Participant's total Compensation for the Plan Year will be taken into account.

STEP 4: Any remaining Employer Contributions or forfeitures will be allocated to each Participant's account in the ratio that each Participant's Compensation for the Plan Year bears to the total Compensation of all Participants for that year.

- (b) Non-Top-Heavy Allocation - For years in which the Employer does not maintain a Top-Heavy Plan, and subject to the Overall Permitted Disparity Limits, Employer Contributions for the Plan Year plus any forfeitures, if elected by the Employer in the Adoption Agreement, will be allocated to Participants' accounts in the following manner:

STEP 1: Contributions and forfeitures will be allocated to each Participant's account in the ratio that the sum of each Participant's total Compensation and Compensation in excess of the Integration Level bears to the sum of all Participants' total Compensation and Compensation in excess of the Integration Level, but not in excess of the Excess Contribution Percentage which may not exceed the Profit-Sharing Maximum Disparity Rate. For purposes of this Step Three, in the case of any Participant who has exceeded the cumulative permitted disparity limit described below, two times such Participant's total Compensation for the Plan Year will be taken into account.

STEP 2: Any remaining Employer Contributions or forfeitures will be allocated to each Participant's account in the ratio that each Participant's Compensation for the Plan Year bears to the total Compensation of all Participants for that year.

- (c) The Integration Level shall be equal to the Taxable Wage Base or such lesser amount elected by the Employer in the Adoption Agreement. The Taxable Wage Base is the contribution and benefit base in effect under section 230 of the Social Security Act as of the beginning of the Plan Year.
- (d) Compensation shall mean Compensation as defined in Section 14.38 of the Plan.
- (e) The Profit-Sharing Maximum Disparity Rate shall be the lesser of:
 (1) 2.7% for years in which the Plan is Top-Heavy and 5.7% for years in which the Plan is not Top-Heavy; or
 (2) The applicable percentage determined in accordance with the table below:

<i>If the Integration Level is more than</i>	<i>But not more than</i>	<i>For Top-Heavy Years the applicable percentage is:</i>	<i>For Non-Top-Heavy Years the applicable percentage is:</i>
\$0	X*	2.7%	5.7%
X* of TWB	80% of TWB	1.3%	4.3%
80% of TWB	Y**	2.4%	5.4%

*X = the greater of \$10,000 or 20% of the TWB

**Y = any amount more than 80% of the TWB but less than 100% of the TWB.

If the Integration Level used is equal to the Taxable Wage Base (TWB), the applicable percentage is 2.7% for years in which the Plan is Top-Heavy and 5.7% for years in which the Plan is not Top-Heavy.

- (f) Excess Contribution Percentage is the percentage of compensation contributed for each Participant on such Participant's Compensation in excess of the Integration Level.
- (g) Overall Permitted Disparity Limits:
 (1) Annual Overall Permitted Disparity Limit: Notwithstanding the preceding paragraphs, for any Plan Year this Plan benefits any Participant who benefits under another qualified plan or simplified employee pension, as defined in section 408(k) of the Code, maintained by the Employer that provides for permitted disparity (or imputes disparity) Employer Contributions and forfeitures will be allocated to the account of each Participant who either completes more than 500 hours (or such lesser number as provided in the Adoption Agreement; or for a Plan where the Elapsed Time Method is being used, a completion of 3 consecutive calendar months is required.) of service during the Plan Year or who is employed on the last day of the Plan Year in the ratio that such Participant's total Compensation bears to the total Compensation of all Participants.
 (2) Cumulative Permitted Disparity Limit: Effective for Plan Years beginning on or after January 1, 1995, the Cumulative Permitted Disparity Limit for a Participant is 35 total cumulative permitted disparity years. Total cumulative permitted years means the number of years credited to the Participant for allocation or accrual purposes under this Plan, any other qualified plan or simplified employee pension plan (whether or not terminated) ever maintained by the employer. For purposes of determining the Participant's Cumulative Permitted Disparity Limit, all years ending in the same calendar year are treated as the same year. If the participant has not benefited under a defined benefit or target benefit plan for any year beginning on or after January 1, 1994, the Participant has no cumulative disparity limit.

3.05 Employer Money Purchase Contribution - Integrated:

- (a) Top-Heavy Plans - For years in which the Employer maintains a Top-Heavy Plan, the Employer will contribute an amount equal to the Base Contribution Percentage specified in the Adoption Agreement (but not less than 3%) of each Participant's Compensation (as defined in Section 14.38 of the Plan) for the Plan Year, up to the Integration Level, plus the Excess Contribution Percentage specified in the Adoption Agreement (not less than 3% and not to exceed the Base Contribution Percentage by more than the lesser of: (1) the Base Contribution Percentage, or (2) the Money Purchase Maximum Disparity Rate) of such Participant's Compensation in excess of the Integration Level.
- (b) Non-Top-Heavy Plans - For years in which the Employer does not maintain a Top-Heavy Plan, the Employer will contribute an amount equal to the Base Contribution Percentage selected in the Adoption Agreement of each Participant's Compensation (as defined in Section 14.38 of the Plan) for the Plan Year, up to the Integration Level plus the Excess Contribution Percentage specified in the Adoption Agreement (not to exceed the Base Contribution Percentage by more than the lesser of: (1) the Base Contribution Percentage, or (2) the Money Purchase Disparity Rate) of such Participant's Compensation in excess of the Integration Level.
- (c) The Integration Level shall be equal to the Taxable Wage Base or such lesser amount elected by the Employer in the Adoption Agreement. The Taxable Wage Base is the maximum amount of earnings which may be considered wages for a year under section 3121(a)(1) of the Code in effect as of the beginning of the Plan Year.
- (d) The Money Purchase Maximum Disparity Rate is equal to the lesser of:
 (1) 5.7%, or

(2) the applicable percentage determined in accordance with the table below.

<i>If the Integration Level is more than</i>	<i>But not more than</i>	<i>the applicable percentage is:</i>
\$0	X*	5.7%
X* of TWB	80% of TWB	4.3%
80% of TWB	Y**	5.4%

*X = the greater of \$10,000 or 20% of the TWB

**Y = any amount more than 80% of the TWB but less than 100% of the TWB.

If the Integration Level used is equal to the Taxable Wage Base (TWB), the applicable percentage is 5.7%.

(e) Overall Permitted Disparity Limit:

(1) Annual Overall Permitted Disparity Limit: Notwithstanding the preceding paragraph, for any Plan Year this Plan benefits any Participant who benefits under another qualified plan or simplified employee pension, as defined in section 408(k) of the Code, maintained by the Employer that provides for permitted disparity (or imputes disparity), the Employer will contribute for each Participant who either completes more than 500 hours of service during the Plan Year or is employed on the last day of the Plan Year an amount equal to the excess contribution percentage multiplied by the Participant's total Compensation.

(2) Cumulative Permitted Disparity Limit: Effective for Plan Years beginning on or after January 1, 1995, the Cumulative Permitted Disparity Limit for a Participant is 35 total cumulative permitted disparity years. Total cumulative permitted years means the number of years credited to the Participant for allocation or accrual purposes under this Plan, any other qualified plan or simplified employee pension plan (whether or not terminated) ever maintained by the Employer. For purposes of determining the Participant's Cumulative Permitted Disparity Limit, all years ending in the same calendar year are treated as the same year. If the Participant has not benefited under a defined benefit or target benefit plan for any year beginning on or after January 1, 1994, the Participant has no cumulative disparity limit.

(f) The allocation of the Employer Money Purchase contributions under this Section 3.05 may include forfeitures, if elected by the Employer in the Adoption Agreement.

3.06 Cross-Testing Allocation Formulas: (This section applies to Non-Standardized Plans only.)

- a) If elected by the Employer in the Adoption Agreement, the Employer will determine the total amount of contributions for each Plan Year and either (1) allocate such total amount to participant groups (the "Participant Group Allocation method"), or (2) allocate such total amount using age weighted allocation rates (the "Age Weighted Allocation method"). Employer contributions will be allocated to each eligible Employee. In addition, the Employer must notify the Trustee in writing of the amount of the Employer Contribution for each separate allocation rate group.
- b) Participant Group Allocation method. If the Employer has elected the Participant Group Allocation method in the Adoption Agreement, each eligible Employee of the Employer will constitute a "separate allocation group" for purposes of allocating contributions. Only a limited number of allocation rates (defined below) are permitted, and the number of allocation rates cannot be greater than the maximum allowable number of allocation rates. The maximum allowable number of allocation rates is equal to the sum of the allowable number of allocation rates for eligible Nonhighly Compensated Employees (eligible NHCEs) and the allowable number of allocation rates for eligible Highly Compensated Employees (eligible HCEs). The allowable number of allocation rates for eligible HCEs is equal to the number of eligible HCEs, limited to 25. The allowable number of NHCE allocation rates depends on the number of eligible NHCEs, limited to 25.
- 1) The allocation will be made as follows: First, the total amount of contributions is allocated among the deemed aggregated allocation groups in portions determined by the Employer. A deemed aggregated allocation group consists of all of the separate allocation groups that have the same allocation rate. Second, within each deemed aggregated allocation group, the allocated portion is allocated to each Employee in the ratio that such Employee's Compensation, as defined in section 14.38 of the Plan, bears to the total Compensation of all Employees in the group. An allocation rate is the amount of contributions allocated to an Employee for a year, expressed as a percentage of Compensation, as defined in section 14.38 of the Plan. The number of eligible NHCEs to which a particular allocation rate applies must reflect a reasonable classification of Employees, and no Employee can be assigned to more than one deemed aggregated allocation group for a Plan Year.
 - 2) For plans with only one or two eligible NHCEs, the allowable number of NHCE allocation rates is one. For plans with 3 to 8 eligible NHCEs, the allowable number of NHCE allocation rates cannot exceed two. For plans with 9 to 11 eligible NHCEs, the allowable number of NHCE allocation rates cannot exceed three. For plans with 12 to 19 eligible NHCEs, the allowable number of NHCE allocation rates cannot exceed four. For plans with 20 to 29 eligible NHCEs, the allowable number of NHCE allocation rates cannot exceed five. For plans with 30 or more eligible NHCEs, the allowable number of NHCE allocation rates cannot exceed the number of eligible NHCEs divided by five (rounded down to the next whole number if the result of dividing is not a whole number), but shall not exceed 25.
- c) Age-Weighted Allocation Formula:
If the Age Weighted Allocation method is elected in the Adoption Agreement, the total Employer contribution will be allocated to each eligible Employee such that the equivalent benefit accrual rate for each Participant is identical. The equivalent benefit accrual rate is the annual annuity commencing at the participant's testing age, expressed as a percentage of the participant's compensation as defined in section 14.38 of the Plan which is provided from the allocation of Employer contributions and forfeitures for the Plan Year, using standardized actuarial assumptions that satisfy 1.401(a)(4)-12 of the Income Tax Regulations. The Employee's testing age is the later of Normal Retirement Age, or the Employee's current age.
- d) The allocation methodology used in determining an Employee's individual allocation will satisfy one of the following three allocation rules, as selected in the Adoption Agreement.
- (1) Minimum Allocation Gateway: Any allocation of contributions must satisfy the minimum allocation gateway: Each eligible NHCE must have an allocation rate (defined above) that is not less than the lesser of 5%, or one-third of the allocation rate of the HCE with the highest allocation rate.

- (2) Broadly Available Allocation Rates: Each allocation rate will be currently available (within the meaning of section 1.401(4)-4(b)(2)) to a group of Employees that satisfies section 410(b) without regard to the average benefit percentage test. If two allocation rates are permissively aggregated under section 1.401(a)(4)-4(d)(4), they are aggregated and treated as a single allocation rate. The disregard of the age and service conditions of section 1.401(a)(4)-4(b)(2)(ii)(A) does not apply for purposes of this paragraph. The allocation rate for each group of Employees will be selected in the Adoption Agreement.
- (3) Gradually increasing age or service schedule. Each allocation rate increases smoothly at regular intervals within a series of bands based solely on age, based solely on years of service, based on both age and years of service, or based on the number of points representing the sum of age and service (age and service Points), as designated in the Adoption Agreement, such that the same allocation rate applies to all Employees whose age, years of service, or age and service points are within each band. If age-only bands are used, all Participants younger than age 25 are deemed to be in the first band. If age-only bands are used, all Participants younger than age 25 are deemed to be in the first band. If the age and service point band is used, all Participants with a sum of age and service that is less than 25 are deemed to be in the first band.
- (4) Employer Contributions designated for a particular Allocation Group will be allocated only to Participants in that Allocation Group. The allocation for each Participant in the Allocation Group is determined by multiplying the Contribution to be allocated by the following fraction:

$$\frac{\text{Participant's Compensation}}{\text{The Compensation of all Participants in the Allocation Group}}$$
- (5) Employer Contributions not designated for a particular Allocation Group will be allocated to all Participants. The allocation for each Participant is determined by multiplying the Contribution to be allocated under this paragraph by the following fraction:

$$\frac{\text{Participant's Compensation}}{\text{The Compensation of all Participants}}$$
- (6) Forfeitures allocated as Employer Contributions shall be allocated in accordance with Section 5.10(c)(3) above.
- (7) Operation of IRC §415 Limits. If any amount designated for an Allocation Group cannot be allocated to a particular Participant within the Allocation Group because of the limits applied by IRC §415, the excess amount shall be allocated to the remaining Participant(s) within the Allocation Group, using the same allocation fraction except that the Participant or Participants who have reached the IRC §415 limit are disregarded in the denominator of the fraction. If all Participants within the Allocation Group have reached the IRC §415 limit, and there remains an unallocated portion of the Contribution designated for the Allocation Group, the unallocated portion will be allocated in accordance with Section 5.10(c)(3) above, unless other provisions of the Plan require disposition of the excess amount in another manner.

3.07 **Timing of Employer Contributions:** For purposes of this Article III, any Employer Contributions to the Plan for a given Plan Year made after the close of the Plan Year but by the due date of the Employer's federal income tax return, including extensions, will be considered to have been made on the last Valuation Date of such Plan Year. All contributions must be made in cash unless otherwise permitted by the Code and the regulations thereunder and agreed to by the Trustee or Custodian.

3.08 **Correction of Allocations:**

- (a) In the event that the Plan Administrator learns that allocations have not been made on behalf of an Employee for whom an allocation should have been made pursuant to the terms of this Plan, the Participant's account for such Employee shall be restored to its proper balance as soon as is reasonably possible. Restoration may be accomplished by allocating to the account amounts necessary to restore the account from the following sources:
 - (1) First, from forfeitures for the Plan Year in which the account is restored;
 - (2) Next, from Employer Contributions for the Plan Year in which the account is restored.
 - (3) Finally, from additional Employer Contributions.
- (b) In the event that the Plan Administrator learns that contributions or allocations have been made on behalf of an Employee for whom allocations should not have been made pursuant to the terms of the Plan; and if such contributions were made pursuant to a mistake of fact, such contributions shall be returned to the Employer within one year of the contributions. Earnings attributable to the mistaken contribution shall not be returned to the Employer, but losses attributable to the mistaken contribution shall reduce the amount to be returned to the Employer.

3.09 **Special Nondiscrimination Allocation:**

With respect only to nonstandardized plans and notwithstanding any provision of the Plan or Adoption Agreement to the contrary, for Plan Years beginning after December 31, 1989, if the Plan would otherwise fail to satisfy the requirements of Section 410(b)(1) (A) and (B) of the Code and the regulations thereunder because the Plan fails to satisfy the ratio percentage tests described in Section 410(b)(1) of the Code as of the last day of any such Plan Year, an additional contribution shall be made by the Employer and shall be allocated to the Employer Accounts of affected Participants subject to the following provisions. The ratio percentage test is satisfied if on the last day of the Plan Year, taking into account all employees or former employees who were employed by the Employer on any day during the Plan Year, either the Plan benefits at least 70 percent of Employees who are not Highly Compensated Employees or the Plan benefits a percentage of Employees who are not Highly Compensated Employees which is at least 70 percent of the percentage of Highly Compensated Employees, benefiting under the Plan.

- (a) The Participants eligible to share in the allocation of the Employer's contribution shall be expanded to include the minimum number of Participants who are not otherwise eligible to the extent necessary to satisfy the applicable test under the relevant Section of the Code. The specific Participants who shall become eligible are those Participants who are actively employed on the last day of the Plan Year who have completed the greatest number of Hours of Service and earned the greatest amount of compensation during the Plan Year.
- (b) If the applicable test is still not satisfied, the Participants eligible to share in the allocation shall be further expanded to include the minimum number of Participants who are not employed on the last day of the Plan Year as are necessary to satisfy the applicable test. The specific Participants who shall become eligible are those Participants who have completed the greatest number of Hours of Service during the Plan Year.
- (c) A Participant's accrued benefit shall not be reduced by any reallocation of amounts that have previously been allocated. To the extent necessary,

the Employer shall make an additional contribution equal to the amount such affected Participants would have received if they had originally shared in the allocations without regard to the deductibility of the contribution. Any adjustment to the allocations pursuant to this paragraph shall be considered a retroactive amendment adopted by the last day of the Plan Year.

3.10 Uniform Points Allocation Formula: With respect only to nonstandardized plans and if elected in the Adoption Agreement, the Employer shall allocate contributions and forfeitures, pursuant to the Uniform Points Allocation Formula selected.

3.11 Contribution Allocation for Davis Bacon Act Plans: If so elected in the Adoption Agreement, the following special rules shall apply:

- (a) Prevailing Wage Employee shall mean any person employed by the Employer who is working on a public construction project that is subject to the Davis-Bacon Act (40 U.S.C. Section 276(a) et. seq.) or any similar federal, state, local or municipal statute that requires the Employer to pay its employees on that project at wage rates not less than those determined to be prevailing wage rates in the geographical area where that project is located.
- (b) Notwithstanding any provision of the Plan to the contrary, each year that a Prevailing Wage Employee is eligible to share in contributions, the Employer will contribute to the Plan an amount equal to the balance of the prevailing wage and fringe benefit payment for health and welfare as set forth on the Secretary of Labor's Register of Wage Determinations under the Davis-Bacon Act or any similar federal, state, local or municipal statute that requires the Employer to pay its Employees on that project at wage rates not less than those determined to be prevailing wage rates in the geographical area where that project is located, as in effect for the particular contract under which the Prevailing Wage Employee is performing services after deducting the amount of wages, if so permitted under such statute, and the cost of providing health and welfare and/or fringe benefits including any differential payments. The annual amount of such contribution shall be an amount contributed for each hour a Participant works which corresponds to the Participant's job classification and the construction project where the work was performed. The total contributions for any Participant for any Plan Year will not exceed 25% of that Participant's Compensation for that Plan Year. Such allocation shall be described in the Adoption Agreement.

ARTICLE IV EMPLOYEE CONTRIBUTIONS

4.01 Rollover and Transfer Contributions: If so elected in the Adoption Agreement, the Plan may accept rollover and/or transfer contributions. Such Rollover and/or transfer may be made by an Employee who has not become a Participant under the Plan, if elected by the Employer in the Adoption Agreement. The Plan Administrator may require written documentation that such rollover and/or transfer would qualify as an allowable transfer or rollover contribution by the Participant. Such rollover and transfer contributions shall be made without regard to the limitations specified in Section 14.41 of the Plan.

4.02 Employee Nondeductible Contributions:

- (a) If elected in the Adoption Agreement, this Plan will accept Employee Nondeductible Contributions and/or Employee Mandatory Contributions. Employee Nondeductible Contributions for Plan Years beginning after December 31, 1986, together with any matching contributions as defined in section 401(m) of the Code, will be limited so as to meet the nondiscrimination test of section 401(m).
- (b) If this Plan accepts Employee Nondeductible Contributions for any Plan Year, one of the following provisions must be adopted uniformly by the Plan Administrator for such Plan Years:
 - (1) A separate account or separate accounting will be maintained by the Trustee for the Employee Nondeductible and/or Mandatory Contributions of each Participant; or
 - (2) The account balance derived from Employee Nondeductible and/or Mandatory Contributions is the Employee's total account balance multiplied by a fraction, the numerator of which is the total amount of Employee Nondeductible Contributions less withdrawals and the denominator of which is the sum of the numerator and the total contributions made by the Employer on behalf of the Employee less withdrawals. For this purpose, contributions include contributed amounts used to provide ancillary benefits and withdrawals include only amounts distributed to the Employee and do not reflect the cost of any death benefits.
- (c) Employee Nondeductible and/or Mandatory Contributions and earnings thereon will be nonforfeitable at all times.
- (d) The amount and any limitations for Employee Nondeductible and/or Mandatory Contributions shall be disclosed prior to the Employee's Entry Date.

4.03 Deductible Voluntary Employee Contributions: The Plan Administrator will not accept deductible employee contributions which are made for a taxable year beginning after December 31, 1986. Contributions made prior to that date will be maintained in a separate account which will be nonforfeitable at all times. The account will share in the gains and losses under the Plan in the same manner as described in the Trust/Custodial Agreement. No part of the deductible voluntary contribution account will be used to purchase life insurance. Subject to Article X, Joint and Survivor Annuity requirements (if applicable), the Participant may withdraw any part of the deductible voluntary contribution account by making a written application to the Plan Administrator.

ARTICLE V VESTING AND FORFEITURES

5.01 Vested Account Balances:

- (a) A Participant's accounts consisting of Employee Nondeductible Contributions, rollover/transfer contributions, and deductible employee contributions, as adjusted for any earnings and losses, shall be fully vested and nonforfeitable at all times.
- (b) A Participant's vested interest in his or her Employer Contribution Account shall be determined according to the vesting schedule specified in the Adoption Agreement or in Section 11.01. Notwithstanding any such vesting schedule, a Participant's Employer Contribution Account shall be fully vested at Disability, Death and at Normal or Early Retirement Age.

5.02 Vesting at Termination:

- (a) When a Participant's employment is terminated for any reason, the vested interest in his or her Participant's accounts shall be determined pursuant to Section 5.01. The Participant's vested interest in such accounts will become distributable in accordance with Article X. Any unvested amount will become a "Forfeiture", and will be allocated pursuant to Section 5.07.

- (b) If a Participant terminates employment and elects to receive less than his or her entire vested interest in the Plan (pursuant to Section 5.04(b)) derived from Employer contributions, the part of the nonvested portion that will be a Forfeiture is the total nonvested portion multiplied by a fraction, the numerator of which is the amount of the distribution attributable to Employer Contributions and the denominator of which is the total value of the vested interest on the Participant's Employer Contribution Account.

5.03 Computation of Vested Account Balance:

- (a) Service will be computed on the basis designated by the Employer in the Adoption Agreement or specified in Section 11.01. Except where specifically excluded under this Article V, all of the Employee's Year of Service will be taken into account for purposes of vesting, including (1) Years of service for employment with an employer required to be aggregated with the Employer under section 414(b), (c), (m), or (o) of the Code; (2) Years of Service for an employee required under section 414(n) or 414(o) of the Code to be considered any employee of any employer aggregated with the Employer under section 414(b), (c), or (m) of the Code; (3) Years of Service with the predecessor Employer, if the Adoption Agreement allows and the Employer so specifies; and (4) Years of Service with the predecessor employer during the time a qualified plan was maintained, if the Adoption Agreement allows and the Employer so specifies.
- (b) The Employer shall designate in the Adoption Agreement the period described in either (1) or (2) below as the Vesting Computation Period:
 - (1) For purposes of computing the Employee's nonforfeitable right to the account balance derived from Employer Contributions, Years of Service and Breaks in Service will be measured by the Plan Year.
 - (2) For purposes of determining Years of Service and Breaks in Service for purposes of computing an Employee's nonforfeitable right to the account balance derived from Employer Contributions, the 12-consecutive month period will commence on the date the Employee first performs an Hour of Service and each subsequent 12-consecutive month period will commence on the anniversary of such date.
- (c) In the case of a Participant who has incurred a 1-year Break in Service, Years of Service before such break will not be taken into account until the Participant has completed a Year of Service after such Break in Service.

5.04 Distributions and Deemed Distributions:

- (a) If an Employee terminates service, and the value of the Employee's vested account balance derived from Employer and Employee Contributions is not greater than \$5,000 (or such lesser amount as selected by the Employer in the Adoption Agreement), the Employee will receive a distribution of the value of the entire vested portion of such account balance and the nonvested portion will be treated as a forfeiture. If an Employee would have received a distribution under the preceding sentence but for the fact that the Employee's vested account balance exceeded \$5,000 (or such lesser amount as selected by the Employer in the Adoption Agreement) when the Employee terminated service and if at a later time such account balance is reduced such that if is not greater than \$5,000 (or such lesser amount as selected by the Employer in the Adoption Agreement), the Employee will receive a distribution of such account balance and the nonvested portion will be treated as a forfeiture. For purposes of this section, if the value of an Employee's vested account balance is zero, the Employee shall be deemed to have received a distribution of such vested account balance. A Participant's vested account balance shall not include: (1) accumulated deductible employee contributions within the meaning of section 72(o)(5)(B) of the Code for Plan Years beginning prior to January 1, 1989, and (2) if elected by the Employer in the Adoption Agreement, the portion of the amount balance that is attributable to rollover contributions (and earnings allocable thereto) within the meaning of §402(c), 403(a)(4), 403(b)(8), 408(d)(3)(A)(ii), and 457(e)(16) of the Code.
- (b) If an Employee terminates service, and elects, in accordance with the requirements of Section 10.03, to receive the value of the Employee's vested account balance, the nonvested portion will be treated as a forfeiture. If the Employee elects to have distributed less than the entire vested portion of the account balance derived from Employer Contributions, the part of the nonvested portion that will be treated as a forfeiture is the total nonvested portion multiplied by a fraction, the numerator of which is the amount of the distribution attributable to Employer Contributions and the denominator of which is the total value of the vested Employer derived account balance.
- (c) If forfeitures are delayed pursuant to Section 5.07(d) of the Plan, and a distribution is made at a time when a Participant has a nonforfeitable right to less than 100 percent of the account balance derived from Employer Contributions and the Participant may increase the nonforfeitable percentage in the account:
 - (1) A separate account will be established for the Participant's interest in the Plan as of the time of the distribution, and
 - (2) At any relevant time the Participant's nonforfeitable portion of the separate account will be equal to an amount ("X") determined by the formula:

$$X = P(AB + (R \times D)) - (R \times D)$$

For purposes of applying the formula: P is the nonforfeitable percentage at the relevant time, AB is the account balance at the relevant time, D is the amount of the distribution, and R is the ratio of the account balance at the relevant time to the account balance after distribution.

5.05 Buyback Provisions:

- (a) If a former Participant is reemployed by the Employer before the former Participant incurs five consecutive 1-year Breaks in Service, and such former Participant has received a distribution of all or any portion of the vested amount in his account derived from Employer Contributions prior to his reemployment, any forfeited amounts shall be restored to the amount on the date of distribution if he repays the full amount distributed to him, other than his Employee Nondeductible Contributions and his rollover and transfer contributions, before the earlier of 5 years after the first date on which the Participant is subsequently reemployed by the Employer, or the date the Participant incurs five consecutive 1-year Breaks in Service after the date of the distribution.
- (b) If a former Participant is reemployed by the Employer before the former Participant incurs five consecutive 1-year Breaks in Service, and such former Participant was deemed to have received a distribution of the entire vested amount in his account prior to his reemployment, he shall be deemed to have repaid the amount of the deemed distribution, and any amounts forfeited on the date of deemed distribution shall be restored.

5.06 Vesting for Pre-Break and Post-Break Account: In the case of a Participant who has 5 or more consecutive 1-year Breaks in Service, all service after such Breaks in Service will be disregarded for the purpose of vesting the employer-derived account balance that accrued before such Breaks in Service. Such Participant's pre-break service will count in vesting the post-break employer-derived account balance only if either:

- (a) such Participant has any nonforfeitable interest in the account balance attributable to Employer Contributions at the time of separation from service; or
- (b) upon returning to service, the number of consecutive 1-year Breaks in Service is less than the number of Years of Service.

Separate accounts will be maintained for the Participant's pre-break and post-break employer derived account balance. Both accounts will share in the earnings and losses of the fund.

5.07 Treatment and Allocations of Forfeitures:

- (a) Pursuant to the Employer's election in the Adoption Agreement, forfeitures under this Plan shall be treated as follows:
 - (1) Any forfeitures will be allocated to Participants in the manner described in Article III;
 - (2) Any forfeitures occurring will reduce Employer Contributions for the next Plan Year; or
 - (3) If the Employer has adopted a Profit-Sharing Plan which contains a cash or deferred arrangement, any forfeitures occurring will reduce Employer Matching Contributions and any remainder allocated in addition to Employer Contributions.
 - (4) If elected by the Employer in the Adoption Agreement, forfeitures occurring in a Plan Year for which an integrated allocation formula is maintained may be allocated based on a ratio of the Participant's Compensation to the total Compensation of the Plan's Participants.
- (b) Notwithstanding the Employer's election in the Adoption Agreement, before allocations are made pursuant to 5.07(a) above, forfeitures may first be used to restore Participant's accounts pursuant to Sections 5.05 and 5.07(d) of the Plan; next to reduce administrative expenses; and the remainder allocated pursuant to (1), (2), (3) or (4) above.
- (c) If the Plan provides for an integrated contribution formula, forfeitures will be allocated in accordance with the allocation formula under the Plan.
- (d) Forfeitures arising because a Participant incurs 5 consecutive 1-year Breaks in Service shall be allocated as of the last day of the Plan Year in which the 5th such one year Break in Service occurs. Forfeitures arising under Section 5.04 because of a total or partial distribution of a Participant's vested benefit, shall be allocated pursuant to the Employer's election in the Adoption Agreement as of the last day of the Plan Year which is concurrent with or next follows the:
 - (1) Employee's termination of employment;
 - (2) Employee having incurred a 1-year Break in Service;
 - (3) Employee having incurred 2 consecutive 1-year Breaks in Service; or
 - (4) Employee having incurred 5 consecutive 1-year Breaks in Service.

5.08 Forfeitures - Withdrawal of Employee Contributions: No Forfeitures will occur solely as a result of an Employee's withdrawal of Employee Contributions.

5.09 Missing Participants: If a benefit is forfeited because the Participant or Beneficiary cannot be found, such benefit will be reinstated if a claim is made by the Participant or Beneficiary.

**ARTICLE VI
LIMITATIONS ON ALLOCATIONS**

6.01 No Participation in Another Qualified Plan:

- (a) If the Participant does not participate in, and has never participated in another qualified plan maintained by the Employer, or a welfare benefit fund, as defined in section 419(e) of the Code maintained by the Employer, or an individual medical account, as defined in section 415(l)(2) of the Code, maintained by the Employer, or a simplified employee pension, as defined in section 408(k) of the Code, maintained by the Employer, which provides an Annual Addition as defined in Section 14.37 of the Plan, the amount of Annual Additions which may be credited to the Participant's account for any Limitation Year will not exceed the lesser of the Maximum Permissible Amount or any other limitation contained in this Plan. If the Employer Contribution that would otherwise be contributed or allocated to the Participant's account would cause the Annual Additions for the Limitation Year to exceed the Maximum Permissible Amount, the amount contributed or allocated will be reduced so that the Annual Additions for the Limitation Year will equal the Maximum Permissible Amount.
- (b) Prior to determining the Participant's actual Compensation for the Limitation Year, the Employer may determine the Maximum Permissible Amount for a Participant on the basis of a reasonable estimation of the Participant's Compensation for the Limitation Year, uniformly determined for all Participants similarly situated.
- (c) As soon as administratively feasible after the end of the Limitation Year, the Maximum Permissible Amount for the Limitation Year will be determined on the basis of the Participant's actual Compensation for the Limitation Year.
- (d) If pursuant to Section 6.01(c) or as a result of the allocation of forfeitures, there is an excess amount the excess will be disposed of as follows:
 - (1) Any nondeductible voluntary employee contributions (plus attributable earnings), to the extent they would reduce the excess amount, will be returned to the Participant;
 - (2) If after the application of subparagraph (1) an excess amount still exists, any elective deferrals (plus attributable earnings), to the extent they would reduce the excess amount, will be distributed to the Participant;
 - (3) If after the application of subparagraph (2) an excess still exists, and the Participant is covered by the Plan at the end of the Limitation Year, the excess amount in the Participant's account will be used to reduce Employer Contributions (including any allocation of forfeitures) for such Participant in the next Limitation Year, and each succeeding Limitation Year if necessary.
 - (4) If after the application of subparagraph (2) an excess amount still exists, and the Participant is not covered by the Plan at the end of a Limitation Year, the excess amount will be held unallocated in a suspense account. The suspense account will be applied to reduce future Employer Contributions for all remaining Participants in the next Limitation Year, and each succeeding Limitation Year if necessary;
 - (5) If a suspense account is in existence at any time during a Limitation Year pursuant to this Section, it will not participate in the allocation of the trust's investment gains and losses. If a suspense account is in existence at any time during a particular Limitation Year, all amounts in the suspense account must be allocated and reallocated to Participant's accounts before any Employer Contributions or any Employee Contributions may be made to the Plan for that Limitation Year. Excess amounts may not be distributed to Participants or former Participants.
- (e) Notwithstanding the correction method specified in 6.01(d) above, a distribution of elective deferrals will be made to the extent that such distribution would reduce the excess amounts in the participant's account.

6.02 Participation in Another Master or Prototype Plan:

- (a) This Section applies if, in addition to this Plan, the Participant is covered under another qualified Master or Prototype Defined Contribution Plan maintained by the Employer, a welfare benefit fund maintained by the Employer, an individual medical account maintained by the Employer, or a simplified employee pension maintained by the Employer, that provides an Annual Addition as defined in Section 14.37 of the Plan, during any Limitation Year. The Annual Additions which may be credited to a Participant's account under this Plan for any such Limitation Year will not exceed the Maximum Permissible Amount reduced by the Annual Additions credited to a Participant's account under the other qualified Master and Prototype defined contribution plans, welfare benefit funds, individual medical account, and simplified employee pensions for the same Limitation Year. If the Annual Additions with respect to the Participant under other qualified Master and Prototype defined contribution plans and welfare benefit funds, individual medical accounts, and simplified employee pensions maintained by the Employer are less than the Maximum

Permissible Amount and the Employer Contribution that would otherwise be contributed or allocated to the Participant's account under this Plan would cause the Annual Additions for the Limitation Year to exceed this limitation, the amount contributed or allocated will be reduced so that the Annual Additions under all such plans and funds for the Limitation Year will equal the Maximum Permissible Amount. If the Annual Additions with respect to the Participant under such other qualified Master and Prototype defined contribution plans, welfare benefit funds, individual medical accounts, and simplified employee pensions in the aggregate are equal to or greater than the Maximum Permissible Amount, no amount will be contributed or allocated to the Participant's account under this Plan for the Limitation Year.

- (b) Prior to determining the Participant's actual Compensation for the Limitation Year, the Employer may determine the Maximum Permissible Amount for a Participant in the manner described in Section 6.01(b).
 - (c) As soon as administratively feasible after the end of the Limitation Year, the Maximum Permissible Amount for the Limitation Year will be determined on the basis of the Participant's actual Compensation for the Limitation Year.
 - (d) If, pursuant to Section 6.02(c) or as a result of the allocation of forfeitures, a Participant's Annual Additions under the Plan and such other plans would result in an excess amount for a Limitation Year, the excess amount will be deemed to consist of the Annual Additions last allocated, except that Annual Additions attributable to a simplified employee pension will be deemed to have been allocated first, followed by Annual Additions to a welfare benefit fund or individual medical account, regardless of the actual allocation date.
 - (e) If an excess amount was allocated to a Participant on an allocation date of this plan which coincides with an allocation date of another plan, the excess amount attributed to this plan will be the product of,
 - (1) the total excess amount allocated as of such date, times
 - (2) the ratio of (A) the Annual Additions allocated to the Participant for the Limitation Year as of such date under this Plan to (B) the total Annual Additions allocated to the Participant for the Limitation Year as of such date under this and all the other qualified Master or Prototype defined contribution plans.
 - (f) Any excess amount attributed to this Plan will be disposed in the manner described in Section 6.01(d).
- 6.03 **Participation in Another Defined Contribution Plan Which is Not a Master or Prototype Plan:** If the Participant is covered under another qualified defined contribution plan maintained by the Employer which is not a Master or Prototype Plan, Annual Additions which may be credited to the Participant's account under this Plan for any Limitation Year will be limited in accordance with Section 6.02(a) through 6.02(f) as though the other plan were a Master or Prototype Plan unless the Employer provides other limitations in the "Overriding Language for Multiple Plans" Section of the Adoption Agreement.
- 6.04 **Participation in a Defined Benefit Plan:** If the Employer maintains, or at any time maintained, a qualified defined benefit plan covering any Participant in this Plan, the sum of the Participant's Defined Benefit Plan Fraction and Defined Contribution Plan Fraction will not exceed 1.0 in any Limitation Year. The Annual Additions which may be credited to the Participant's account under this Plan for any Limitation Year will be limited in accordance with the "Overriding Language for Multiple Plans" Section of the Adoption Agreement. This Section 6.04 does not apply for Limitation Years beginning on or after January 1, 2000.

ARTICLE VII ADMINISTRATION OF PLAN

- 7.01 **Responsibilities of Employer:** The Employer shall have the following responsibilities with respect to administration of the Plan:
- (a) The Employer shall appoint a Plan Administrator to administer the Plan. In absence of such an appointment, the Employer shall serve as Plan Administrator. The Employer may remove and reappoint a Plan Administrator from time to time.
 - (b) The Employer may in its discretion appoint an Investment Manager to manage all or a designated portion of the assets of the Plan. In such event, the Trustee shall follow the directive of the Investment Manager in investing the assets of the Plan managed by the Investment Manager.
 - (c) The Employer shall, formally or informally, review the performance from time to time of persons appointed by it or to which duties have been delegated by it, such as the Trustee, and Plan Administrator.
 - (d) The Employer shall supply the Plan Administrator in a timely manner with all information necessary for it to fulfill its responsibilities under the Plan. The Plan Administrator may rely upon such information and shall have no duty to verify it.
- 7.02 **Rights and Responsibilities of Plan Administrator:** The Plan Administrator shall administer the Plan according to its terms for the exclusive benefit of Participants, former Participants, and their Beneficiaries.
- (a) The Plan Administrator's responsibilities shall include but not be limited to the following:
 - (1) Determining all questions relating to the eligibility of Employees to participate or remain Participants hereunder.
 - (2) Computing, certifying and directing the Trustee with respect to the amount and form of benefits to which a Participant may be entitled hereunder.
 - (3) Authorizing and directing the Trustee with respect to disbursements from the Trust Fund.
 - (4) Maintaining all necessary records for administration of the Plan.
 - (5) Interpreting the provisions of the Plan and preparing and publishing rules and regulations for the Plan which are not inconsistent with its terms and provisions.
 - (6) Complying with any reporting, disclosure and notice requirements of the Code and ERISA.
 - (b) In order to fulfill its responsibilities, the Plan Administrator shall have all powers necessary or appropriate to accomplish his duties under the Plan, including the power to determine all questions arising in connection with the administration, interpretation and application of the Plan. Any such determination shall be conclusive and binding upon all persons. However, all discretionary acts, interpretations and constructions shall be done in a nondiscriminatory manner based upon uniform principles consistently applied. No action shall be taken which would be inconsistent with the intent that the Plan remain qualified under section 401(a) of the Code. The Plan Administrator is specifically authorized to employ or retain suitable employees, agents, and counsel as may be necessary or advisable to fulfill its responsibilities hereunder, and to pay their reasonable compensation, which shall be reimbursed from the Trust Fund if not paid by the Employer within thirty days after the Plan Administrator advises the Employer of the amount owed.
 - (c) The Plan Administrator shall serve as the designated agent for legal process under the Plan.
- 7.03 **Benefit Claims Procedure:**
- (a) Any claim for benefits under the Plan shall be made in writing to the Plan Administrator. If such claim for benefits is wholly or partially denied, the Plan Administrator shall, within thirty (30) days after receipt of the claim, notify the Participant or Beneficiary of the denial of the claim. Such

notice of denial shall:

- (1) be in writing;
 - (2) be written in a manner calculated to be understood by the Participant or Beneficiary, and
 - (3) contain:
 - (A) the specific reason or reasons for denial of the claim,
 - (B) a specific reference to the pertinent Plan provisions upon which the denial is based,
 - (C) a description of any additional material or information necessary to perfect the claim, along with an explanation of why such material or information is necessary, and
 - (D) an explanation of the claim review procedure in accordance with the provisions of this Article.
- (b) Within sixty (60) days after the receipt by the Participant or Beneficiary of a written notice of denial of the claim, or such later time as shall be deemed reasonable taking into account the nature of the benefit subject to the claim and any other attendant circumstances, the Participant or Beneficiary may file a written request with the Plan Administrator that it conduct a full and fair review of the denial of the claim for benefits.
- (c) The Plan Administrator shall deliver to the Participant or Beneficiary a written decision on the claim within thirty (30) days after the receipt of the aforementioned request for review, except that if there are special circumstances (such as the need to hold a hearing, if necessary) which require an extension of time for processing, the aforementioned thirty (30) day period shall be extended to sixty (60) days. Such decisions shall:
 - (1) be written in a manner calculated to be understood by the Participant or Beneficiary,
 - (2) include the specific reason or reasons for the decision, and
 - (3) contain a specific reference to the pertinent Plan provisions upon which the decision is based.
- (d) The decision of the Plan Administrator shall be final and binding on all parties, unless determined by a court of competent jurisdiction to be arbitrary and capricious.

ARTICLE VIII TOP HEAVY PROVISIONS

- 8.01 **In General:** If the Plan is or becomes Top-Heavy in any Plan Year beginning after December 31, 1983, the provisions of this Article will supersede any conflicting provisions in the Plan or Adoption Agreement.
- 8.02 **Minimum Allocation:**
- (a) Except as provided in (c) and (d) below, the Employer Contributions and Forfeitures allocated on behalf of any Participant who is not a Key Employee (or on behalf of all Participants, if elected in the Adoption Agreement) shall not be less than the lesser of three percent of such Participant's Compensation or in the case where the Employer has no defined benefit plan which designates this plan to satisfy section 401 of the Code, the largest percentage of employer contributions and forfeitures, as a percentage of Key Employee's Compensation, as limited by section 401(a)(17) of the Code, allocated on behalf of any Key Employee for that year. The minimum allocation is determined without regard to any Social Security contribution. This minimum allocation shall be made even though, under other plan provisions, the Participant would not otherwise be entitled to receive an allocation, or would have received a lesser allocation for the year because of (i) the Participant's failure to complete 1,000 hours of service (or any equivalent provided in the Plan), or (ii) the Participant's failure to make mandatory employee contributions to the plan, or (iii) Compensation less than a stated amount.
 - (b) For purposes of computing the minimum allocation, Compensation shall mean Compensation as defined in Item 14 of the Adoption Agreement as limited by section 401(a)(17) of the Code.
 - (c) The provisions in (a) above shall not apply to any Participant who was not employed by the Employer on the last day of the Plan Year.
 - (d) The provision in (a) above shall not apply to any Participant to the extent the Participant is covered under any other plan or plans of the Employer and the Employer has provided in the Adoption Agreement that the minimum allocation or benefit requirement applicable to Top Heavy plans will be met in the other plan or plans.
 - (e) Effective January 1, 2002, Matching Contributions on behalf of keys and non-key Employees may be used to satisfy the Top-Heavy Minimum Contribution requirement. Elective Deferrals by Key Employees are also used to satisfy the Top-Heavy Minimum Contribution requirement. A QNEC is treated as a contribution for purposes of the Top-Heavy Minimum Contribution requirement. A QNEC is an employer contribution which can be used to satisfy the actual deferral percentage (ADP) or average contribution percentage (ACP) tests, but is not a matching contribution
- 8.03 **Nonforfeitable of Minimum Allocation:** The minimum allocation required (to the extent required to be nonforfeitable under section 416(b)) may not be forfeited under section 411(a)(3)(B) or 411(a)(3)(D).
- 8.04 **Minimum Vesting Schedules:** For any Plan Year in which this Plan is Top-Heavy, one of the minimum vesting schedules as elected by the Employer in the Adoption Agreement will automatically apply to the Plan. The minimum vesting schedule applies to all benefits within the meaning of section 411(a)(7) of the Code except those attributable to Employee Nondeductible Contributions, including benefits accrued before the effective date of section 416 and benefits accrued before the Plan became Top-Heavy. Further, no decrease in a Participant's nonforfeitable percentage may occur in the event the plan's status as Top-Heavy changes for any Plan Year. However, this section does not apply to the account balances of any Employee who does not have an Hour of Service after the Plan has initially become Top-Heavy and such Employee's account balance attributable to Employer Contributions and Forfeitures will be determined without regard to this Section.

ARTICLE IX JOINT AND SURVIVOR ANNUITY REQUIREMENTS

- 9.01 **Applicability:** The provisions of this Article shall apply to any Participant who is credited with at least one hour of service with the Employer on or after August 23, 1984, and such other Participants as provided in Section 9.06.
- 9.02 **Qualified Joint and Survivor Annuity:** Unless an optional form of benefit is selected pursuant to a qualified election within the 90-day period ending on the annuity starting date, a married Participant's vested account balance will be paid in the form of a qualified joint and survivor annuity and an unmarried Participant's vested account balance will be paid in the form of a life annuity. The Participant may elect to have such annuity distributed upon attainment of the earliest retirement age under the Plan.
- 9.03 **Qualified Preretirement Survivor Annuity:** Unless an optional form of benefit has been selected within the election period pursuant to a qualified

election, if a Participant dies before the annuity starting date then the Participant's vested account balance shall be applied toward the purchase of an annuity for the life of the surviving spouse. The surviving spouse may elect to have such annuity distributed within a reasonable period after the Participant's death. The surviving spouse shall have the right to revoke the annuity payment option if another form of benefit is elected by such surviving spouse.

9.04 Notice Requirements:

- (a) In the case of a Qualified Joint and Survivor Annuity, the Plan Administrator shall no less than 30 days and no more than 90 days prior to the Annuity Starting Date provide each Participant a written explanation of:
- (1) the terms and conditions of a Qualified Joint and Survivor Annuity;
 - (2) the Participant's right to make and the effect of an election to waive the Qualified Joint and Survivor Annuity form of benefit;
 - (3) the rights of a Participant's spouse; and
 - (4) the right to make, and the effect of, a revocation of a previous election to waive the Qualified Joint and Survivor Annuity.

The Annuity Starting Date for a distribution in a form other than a Qualified Joint and Survivor Annuity may be less than 30 days after receipt of the written explanation described in the preceding paragraph provided: (i) the Participant has been provided with information that clearly indicates that the Participant has at least 30 days to consider whether to waive the Qualified Joint and Survivor Annuity and elect (with spousal consent) to a form of distribution other than a Qualified Joint and Survivor Annuity; (ii) the Participant is permitted to revoke any affirmative distribution election at least until the Annuity Starting Date or, if later, at any time prior to the expiration of the 7-day period that begins the day after the explanation of the Qualified Joint and Survivor Annuity is provided to the Participant; and (iii) the Annuity Starting Date is a date after the date that the written explanation was provided to the Participant.

- (b) In the case of a Qualified Preretirement Survivor Annuity as described in Section 9.03 of this Article, the Plan Administrator shall provide each Participant within the applicable period for such Participant a written explanation of the Qualified Preretirement Survivor Annuity in such terms and in such manner as would be comparable to the explanation provided for meeting the requirements of Section 9.04(a) applicable to a Qualified Joint and Survivor Annuity.

The applicable period for a Participant is whichever of the following periods ends last:

- (1) the period beginning with the first day of the Plan Year in which the Participant attains age 32 and ending with the close of the Plan Year preceding the Plan Year in which the Participant attains age 35;
- (2) a reasonable period ending after the individual becomes a Participant;
- (3) a reasonable period ending after Section 9.04(c) ceases to apply to the Participant;
- (4) a reasonable period ending after this Article first applies to the Participant.

Notwithstanding the foregoing, notice must be provided within a reasonable period ending after separation from service in the case of a Participant who separates from service before attaining age 35.

For purposes of applying the preceding paragraph, a reasonable period ending after the enumerated events described in 9.04(b)(2), (3) and (4) is the end of the two-year period beginning one year prior to the date the applicable event occurs, and ending one year after that date. In the case of a Participant who separates from service before the Plan Year in which age 35 is attained, notice shall be provided within the two-year period beginning one year prior to separation and ending one year after separation. If such Participant thereafter returns to employment with the Employer, the applicable period for such Participant shall be redetermined.

- (c) Notwithstanding the other requirements of this Section 9.04, the respective notices prescribed by this Section need not be given to a Participant if (1) the Plan "fully subsidizes" the costs of a Qualified Joint and Survivor Annuity or Qualified Preretirement Survivor Annuity, and (2) the Plan does not allow the Participant to waive the Qualified Joint and Survivor Annuity or Qualified Preretirement Survivor Annuity and does not allow a married Participant to designate a nonspouse Beneficiary. For purposes of this Section 9.04(c), a plan fully subsidizes the costs of a benefit if no increase in cost, or decrease in benefits to the Participant may result from the Participant's failure to elect another benefit.

9.05 Safe Harbor Rules:

- (a) This Section shall apply to a Participant in a Profit-Sharing Plan, and to any distribution, made on or after the first day of the first Plan Year beginning after December 31, 1988, from or under a separate account attributable solely to accumulated deductible employee contributions, as defined in section 72(o)(5)(B) of the Code, and maintained on behalf of a Participant in a money purchase pension plan (including a target benefit plan), if the following conditions are satisfied: (1) the Participant does not or cannot elect payments in the form of a life annuity; and (2) on the death of a Participant, the Participant's vested account balance will be paid to the Participant's surviving spouse, but if there is no surviving spouse, or if the surviving spouse has consented in a manner conforming to a qualified election, then to the Participant's Designated Beneficiary. The surviving spouse may elect to have distribution of the vested account balance commence within the 90-day period following the date of the Participant's death. The account balance shall be adjusted for gains or losses occurring after the Participant's death in accordance with the provisions of the Plan governing the adjustment of account balances for other types of distributions. If the plan provides for a separate accounting of the participant's benefits, these requirements need only apply to the separate account. This Section 9.05 shall not be operative with respect to a Participant in a Profit-Sharing Plan if the Plan is a direct or indirect transferee of a defined benefit plan, money purchase plan, target benefit plan, stock bonus, or profit-sharing plan which is subject to the survivor annuity requirements of sections 401(a)(11) and 417 of the Code. If this Section 9.05 is operative, then the provisions of this Article, other than Section 9.06, shall be inoperative.
- (b) The Participant may waive the spousal death benefit described in this section at any time provided that no such waiver shall be effective unless it satisfies the conditions of Section 14.50 of the Plan (other than the notification requirement referred to therein) that would apply to the Participant's waiver of the Qualified Preretirement Survivor Annuity.
- (c) For purposes of this Section 9.05, "vested account balance" shall mean, in the case of a money purchase pension plan or a target benefit plan, the Participant's separate account balance attributable solely to accumulated deductible employee contributions within the meaning of section 72(o)(5)(B) of the Code. In the case of a profit-sharing plan, "vested account balance" shall have the same meaning as provided in Section 14.53 of the Plan.

- (d) If the Employer's Profit-Sharing Plan satisfies the requirements contained in section 9.05(a) above, with respect to a Participant in this Plan, such Plan is not required to provide a Qualified Joint and Survivor Annuity for such Participant. Such Plan may replace the Qualified Joint and Survivor Annuity with a payment of a single-sum distribution form of payment that is otherwise identical to such annuity in accordance with the requirements under Treasury Regulations 1.411(d)-4, Q&A 2(e).

9.06 Transitional Rules:

- (a) Any living Participant not receiving benefits on August 23, 1984, who would otherwise not receive the benefits prescribed by the previous Sections of this Article must be given the opportunity to elect to have the prior Sections of this Article apply if such Participant is credited with at least one hour of service under this Plan or a predecessor plan in a Plan Year beginning on or after January 1, 1976, and such Participant had at least 10 years of vesting service when he or she separated from service.
- (b) Any living Participant not receiving benefits on August 23, 1984, who was credited with at least one hour of service under this Plan or a predecessor Plan on or after September 2, 1974, and who is not otherwise credited with any service in a Plan Year beginning on or after January 1, 1976, must be given the opportunity to have his or her benefits paid in accordance with Section 9.06(d) of this Article.
- (c) The respective opportunities to elect (as described in Sections 9.06(a) and (b) above) must be afforded to the appropriate Participants during the period commencing on August 23, 1984, and ending on the date benefits would otherwise commence to said Participants.
- (d) Any Participant who has elected pursuant to Section 9.06(b) of this Article and any Participant who does not elect under Section 9.06(a) or who meets the requirements of Section 9.06(a) except that such Participant does not have at least 10 years of vesting service when he or she separates from service, shall have his or her benefits distributed in accordance with all of the following requirements if benefits would have been payable in the form of a life annuity:

- (1) Automatic Joint and Survivor Annuity - If benefits in the form of a life annuity become payable to a married Participant who:
- (A) begins to receive payments under the Plan on or after Normal Retirement Age; or
 - (B) dies on or after Normal Retirement Age while still working for the Employer; or
 - (C) begins to receive payments on or after the qualified early retirement age; or
 - (D) separates from service on or after attaining Normal Retirement Age (or the qualified early retirement age) and after satisfying the eligibility requirements for the payment of benefits under the Plan and thereafter dies before beginning to receive such benefits;

then such benefits will be received under this Plan in the form of a Qualified Joint and Survivor Annuity, unless the Participant has elected otherwise during the election period. The election period must begin at least 6 months before the Participant attains qualified early retirement age and end not more than 90 days before the commencement of benefits. Any election hereunder will be in writing and may be changed by the Participant at any time.

- (2) Election of early survivor annuity - A Participant who is employed after attaining the qualified early retirement age will be given the opportunity to elect, during the election period, to have a survivor annuity payable on death. If the Participant elects the survivor annuity, payments under such annuity must not be less than the payments which would have been made to the spouse under the Qualified Joint and Survivor Annuity if the Participant had retired on the day before his or her death. Any election under this provision will be in writing and may be changed by the Participant at any time. The election period begins on the later of (a) the 90th day before the Participant attains the qualified early retirement age, or (b) the date on which participation begins, and ends on the date the Participant terminates employment.
- (3) For purposes of this Section 9.06(d):
- (A) Qualified Early Retirement Age is the latest of:
 - (i) the earliest date, under the Plan, on which the Participant may elect to receive retirement benefits,
 - (ii) the first day of the 120th month beginning before the Participant reaches Normal Retirement Age, or
 - (iii) the date the Participant begins participation.
 - (B) Qualified Joint and Survivor Annuity is an annuity for the life of the Participant with a survivor annuity for the life of the spouse as described in Section 14.51 of the Plan.

**ARTICLE X
PAYMENT OF BENEFITS**

10.01 Distributable Events:

- (a) The vested amount of a Participant's account shall become payable to a Participant or his Beneficiary pursuant to this Article X as follows:
- (1) Upon actual retirement on or after the Participant's Normal Retirement Age.
 - (2) Upon the death of the Participant.
 - (3) Upon the Disability of the Participant.
 - (4) Upon the termination of the Participant's employment prior to retirement, death or Disability.
 - (5) If the Plan is a profit-sharing plan and if so elected by the Employer in the Adoption Agreement or specified in Section 11.01, the vested amount in a Participant's account may also be distributed under the in-service distribution rules of Section 10.04.
- (b) Distributions on account of any of the distributable events described above are subject to the restrictions in Section 10.03 below.

10.02 Commencement of Benefits: Notwithstanding any other provisions of this Plan or the Adoption Agreement, unless the Participant elects otherwise, distribution of benefits will begin no later than the 60th day after the latest of the close of the Plan Year in which:

- (a) the Participant attains the age of 65 (or normal retirement age, if earlier);
- (b) occurs the 10th anniversary of the year in which the Participant commenced participation in the Plan; or
- (c) the Participant terminates service with the Employer.

Notwithstanding the foregoing, the failure of a Participant and spouse (if required) to consent to a distribution while a benefit is immediately distributable, within the meaning of Section 10.03 of the Plan, shall be deemed to be an election to defer commencement of payment of any benefit sufficient to satisfy this section.

10.03 Restrictions on Immediate Distributions:

- (a) General Rule:
If payment in the form of a Qualified Joint and Survivor Annuity is required with respect to a Participant and either the value of a Participant's vested account balance derived from Employer and Employee Contributions exceeds \$5,000 or there are remaining payments to be made with respect to a particular distribution option that previously commenced, and the account balance is immediately distributable, the Participant must consent to any distribution of such account balance.
- If payment in the form of a Qualified Joint and Survivor Annuity is not required with respect to a Participant and the value of a Participant's vested account balance derived from Employer and Employee Contributions exceeds \$5,000, and the account balance is immediately distributable, the Participant must consent to any distribution of such account balance.
- The consent of the participant and the participant's spouse shall be obtained in writing within the 90-day period ending on the annuity starting date. The annuity starting date is the first day of the first period for which an amount is paid as an annuity or any other form. The plan administrator shall notify the participant and the participant's spouse of the right to defer any distribution until the participant's account balance is no longer immediately distributable. Such notification shall include a general description of the material features, and an explanation of the relative values of, the optional forms of benefit available under the plan in a manner that would satisfy the notice requirements of § 417(a) (3), and shall be provided no less than 30 days and no more than 90 days prior to the annuity starting date. However, distribution may commence less than 30 days after the notice described in the preceding sentence is given, provided the distribution is one to which § 401(a) (11) and 417 of the Internal Revenue Code do not apply, the plan administrator clearly informs the participant that the participant has a right to a period of at least 30 days after receiving the notice to consider the decision of whether or not to elect a distribution (and, if applicable, a particular distribution option), and the participant, after receiving the notice, affirmatively elects a distribution.
- (b) Notwithstanding the foregoing, only the Participant need consent to the commencement of a distribution in the form of a Qualified Joint and Survivor Annuity while the account balance is immediately distributable. (Furthermore, if payment in the form of a Qualified Joint and Survivor Annuity is not required with respect to the Participant pursuant to Section 9.05 of the Plan, only the Participant need consent to the distribution of an account balance that is immediately distributable.) Neither the consent of the Participant nor the Participant's spouse shall be required to satisfy section 401(a)(9) or section 415 of the Code. In addition, upon termination of this Plan if the Plan does not offer an annuity option (purchased from a commercial provider) and if the Employer or any entity within the same controlled group as the Employer does not maintain another defined contribution plan (other than an employee stock ownership plan as defined in section 4975(e)(7) of the Code), the Participant's account balance may, without the Participant's consent, be distributed to the Participant. However, if any entity within the same controlled group as the Employer maintains another defined contribution plan (other than an employee stock ownership plan as defined in section 4975(e)(7) of the Code) then the Participant's account balance will be transferred, without the Participant's consent, to the other plan if the Participant does not consent to an immediate distribution.
- (c) An account balance is immediately distributable if any part of the account balance could be distributed to the Participant (or surviving spouse) before the Participant attains (or would have attained if not deceased) the later of normal retirement age or age 62.
- (d) For purposes of determining the applicability of the foregoing consent requirements to distributions made before the first day of the first Plan Year beginning after December 31, 1988, the Participant's Vested Account Balance shall not include amounts attributable to accumulated deductible employee contributions within the meaning of section 72(o)(5)(B) of the Code.
- (e) Transitional Rules for Cash Out Limits.
- (1) In general. This section provides transitional rules with regard to the cash out limits for distributions made prior to October 17, 2000.
 - (2) Distributions subject to section 417. If payment in the form of a Qualified Joint and Survivor Annuity is required with regard to a Participant, the rule in this section 10.03(e)(2) is substituted for the rule in the first sentence of section 10.03(a)(1). If the value of a Participant's vested account balance derived from Employer and Employee Contributions exceeds (or at the time of any prior distribution (A) in Plan Years beginning before August 6, 1997, exceeded \$3,500 or (B) in Plan Years beginning after August 5, 1997, exceeded) \$5,000, and the account balance is immediately distributable, the Participant and the Participant's spouse (or where either the Participant or the spouse has died, the survivor) must consent to any distribution of such account balance.
 - (3) Distributions not subject to section 417. If payment in the form of a Qualified Joint and Survivor Annuity is not required with respect to a Participant, the rule in this section 10.03(e) is substituted for the rule in the second sentence of section 10.03(a)(1).

If the value of a Participant's vested account balance derived from Employer and Employee Contributions:

- (A) for Plan Years beginning before August 6, 1997, exceeds \$3,500 (or exceeded \$3,500 at the time of any prior distribution),
- (B) for Plan Years beginning after August 5, 1997, and for a distribution made prior to March 22, 1999, exceeds \$5,000 (or exceeded \$5,000 at the time of any prior distribution),
- (C) and for Plan Years beginning after August 5, 1997 and for a distribution made after March 21, 1999, that either exceeds \$5,000 or is a remaining payment under a selected optional form of payment that exceeded \$5,000 at the time the selected payment began,

and the account balance is immediately distributable, the Participant and the Participant's spouse (or where either the Participant or the spouse has died, the survivor) must consent to any distribution of such account balance.

10.04 **In-Service Distributions:** If the Employer elects in the Adoption Agreement, distribution of up to 100% of the Participant's vested account balance may be made to a Participant who is still employed by the Employer under one of the following methods:

- (a) After the Participant has been a Participant under this Plan for a period of 5 years, he may request up to 100% of the vested amount in his account; or
- (b) The Participant may withdraw any vested amounts which have been on deposit for a period of at least 24 months; or
- (c) If the Employer checks both the 24 month rule and the 60 month rule, then Participants who have completed 5 years of Plan participation may withdraw up to 100% of their vested account balance. Participants who have not completed 5 years of Plan participation may only withdraw vested amounts which have been on deposit for a period of 24 months.
- (d) The Participant may withdraw amounts necessary to meet a financial hardship. Financial hardship shall be determined by the Plan Administrator

on a reasonably equivalent basis and shall include but not be limited to a deductible medical expense, a deductible casualty loss, an illness or disability which prevents employment for six weeks or more, a judgement or other extraordinary liability exceeding 10% of the Participant's taxable income, the threatened foreclosure of a mortgage on the Participant's residence, the threatened bankruptcy of the Participant, the education of the Participant's children, or the purchase of the Participant's primary personal residence.

- (e) After the Participant has attained the age selected in the Adoption Agreement.
- (f) If the Plan is a Money Purchase Pension Plan, and if elected by the Employer in the Adoption Agreement, distributions shall be permitted after the Participant attains the Normal Retirement Age under the Plan, regardless of whether the Participant is still employed by the Employer.

10.05 Early Retirement with Age and Service Requirement: If a Participant separates from service before satisfying the age requirement for early retirement, but has satisfied the service requirement, the Participant will be entitled to elect an early retirement benefit upon satisfaction of such age requirement.

10.06 Optional Forms of Benefits:

- (a) The following optional forms of benefits which have been selected by the Employer in the Adoption Agreement are available under this Plan:
 - (1) A single sum;
 - (2) Installments over a period not to exceed the life expectancy of the Participant, or if applicable, the joint and last survivor expectancies of the Participant and the Participant's Designated Beneficiary;
 - (3) Over the life of the Participant or the joint lives of the Participant and Designated Beneficiary;
 - (4) A joint and survivor annuity; or
 - (5) Any combination of (1) through (4) above.
- (b) Notwithstanding Section 10.06(a) above, or any other provision of this Plan, or the selections in the Adoption Agreement, if this Plan is a restatement of a prior plan of the Employer or includes assets which were transferred from another qualified plan, any optional forms of benefits which were permitted under the previous plan cannot be reduced, eliminated or made subject to employer discretion unless specifically permitted under Treasury Regulations, and will therefore be available under this Plan.
- (c) Notwithstanding any provision of this Plan to the contrary, to the extent that any optional form of benefit under this Plan permits a distribution prior to the employee's retirement, death, disability, or severance from employment, and prior to plan termination, the optional form of benefit is not available with respect to benefits attributable to assets (including the post-transfer earnings thereon) and liabilities that are transferred, within the meaning of section 414(l) of the Internal Revenue Code, to this Plan from a Money Purchase Pension Plan qualified under section 401(a) of the Code (other than any portion of those assets and liabilities attributable to voluntary employee contributions).

This 10.06(c) is effective for Plan Years beginning on or after December 12, 1994.

10.07 Minimum Required Distributions:

- (a) **General Rules:**
 - (1) Subject to Article IX, Joint and Survivor Annuity Requirements, the requirements of this Article shall apply to any distribution of a Participant's interest and will take precedence over any inconsistent provisions of this Plan. Unless otherwise specified, the provisions of this Article apply to calendar years beginning after December 31, 2002.
 - (2) All distributions required under this Article shall be determined and made in accordance with the Income Tax Regulations under section 401(a)(9), including the minimum distribution incidental benefit requirement of section 401(a)(9)(G) of the Code.
 - (3) Limits on Distribution Periods: As of the first Distribution Calendar Year, distributions to a Participant, if not made in a single-sum, may only be made over one of the following periods (or a combination thereof):
 - (A) the life of the Participant,
 - (B) the joint lives of the Participant and a Designated Beneficiary,
 - (C) a period certain not extending beyond the life expectancy of the Participant, or
 - (D) a period certain not extending beyond the joint and last survivor expectancy of the Participant and a Designated Beneficiary.
- (b) **Time and Manner of Distribution.**
 - 1) **Required Beginning Date.** The participant's entire interest will be distributed, or begin to be distributed, to the participant no later than the participant's required beginning date.
 - 2) **Death of Participant Before Distributions Begin.** If the participant dies before distributions begin, the participant's entire interest will be distributed, or begin to be distributed, no later than as follows:
 - (A) If the participant's surviving spouse is the participant's sole designated beneficiary, then, except as provided in the adoption agreement, distributions to the surviving spouse will begin by December 31 of the calendar year immediately following the calendar year in which the participant died, or by December 31 of the calendar year in which the participant would have attained age 70½, if later.
 - (B) If the participant's surviving spouse is not the participant's sole designated beneficiary, then, except as provided in the adoption agreement, distributions to the designated beneficiary will begin by December 31 of the calendar year immediately following the calendar year in which the participant died.
 - (C) If there is no designated beneficiary as of September 30 of the year following the year of the participant's death, the participant's entire interest will be distributed by December 31 of the calendar year containing the fifth anniversary of the participant's death.
 - (D) If the participant's surviving spouse is the participant's sole designated beneficiary and the surviving spouse dies after the participant but before distributions to the surviving spouse are required to begin, this section 10.07(b)(2), other than section 10.07(b)(2)(A), will apply as if the surviving spouse were the participant. For purposes of this section 10.07(b)(2) and section 10.07(d), unless section 10.07(b)(2)(D) applies, distributions are considered to begin on the participant's required beginning date. If section 10.07(b)(2)(D) applies, distributions are considered to begin on the date distributions are required to begin to the surviving spouse under section 10.07(b)(2)(A). If distributions under an annuity purchased from an insurance company irrevocably commence to the participant before the participant's required beginning date (or to the participant's surviving spouse before the date distributions are required to begin to the surviving spouse under section 10.07(b)(2)(A), the date distributions are considered to begin is the date distributions actually commence.
 - 3) **Forms of Distribution.** Unless the participant's interest is distributed in the form of an annuity purchased from an insurance company or in a single-sum on or before the required beginning date, as of the first distribution calendar year distributions will be made in accordance with sections (c) and (d) of this article. If the participant's interest is distributed in the form of an annuity purchased from

an insurance company, distributions thereunder will be made in accordance with the requirements of § 401(a)(9) of the Code and the regulations.

- (c) Required Minimum Distributions During Participant's Lifetime.
 - (1) Amount of Required Minimum Distribution for Each Distribution Calendar Year. During the participant's lifetime, the minimum amount that will be distributed for each distribution calendar year is the lesser of:
 - (A) the quotient obtained by dividing the participant's account balance by the distribution period in the Uniform Lifetime Table set forth in § 1.401(a)(9)-9, Q&A-2, of the regulations, using the participant's age as of the participant's birthday in the distribution calendar year; or
 - (B) if the participant's sole designated beneficiary for the distribution calendar year is the participant's spouse, the quotient obtained by dividing the participant's account balance by the number in the Joint and Last Survivor Table set forth in § 1.401(a)(9)-9, Q&A-3, of the regulations, using the participant's and spouse's attained ages as of the participant's and spouse's birthdays in the distribution calendar year.
 - (2) Lifetime Required Minimum Distributions Continue through Year of Participant's Death. Required minimum distributions will be determined under this section 10.07(c)(2) beginning with the first distribution calendar year and continuing up to, and including, the distribution calendar year that includes the participant's date of death.
- (d) Required Minimum Distributions After Participant's Death.
 - (1) Death On or After Date Distributions Begin.
 - (A) Participant Survived by Designated Beneficiary. If the participant dies on or after the date distributions begin and there is a designated beneficiary, the minimum amount that will be distributed for each distribution calendar year after the year of the participant's death is the quotient obtained by dividing the participant's account balance by the longer of the remaining life expectancy of the participant or the remaining life expectancy of the participant's designated beneficiary, determined as follows:
 - (i) The participant's remaining life expectancy is calculated using the age of the participant in the year of death, reduced by one for each subsequent year.
 - (ii) If the participant's surviving spouse is the participant's sole designated beneficiary, the remaining life expectancy of the surviving spouse is calculated for each distribution calendar year after the year of the participant's death using the surviving spouse's age as of the spouse's birthday in that year. For distribution calendar years after the year of the surviving spouse's death, the remaining life expectancy of the surviving spouse is calculated using the age of the surviving spouse as of the spouse's birthday in the calendar year of the spouse's death, reduced by one for each subsequent calendar year.
 - (iii) If the participant's surviving spouse is not the participant's sole designated beneficiary, the designated beneficiary's remaining life expectancy is calculated using the age of the beneficiary in the year following the year of the participant's death, reduced by one for each subsequent year.
 - (B) No Designated Beneficiary. If the participant dies on or after the date distributions begin and there is no designated beneficiary as of the September 30 of the year after the year of the participant's death, the minimum amount that will be distributed for each distribution calendar year after the year of the participant's death is the quotient obtained by dividing the participant's account balance by the participant's remaining life expectancy calculated using the age of the participant in the year of death, reduced by one for each subsequent year.
 - (2) Death Before Date Distributions Begin.
 - (A) Participant Survived by Designated Beneficiary. Except as provided in the adoption agreement, if the participant dies before the date distributions begin and there is a designated beneficiary, the minimum amount that will be distributed for each distribution calendar year after the year of the participant's death is the quotient obtained by dividing the participant's account balance by the remaining life expectancy of the participant's designated beneficiary, determined as provided in section 10.07(d)(1).
 - (B) No Designated Beneficiary. If the participant dies before the date distributions begin and there is no designated beneficiary as of September 30 of the year following the year of the participant's death, distribution of the participant's entire interest will be completed by December 31 of the calendar year containing the fifth anniversary of the participant's death.
 - (C) Death of Surviving Spouse Before Distributions to Surviving Spouse Are Required to Begin. If the participant dies before the date distributions begin, the participant's surviving spouse is the participant's sole designated beneficiary, and the surviving spouse dies before distributions are required to begin to the surviving spouse under section 10.07(b)(2)(A), this section 10.07(d)(2) will apply as if the surviving spouse were the participant.
- (e) TEFRA Section 242(b)(2) Elections
 - (1) Notwithstanding the other requirements of this article and subject to the requirements of Article IX, Joint and Survivor Annuity Requirements, distribution on behalf of any employee, including a 5-percent owner, who has made a designation under § 242(b)(2) of the Tax Equity and Fiscal Responsibility Act (a "section 242(b)(2) election") may be made in accordance with all of the following requirements (regardless of when such distribution commences):
 - (A) The distribution by the plan is one which would not have disqualified such plan under § 401(a)(9) of the Internal Revenue Code as in effect prior to amendment by the Deficit Reduction Act of 1984.
 - (B) The distribution is in accordance with a method of distribution designated by the employee whose interest in the plan is being distributed or, if the employee is deceased, by a beneficiary of such employee.
 - (C) Such designation was in writing, was signed by the employee or the beneficiary, and was made before January 1, 1984.
 - (D) The employee had accrued a benefit under the plan as of December 31, 1983.
 - (E) The method of distribution designated by the employee or the beneficiary specifies the time at which distribution will commence, the period over which distributions will be made, and in the case of any distribution upon the employee's death, the beneficiaries of the employee listed in order of priority.
 - (2) A distribution upon death will not be covered by this transitional rule unless the information in the designation contains the required information described above with respect to the distributions to be made upon the death of the employee.
 - (3) For any distribution which commences before January 1, 1984, but continues after December 31, 1983, the employee, or the beneficiary, to whom such distribution is being made, will be presumed to have designated the method of distribution under which the distribution is being made if the method of distribution was specified in writing and the distribution satisfies the requirements in subsections 10.07(e)(1)(A) and (E).
 - (4) If a designation is revoked, any subsequent distribution must satisfy the requirements of § 401(a)(9) of the Code and the

regulations thereunder. If a designation is revoked subsequent to the date distributions are required to begin, the plan must distribute by the end of the calendar year following the calendar year in which the revocation occurs the total amount not yet distributed which would have been required to have been distributed to satisfy § 401(a)(9) of the Code and the regulations thereunder, but for the section 242(b)(2) election. For calendar years beginning after December 31, 1988, such distributions must meet the minimum distribution incidental benefit requirements. Any changes in the designation will be considered to be a revocation of the designation. However, the mere substitution or addition of another beneficiary (one not named in the designation) under the designation will not be considered to be a revocation of the designation, so long as such substitution or addition does not alter the period over which distributions are to be made under the designation, directly or indirectly (for example, by altering the relevant measuring life).

- (5). In the case in which an amount is transferred or rolled over from one plan to another plan, the rules in § 1.401(a)(9)-8, Q&A-14 and Q&A-15, shall apply.

(f). Transition Rules

- (1) For plans in existence before 2003, required minimum distributions before 2003 were made pursuant to section 10.07(e), if applicable, and sections 10.07(f)(2) through 10.07(f)(4) below.
- (2) 2000 and Before. Required minimum distributions for calendar years after 1984 and before 2001 were made in accordance with § 401(a)(9) and the proposed regulations thereunder published in the Federal Register on July 27, 1987 (the "1987 Proposed Regulations").
- (3) 2001. Required minimum distributions for calendar year 2001 were made in accordance with § 401(a)(9) and the 1987 Proposed Regulations, unless the adoption agreement provides that required minimum distributions for 2001 were made pursuant to the proposed regulations under § 401(a)(9) published in the Federal Register on January 17, 2001 (the "2001 Proposed Regulations"). If distributions were made in 2001 under the 1987 Proposed Regulations prior to the date in 2001 the plan began operating under the 2001 Proposed Regulations, the special transition rule in Announcement 2001-82, 2001-2 C.B. 123, applied.
- (4) 2002. Required minimum distributions for calendar year 2002 were made in accordance with § 401(a)(9) and the 1987 Proposed Regulations unless either (A) or (B) below applies.
- (A) The adoption agreement provides that required minimum distributions for 2002 were made pursuant to the 2001 Proposed Regulations.
- (B) The adoption agreement provides that required minimum distributions for 2002 were made pursuant to the Final and Temporary Regulations under § 401(a)(9) published in the Federal Register on April 17, 2002, (the "2002 Final and Temporary Regulations") which are described in sections 10.07(b) through 10.07(e) of this article. If distributions were made in 2002 under either the 1987 Proposed Regulations or the 2001 Proposed Regulations prior to the date in 2002 the plan began operating under the 2002 Final and Temporary Regulations, the special transition rule in Section 1.2 of the model amendment in Rev. Proc. 2002-29, 2002-1 C.B. 1176, applied.

10.08 Designation of Beneficiary:

- (a) Each Participant may, by written notice filed with the Plan Administrator, designate a Beneficiary(ies) to receive the Participant's benefit at the Participant's death. Such designation may be changed or revised from time to time by written instrument filed with the Plan Administrator. If no designation has been made, or if no Beneficiary is living at the time of a Participant's death, his Beneficiary shall be:
- (1) his surviving spouse; but if he has no surviving spouse,
- (2) his surviving children, in equal shares; but if he has no surviving children,
- (3) his estate.
- (b) A Beneficiary designation shall be effective only to the extent that the Plan is not required to:
- (1) pay the vested amount in the Participant's account in the form of an annuity pursuant to Sections 9.02 and 9.03, or
- (2) pay the vested amount in the Participant's account to the surviving spouse in accordance with Section 9.05.
- (c) If permitted by the Trustee, a Participant's Beneficiary may name a death Beneficiary. Such death Beneficiary shall be entitled to receive benefits under the Plan after the Participant's Beneficiary's death.

10.09 Distribution under a Qualified Domestic Relations Order:

- (a) Distributions of all or any part of a Participant's account pursuant to the provisions of a qualified domestic relations order (QDRO) as defined in section 414(p) of the Code is specifically authorized.
- (b) The earliest retirement age shall be the earlier of:
- (1) The earliest date benefits are payable under the Plan to the Participant, including in-service distributions under Section 10.04; or
- (2) the later of the date the Participant attains age 50 or the date on which the Participant could obtain a distribution from the Plan if the Participant had separated from service.
- (c) The alternate payee may receive a payment of benefits under this Plan in any optional form of benefit available based on the selections in the Adoption Agreement, other than a Joint and Survivor Annuity.
- (d) The alternate payee may receive a payment of a benefit under this Plan prior to the earliest retirement age as defined in Section 10.09(b) if the QDRO specifically provides for such earlier payment. If the present value of the payment exceeds \$3,500, the alternate payee must consent in writing to such distribution.
- (e) Upon receipt of an order which appears to be a domestic relations order, the Plan Administrator will promptly notify the Participant and each alternate payee of the receipt of the order and provide them with a copy of the procedures established by the Plan for determining whether the order is a QDRO. While the determination is being made, a separate accounting will be made with respect to any amounts which would be payable under the order while the determination is being made. If the Plan Administrator or a court determines that the order is a QDRO within 18 months after receipt, the Plan Administrator will begin making payments, including the separately-accounted for amounts, pursuant to the order when required or as soon as administratively practical. If the Plan Administrator or court determines that the order is not a QDRO, or if no determination is made within 18 months after receipt, then the separately accounted for amounts will be either restored to the Participant's account or distributed to the Participant, as if the order did not exist. If the order is subsequently determined to be a QDRO, such determination shall be applied prospectively to payments made after the determination.

10.10 Conflicts With Annuity Contracts: In the event of any conflict between the terms of this Plan and the terms of any insurance contract purchased hereunder, the Plan provisions shall control.

10.11 Nontransferability of Annuities: Any annuity contract distributed herefrom must be nontransferable.

10.12 Direct Rollovers Before January 1, 2002:

- (a) This Section 10.12 shall apply to distributions made on or after January 1, 1993 and before January 1, 2002. Notwithstanding any provision of the Plan to the contrary that would otherwise limit a distributee's election under this Section, a distributee may elect, at the time and in the manner prescribed by the Plan Administrator, to have any portion of an Eligible Rollover Distribution that is at least \$500 paid directly to an Eligible Retirement Plan specified by the distributee in a Direct Rollover.
- (b) **Definitions:**
- 1) **Eligible Rollover Distribution:** An Eligible Rollover Distribution is any distribution of all or any portion of the balance to the credit of the distributee, except that an Eligible Rollover Distribution does not include any distribution that is one of a series of substantially equal periodic payments (not less frequently than annually) made for the life (or life expectancy) of the distributee or the joint lives (a joint life expectancies) of the distributee and the distributee's designated beneficiary, or for a specified period of ten years or more; any distribution to the extent such distribution is required under section 401(a)(9) of the Code; any hardship distribution described in section 401(k)(2)(B)(iv) received after 12-31-98, the portion of any other distribution(s) that is not includible in gross income (determined without regard to the exclusion for net unrealized appreciation with respect to employer securities); and any other distribution(s) that is reasonably expected to total less than \$200 during a year.
 - 2) **Eligible Retirement Plan:** An Eligible Retirement Plan is an individual retirement account described in section 408(a) of the Code, an individual retirement annuity described in section 408(b) of the Code, an annuity plan described in section 403(a) of the Code, or a qualified trust described in section 401(a) of the Code, that accepts the distributee's Eligible Rollover Distribution. However, in the case of an Eligible Rollover Distribution to the surviving spouse, an eligible retirement plan is an individual retirement account or individual retirement annuity.
 - 3) **Distributee:** A Distributee includes an Employee or former employee. In addition, the Employee's or former employee's surviving spouse and the employee's or former Employee's spouse or former spouse who is the alternate payee under a Qualified Domestic Relations Order, as defined in section 414(p) of the Code, are distributees with regard to the interest of the spouse or former spouse.
 - 4) **Direct Rollover:** A Direct Rollover is a payment by the Plan to the Eligible Retirement Plan specified by the Distributee.

10.13 Direct Rollovers After December 31, 2001

- (a) This Article applies to distributions made after December 31, 2001. Notwithstanding any provision of the plan to the contrary that would otherwise limit a distributee's election under this part, a distributee may elect, at the time and in the manner prescribed by the plan administrator, to have any portion of an eligible rollover distribution that is equal to at least \$500 paid directly to an eligible retirement plan specified by the distributee in a direct rollover. If an eligible rollover distribution is less than \$500, a distributee may not make the election described in the preceding sentence to rollover a portion of the eligible rollover distribution.
- (b) **Definitions:**
- (1) **Eligible rollover distribution:** An eligible rollover distribution is any distribution of all or any portion of the balance to the credit of the distributee, except that an eligible rollover distribution does not include: any distribution that is one of a series of substantially equal periodic payments (not less frequently than annually) made for the life (or joint life expectancy) of the distributee or the joint lives (or joint life expectancies) of the distributee and the distributee's designated beneficiary, or for a specified period of ten years or more; any distribution to the extent such distribution is required under §401(a)(9) of the Internal Revenue Code; any hardship distribution; the portion of any other distribution(s) that is not includible in gross income (determined without regard to the exclusion for net unrealized appreciation with respect to employer securities); and any other distribution(s) that is reasonably expected to total less than \$200 during a year.

A portion of a distribution shall not fail to be an eligible rollover distribution merely because the portion consists of after-tax employee contributions which are not includible in gross income. However, such portion may be transferred only to an individual retirement account or annuity described in §408(a) or (b) of the Code, or to a qualified defined contribution plan described in §401(a) or 403(a) of the Code that agrees to separately account for amounts so transferred, including separately accounting for the portion of such distribution which is includible in gross income and the portion of such distribution which is not so includible.
 - (2) **Eligible retirement plan:** An eligible retirement plan is an eligible plan under §457(b) of the Code which is maintained by a state, political subdivision of a state, or any agency or instrumentality of a state or political subdivision of a state and which agrees to separately account for amounts transferred into such plan from this plan, an individual retirement account described in §408(a) of the Code, and individual retirement annuity described in §408(b) of the Code an annuity plan described in §408(a) of the Code, an annuity contract described in §401(a) of the Code, that accepts the distributee's eligible rollover distribution. The definition of eligible retirement plan shall also apply in the case of distribution to a surviving spouse, or to a spouse or former spouse who is the alternate payee under a qualified domestic relation order, as defined in §414(p) of the Code.

If any portion of an eligible rollover distribution is attributable to payments or distributions from a designated Roth account, and eligible retirement plan with respect to such portion shall include only another designated Roth account of the individual form whose account the payments or distributions were made, or a Roth IRA of such individual.
 - (3) **Distributee:** A distributee includes an employee or former employee. In addition, the employee's or former employee's surviving spouse and the employee's or former employee's spouse or former spouse who is the alternate payee under a qualified domestic relations order as defined in §414(p) of the Code, are distributees with regard to the interest of the spouse or former spouse.
 - (4) **Direct rollover:** A direct rollover is a payment by the plan to the eligible retirement plan specified by the distributee.
- (c) **Automatic Rollover:** Effective March 28, 2005, in the event of a mandatory distribution greater than \$1,000 in accordance with the provisions of section 5.04, if the participant does not elect to have such distribution paid directly to an eligible retirement plan specified by the participant in a direct rollover or to receive the distribution directly in accordance with section(s) 10.03, then the plan administrator will pay the distribution in a direct rollover to an individual retirement plan designated by the plan administrator. For purposes of determining whether a mandatory distribution is greater than \$1,000, the portion of the participant's distribution attributable to any rollover contribution is included.

- (d) Rollovers from other plans: If provided by the Employer in the Adoption Agreement, the Plan will accept Participant rollover contributions and/or direct rollovers of distributions made after December 31, 2001, from the types of plans specified in the Adoption Agreement, beginning on the effective date specified in the Adoption Agreement.

10.14 **Distribution of Employee Contributions:**

- (a) **Rollover Contributions:** A Participant may at any time, withdrawal all or any part of his/her Rollover Account, unless otherwise elected by the Employer in the Adoption Agreement.
- (b) **Nondeductible Voluntary Contributions:** A Participant may withdrawal all or any part of his/her Nondeductible Voluntary Contribution Account.
- (c) **Transfer Distributions:** Any amounts transferred to this Plan by a Participant or the Employer will remain subject to the same distribution rights as was in effect under the previous plan immediately prior to such transfer. The Plan Administration shall be responsible to determine when and how such monies may be distributed and for maintaining a separate account or separate accounting.

ARTICLE XII AMENDMENT AND TERMINATION OF PLAN

- 12.01 **Amendment by Sponsor:** The Sponsor may amend any part of the Plan. For purposes of amendments by the Sponsor, the mass submitter shall be recognized as the agent of the Sponsor and shall have the right to amend the Plan and submit it to the Internal Revenue Service. If the Sponsor does not adopt the amendments made by the mass submitter, it will no longer be a Sponsor of a Plan identical to or a minor modifier of the mass submitter plan.
- 12.02 **Amendment by Adopting Employer:** The Employer may (1) change the choice of options in the Adoption Agreement, (2) add overriding language in the Adoption Agreement when such language is necessary to satisfy section 415 or section 416 of the Code because of the required aggregation of multiple plans, (3) amend administrative provisions of the trust or custodial document in the case of a nonstandardized plan and make more limited amendments in the case of a standardized plan such as the name of the plan, employer, trustee or custodian, plan administrator and other fiduciaries, the trust year, and the name of any pooled trust in which the plan's trust will participate, (4) add certain sample or model amendments published by the Internal Revenue Service or other required good faith amendments which specifically provide that their adoption will not cause the Plan to be treated as individually designed and (5) attach a list of Section 411(d)(6) of the Code protected benefits which must be preserved from the Employer's prior plan or plan (6) add or change provisions permitted under the plan and /or specify or change the effective date of a provision as permitted under the plan and correct obvious and unambiguous typographical errors and/or cross-references that merely correct a reference but that do not in any way change the original intended meaning of the provisions. An Employer that amends the Plan for any other reason, including a waiver of the minimum funding requirement under section 412(d) of the Code, will no longer participate in this Prototype Plan and will be considered to have an individually designed Plan.
- 12.03 **Amendment of Vesting Schedule:** If the Plan's vesting schedule is amended, or the Plan is amended in any way that directly or indirectly affects the computation of a Participant's nonforfeitable percentage, or if the Plan is deemed amended by an automatic change to or from a top-heavy vesting schedule, each Participant with at least 3 years of service with the Employer may elect, within a reasonable period after the adoption of the amendment or change, to have the nonforfeitable percentage computed under the Plan without regard to such amendment or change. For Participants who do not have at least 1 Hour of Service in any Plan Year beginning after December 31, 1988, the preceding sentence shall be applied by substituting "5 Years of Service" for "3 Years of Service" where such language appears.

The period during which the election may be made shall commence with the date the amendment is adopted or deemed to be made and shall end on the latest of:

- (a) 60 days after the amendment is adopted;
- (b) 60 days after the amendment becomes effective; or
- (c) 60 days after the Participant is issued written notice of the amendment by the Employer or Plan Administrator.

- 12.04 **Amendments Affecting Vested and/or Accrued Benefits:** No amendment to the Plan shall be effective to the extent that it has the effect of decreasing a Participant's accrued benefit. Notwithstanding the preceding sentence, a Participant's account balance may be reduced to the extent permitted under section 412(c)(8) of the Code. For purposes of this paragraph, a plan amendment which has the effect of decreasing a Participant's account balance with respect to benefits attributable to service before the amendment shall be treated as reducing an accrued benefit. Furthermore if the vesting schedule of a plan is amended, in the case of an Employee who is a Participant as of the later of the date such amendment is adopted or the date it becomes effective, the nonforfeitable percentage (determined as of such date) of such Employee's employer-derived accrued benefit will not be less than the percentage computed under the plan without regard to such amendment. No amendment to the plan shall be effective to eliminate or restrict an optional form of benefit. The preceding sentence shall not apply to a plan amendment that eliminates or restricts the ability of a participant to receive payment of his or her account balance under a particular optional form of benefit if the amendment provides a single-sum distribution form that is otherwise identical to the optional form of benefit being eliminated or restricted. For this purpose, a single-sum distribution form is otherwise identical only if the single-sum distribution form identical in all respects to the eliminated or restricted optional form of benefit (or would be identical except that it provides greater rights to the participant) except with respect to the timing of payments after commencement.
- 12.05 **Vesting Upon Plan Termination:** In the event of the termination or partial termination of the Plan the account balance of each affected Participant will be nonforfeitable.
- 12.06 **Vesting Upon Complete Discontinuance of Contributions:** If the Plan is a profit-sharing plan, and there is a complete discontinuance of contributions under the Plan, the account balance of each affected Participant will be nonforfeitable.
- 12.07 **Maintenance of Benefit Upon Plan Merger:** In the event of a merger or consolidation with, or transfer of assets or liabilities to any other plan, each Participant will receive a benefit immediately after such merger, etc. (if the Plan then terminated) which is at least equal to the benefit to which the Participant was entitled immediately before such merger, etc. (if the Plan had terminated).

ARTICLE XIII

MISCELLANEOUS PROVISIONS

- 13.01 **Inalienability of Benefits:** No benefit or interest available hereunder will be subject to assignment or alienation, either voluntarily or involuntarily. The preceding sentence shall also apply to the creation, assignment, or recognition of a right to any benefit payable with respect to a Participant pursuant to a domestic relations order, unless such order is determined to be a qualified domestic relations order, as defined in section 414(p) of the Code, or any domestic relations order entered before January 1, 1985.
- 13.02 **Exclusive Benefit:** The corpus or income of the trust may not be diverted to or used for any other than the exclusive benefit of the Participant or their beneficiaries.
- 13.03 **Reversion of Plan Assets to Employer:** Notwithstanding the provisions of Section 6.01(d) of the Plan:
- (a) Any contribution made by the Employer because of a mistake of fact must be returned to the Employer within one year of the contribution.
 - (b) In the event that the Commissioner of Internal Revenue determines that the Plan is not initially qualified under the Internal Revenue Code, any contribution made incident to that initial qualification by the Employer must be returned to the Employer within one year after the date the initial qualification is denied, but only if the application for the qualification is made by the time prescribed by law for filing the Employer's return for the taxable year in which the Plan is adopted, or such later date as the Secretary of the Treasury may prescribe.
 - (c) All contributions made by the Employer are conditioned on the deductibility of such contributions under section 404 of the Code. To the extent that a deduction is disallowed, such contribution, to the extent disallowed, shall be returned to the Employer within one year after the date of disallowance.
- 13.04 **Failure of Qualification:** If the Employer's Plan fails to attain or retain qualification, such Plan will no longer participate in this Prototype Plan and will be considered an individually designed plan.
- 13.05 **Crediting Service with Predecessor Employer:** If the Employer maintains the Plan of a predecessor Employer, service with such employer will be treated as service for the Employer.
- 13.06 **State Law:** Except as preempted by ERISA, this Plan shall be governed by the laws of the State indicated in the Adoption Agreement.

ARTICLE XIV GLOSSARY OF PLAN TERMS

The following words and phrases, when used herein shall have the meanings indicated below, unless a different meaning is clearly indicated by the context. All references to sections herein pertain to sections of the Plan unless otherwise indicated by the text or context.

PART A - THE FOLLOWING ARE GENERAL DEFINITIONS UNDER THE PLAN

- 14.01 **Adoption Agreement:** The instrument completed and executed by the Employer and accepted by the Trustee, in which the Employer adopts the Plan and Trust and selects its options under the Plan. There are a number of Adoption Agreements associated with this Plan and Trust document and not all elections referred to in this Plan are available in all Adoption Agreements. Therefore by adopting an Adoption Agreement which does not contain an election referred to in this Plan, the Employer shall not have such election available to it. Such agreement may be amended by the Employer from time to time, subject to Section 12.02 of the Plan.
- 14.02 **Authorized Leave of Absence:** Any absence authorized by the Employer under the Employer's standard personnel practices, so long as all persons under similar circumstances will have such practice uniformly applied to them, and further provided that the Participant either returns or retires within the period of the Authorized Leave of Absence. An absence due to service in the armed forces of the United States or of any state shall be considered an Authorized Leave of Absence if that absence is caused by war or other emergency or if the Participant is required to serve under the laws of conscription in time of peace, and the Participant returns to employment within the time provided by law.
- 14.03 **Beneficiary:** The person or persons designated pursuant to section 10.08 of Article X of the Plan to receive a Participant's benefits upon the Participant's death, subject to the restrictions of Article IX.
- 14.04 **Benefiting:** A Participant is treated as benefiting under the Plan for any Plan Year during which the Participant received or is deemed to receive an allocation in accordance with section 1.410(b)-3(a).
- 14.05 **Break in Service:**
- (a) **Hour of Service Method** - If the Employer has specified in the Adoption Agreement that the Hour of Service method shall be used, then a Break in Service shall mean a Plan Year during which an Employee does not complete more than 500 (or less, if so elected in the Adoption Agreement) Hours of Service with the Employer. However, in determining the Break in Service referenced in this paragraph, the computation period shall be the same as that which is used to determine a Year of Service for eligibility purposes.

Solely for the purpose of determining whether a Break in Service for eligibility and vesting purposes has occurred in a computation period, an individual who is absent from work for maternity or paternity reasons shall receive credit for the Hours of Service which would otherwise have been credited to such individual but for such absence, or in any case in which such hours cannot be determined, 8 Hours of Service per day of such absence. The Hours of Service credited under this paragraph shall be credited in the computation period in which the absence begins if the crediting is necessary to prevent a Break in Service in that period, or, in all other cases, in the following computation period.
 - (b) **Elapsed Time Method** - If the Employer has specified in the Adoption Agreement that the elapsed time method shall be used, then a Break in Service shall mean a Period of Severance of at least twelve-consecutive months.

A Period of Severance is a continuous period of time during which the Employee is not employed by the Employer. Such period begins on the date the Employee retires, quits, or is discharged, or if earlier, the 12 month anniversary of the date on which the Employee was otherwise first absent from service.

In the case of an individual who is absent from work for maternity or paternity reasons, the twelve-consecutive month period beginning on the first anniversary of the first date of such absence shall not constitute a Break in Service.

- (c) For purposes of Section 14.05(a) and (b) above, an absence from work for maternity or paternity reasons means an absence (1) by reason of the pregnancy of the individual, (2) by reason of the birth of a child of the individual, (3) by reason of the placement of a child with the individual in connection with the adoption of such child by such individual, or (4) for the purpose of caring for such child for a period beginning immediately following such birth or placement. The total number of hours of service under this section by reason of any such pregnancy or placement shall not exceed 501 hours.
- 14.06 **Code:** The Internal Revenue Code of 1986 and the regulations thereunder, as heretofore or hereafter amended. Reference to a section of the Code shall include that section and any comparable section or sections, or any future statutory provision which amends, supplements or supersedes that section.
- 14.07 **Collective Bargaining Agreement:** An agreement which the Secretary of Labor finds to be a Collective Bargaining Agreement between employee representatives and one or more employers, if there is evidence that retirement benefits were the subject of good faith bargaining and if less than two percent of the Employees of the Employer who are covered pursuant to that agreement are professionals as defined in section 1.410(b)-9(g) of the proposed regulations. For this purpose, the term "employee representatives" does not include any organization more than half of whose members are employees who are owners, officers, or executives of the Employer.
- 14.08 **Compensation:** Compensation will mean Compensation as that term is defined in Section 14.38 of the Plan. For any Self-Employed covered under the Plan, Compensation will mean Earned Income. Compensation shall include only that Compensation which is actually paid to the Participant during the Determination Period. Except as provided elsewhere in this Plan, the Determination Period shall be the period elected by the Employer in the Adoption Agreement. If the Employer makes no election, the Determination Period shall be the Plan Year.
- Notwithstanding the above, if elected by the Employer in the Adoption Agreement, Compensation shall include any amount which is contributed by the Employer pursuant to a salary reduction agreement and which is not includible in the gross income of the Employee under sections 125, 132(f)(4), 402(e)(3), 402(h)(1)(B) or 403(b) of the Code.
- For Plan Years beginning on or after January 1, 1994 and before January 1, 2002, the annual Compensation of each Participant taken into account for determining all benefits provided under the Plan for any Plan Year shall not exceed \$150,000, as adjusted for increases in the cost-of-living in accordance with section 401(a)(17)(B) of the Code. The cost-of-living adjustment in effect for a calendar year applies to any determination period beginning in such calendar year.
- For any plan year beginning after December 31, 2001, the annual compensation of each participant taken into account in determining allocations shall not exceed \$200,000, as adjusted for cost-of-living increases in accordance with §401(a)(17)(B) of the Code. Annual compensation means compensation during the plan year or such other consecutive 12-month period over which compensation is otherwise determined under the plan (the determination period). The cost-of-living adjustment in effect for a calendar year applies to annual compensation for the determination period that begins with or within such calendar year.
- If a Determination Period consists of fewer than 12 months the annual Compensation limit is an amount equal to the otherwise applicable annual Compensation limit multiplied by a fraction, the numerator of which is the number of months in the short Determination Period, and the denominator of which is 12.
- If Compensation for any prior Determination Period is taken into account in determining a Participant's allocation for the current Plan Year, the Compensation for such prior Determination Period is subject to the applicable annual compensation limit in effect for that prior Period. For this purpose, in determining allocations in Plan Years beginning on or after January 1, 1989, the annual Compensation limit in effect for Determination Periods beginning before that date is \$200,000. In addition, in determining allocations in Plan Years beginning on or after January 1, 1994, the annual Compensation limit in effect for Determination Periods beginning before that date is \$150,000.
- If so elected in the Adoption Agreement, Compensation for purposes of allocating Employer Contributions shall not include Compensation prior to the date the Employee's participation in this Plan commenced. For purposes of determining the Compensation of a Self-Employed, Compensation shall be deemed to have been earned at a uniform rate throughout the year, and shall include a pro rata amount based on the number of complete months of participation in this Plan.
- If so elected in the Adoption Agreement, Compensation for purposes of allocating Employer Contributions shall not include overtime or bonuses. However, Compensation may exclude overtime and bonuses for a Plan Year only if the "compensation percentage" for the Employer's Highly Compensated Employees is not greater than the "compensation percentage" for the Employer's Nonhighly Compensated Employees. The Compensation percentage for a group of Employees is calculated by averaging the separately calculated Compensation ratios for each Employee in the group. An Employee's compensation ratio is calculated by dividing the amount of the Employee's Compensation taking into consideration any exclusions from Compensation under the Adoption Agreement, by the amount of the Employee's Compensation unreduced by any exclusions elected under the Adoption Agreement.
- 14.09 **Depository:** The entity, if any, identified as such in the Adoption Agreement. The term "Depository" may include, among others, a financial institution in which all or part of the plan assets have been invested, or a brokerage or similar company with or through which all or part of the assets have been invested, at the direction of the Trustee, Employer, Plan Administrator, or by a Participant.
- 14.10 **Disability:** Disability means inability to engage in any substantial gainful activity by reason of any medically determinable physical or mental impairment that can be expected to result in death or which has lasted or can be expected to last for a continuous period of not less than 12 months. The permanence and degree of such impairment shall be supported by medical evidence. Disability shall be determined by a licensed physician selected by the Plan Administrator. If available and elected by the Employer in the Adoption Agreement, nonforfeitable contributions will be made to the Plan on behalf of each disabled Participant who is not a Highly Compensated Employee (within the meaning of section 14.19 of the Plan).
- 14.11 **Earned Income:** Earned Income means the net earnings from self-employment in the trade or business with respect to which the Plan is established, for which personal services of the individual are a material income-producing factor. Net earnings will be determined without regard to items not included in gross income and the deductions allocable to such items. Net earnings are reduced by contributions by the Employer to a qualified plan to

the extent deductible under section 404 of the Code. Net earnings shall be determined with regard to the deduction allowed to the Employer by section 164(f) of the Code for taxable years beginning after December 31, 1989.

- 14.12 **Employee:** Any Employee of the Employer maintaining the Plan or of any other employer required to be aggregated with such Employer under sections 414(b), (c), (m) or (o) of the Code. The term Employee also includes any Leased Employee deemed to be an Employee of any employer described in the previous sentence as provided in sections 414(n) or (o) of the Code.
- 14.13 **Employee Nondeductible Contribution:** Any contribution made to the Plan by or on behalf of a Participant that is included in the Participant's gross income in the year in which made and that is maintained under a separate account to which earnings and losses are allocated. If elected by the Employer in the Adoption Agreement, pursuant to section 4.02 of the Plan, such Employee Nondeductible Contributions will be mandatory. In such case, the Employer shall establish uniform and nondiscriminatory rules and procedures for mandatory Employee Nondeductible Contributions as it deems necessary, including requirements describing amounts and/or percentages of Compensation Participants may or must contribute to the Plan.
- 14.14 **Employee Contribution Account:** The account maintained with respect to a Participant in which are recorded any Employee Contributions and any earnings or losses thereon.
- 14.15 **Employer:** The sole proprietor, partnership, corporation, or other entity whose name appears on the Adoption Agreement executed by it, any successor which elects to continue the Plan, and any predecessor which has maintained this Plan.
- 14.16 **Employer Contributions:** Any profit-sharing or money purchase contributions made by the Employer pursuant to Article III and Article XV of the Plan.
- 14.17 **Employer Contribution Account:** The account maintained with respect to a Participant in which are recorded any Employer Contributions and earnings or losses thereon.
- 14.18 **Entry Date:** The date or dates set out in the Adoption Agreement or in Section 11.01 of the Plan as of which an Employee who has satisfied the eligibility requirements may enter this Plan and become a Participant hereunder.
- 14.19 **Highly Compensated Employee:**
- (a) Effective for years beginning after December 31, 1996, the term Highly Compensated Employee means any Employee who: (1) was a 5-percent owner at any time during the year or the preceding year, or (2) for the preceding year had compensation from the Employer in excess of \$80,000 and, if the employer so elects, was in the top-paid group for the preceding year. The \$80,000 amount is adjusted at the same time and in the same manner as under section 415(d), except that the base period is the calendar quarter ending September 30, 1996.
 - (b) For this purpose the applicable year of the Plan for which a determination is being made is called a determination year and the preceding 12-month period is called a look-back year.
 - (c) A Highly Compensated former Employee is based on the rules applicable to determining Highly Compensated Employee status as in effect for that determination year, in accordance with section 1.414(q)-1T, A-4 of the temporary Income Tax Regulations and Notice 97-45.
 - (d) In determining whether an Employee is a Highly Compensated Employee for years beginning in 1997, the amendments to section 414(q) stated above are treated as having been in effect for years beginning in 1996.
 - (e) Determination Years and Look-Back Years: HCE status is determined on the basis of the Applicable Year of the Plan or other entity for which a determination is being made ("Determination Year"). The Look-Back Year is the 12-month period immediately preceding the Determination Year, or if the Employer elects in the Adoption Agreement, the calendar year beginning with or within such 12-month period.
 - (f) Applicable Year: The applicable year for a plan is the Plan Year.
 - (g) For purposes of this section 14.19, Compensation shall mean compensation as that term is defined under section 415(c)(3) of the Code.
 - (h) Employers aggregated under sections 414(b), (c), (m), or (o) of the Code are treated as a single employer.
 - (i) Top-Paid Group Election: If elected in the Adoption Agreement, an Employee is in the top-paid group for any year if the Employee is in the group consisting of the top 20 percent of the Employees of the Employer when ranked on the basis of Compensation paid to Employees during such year. For purposes of determining the number of Employees in the Top-Paid Group, Employees described in section 414(q)(5) of the Code and 1.414(q)-1T of the Treasury Regulations are excluded. A top-paid group election, once made, applies for all subsequent Determination Years unless subsequently amended by the employer.
 - (j) Calendar Year Data Election: If elected in the Adoption Agreement an Employer may make a calendar year data election for a Determination Year. The effect of the calendar year data election is that the calendar year beginning with or within the look-back year is treated as the Employer's look-back year for purposes of determining whether an Employee is an HCE on account of the Employee's Compensation for a look-back year under section 414(q)(1)(B). A calendar year data election, once made, applies for all subsequent Determination Years until subsequently amended by the Employer.
 - (k) If the Plan has a calendar year as its Determination Year, then the immediately preceding calendar year is the look-back year for the Plan.
 - (l) Interaction of Top-Paid Group Election and Calendar Year Data Election: The top-paid group election and the calendar year data election are independent of each other, and therefore, the Employer making one of the elections is not required also to make the other election. However, if both elections are made, the look-back year in determining the top-paid group must be the calendar year beginning with or within the look-back year.

14.20 **Hour of Service:** Hour of Service shall mean:

- (a) Each hour for which an Employee is paid, or entitled to payment, for the performance of duties for the Employer. These hours will be credited to the Employee for the Computation period in which the duties are performed; and
- (b) Each hour for which an Employee is paid, or entitled to payment, by the Employer on account of a period of time during which no duties are performed (irrespective of whether the employment relationship has terminated) due to vacation, holiday, illness, incapacity (including Disability), layoff, jury duty, military duty of leave of absence. No more than 501 hours of service will be credited under this paragraph for any single continuous period (whether or not such period occurs in a single computation period). Hours under this paragraph will be calculated and credited pursuant to Section 2530.200b-2 of the Department of Labor Regulations which is incorporated herein by this reference; and
- (c) Each hour for which back pay, irrespective of mitigation of damages, is either awarded or agreed to by the Employer. The same Hours of Service will not be credited both under paragraph (a) or (b), as the case may be, and under this paragraph (c). These hours will be credited to the Employee for the computation period or periods to which the award or agreement pertains rather than the computation period in which the award, agreement or payment is made.

Hours of Service will be credited for employment with other members of an affiliated service group (under Section 414(m)), a controlled group of corporations (under Section 414(b)), or a group of trades or businesses under common control (under Section 414(c)) of which the adopting employer is a member, and any other entity required to be aggregated with the employer pursuant to Section 414(o) and the regulations thereunder.

Hours of Service will also be credited for any individual considered an Employee for purposes of this Plan under Section 414(n) or Section 414(o) and the regulations thereunder.

Solely for purposes of determining whether a Break in Service, as defined in Section 14.05, for participation and vesting purposes has occurred in a computation period, an individual who is absent from work for maternity or paternity reasons shall receive credit for the Hours of Service which would otherwise have been credited to such individual but for such absence, or in any case in which such hours cannot be determined, 8 Hours of Service per day of such absence. For purposes of this paragraph, an absence from work for maternity or paternity reasons means an absence (1) by reason of the pregnancy of the individual, (2) by reason of a birth of a child of the individual, (3) by reason of the placement of a child with the individual in connection with the adoption of such child by such individual, or (4) for purposes of caring for such child for a period beginning immediately following such birth or placement. The Hours of Service credited under this paragraph shall be credited (1) in the computation period in which the absence begins if the crediting is necessary to prevent a Break in Service in that period, or (2) in all other cases, in the following computation period.

- (d) Service will be determined on the basis of the method selected in the Adoption Agreement.

14.21 **Investment Manager:** Any person, firm or corporation who is a registered investment advisor under the Investment Advisors Act of 1940, a bank, or an insurance company, who has the power to manage, acquire or dispose of Plan assets, and who acknowledges in writing his fiduciary responsibility to the Plan.

14.22 **Leased Employee:** Any person (other than an employee of the recipient) who pursuant to an agreement between the recipient and any other person ("leasing organization") has performed services for the recipient (or for the recipient and related persons determined in accordance with Section 414(n)(6) of the Code) on a substantially full time basis for a period of at least one year, and such services are performed under primary direction or control by the recipient Contributions or benefits provided a Leased Employee by the leasing organization which are attributable to services performed for the recipient employer shall be treated as provided by the recipient employer.

A Leased Employee shall not be considered an Employee of the recipient if: (a) such employee is covered by a money purchase pension plan providing (1) a nonintegrated employer contribution rate of at least 10 percent of Compensation, as defined in Section 14.38 of the Plan, but including amounts contributed pursuant to a salary reduction agreement which are excludable from the employee's gross income under Section 125, Section 132(f)(4), Section 402(e)(3), Section 402(h)(1)(B) or Section 403(b) of the Code, (2) immediate participation, and (3) full and immediate vesting; and (b) Leased Employees do not constitute more than 20 percent of the recipient's nonhighly compensated workforce.

14.23 **Nonhighly Compensated Employee:** An Employee who is neither a Highly Compensated Employee nor a Family Member of a Highly Compensated Employee.

14.24 **Nonresident Alien:** A nonresident alien who receives no earned income from the Employer which constitutes income from sources within the United States (within the meaning of section 861(a)(3) of the Code).

14.25 **Normal Retirement Age:** The age selected in the Adoption Agreement. If the Employer enforces a mandatory retirement age, the Normal Retirement Age is the lesser of that mandatory age or the age specified in the Adoption Agreement.

14.26 **Owner-Employee:** An individual who is a sole proprietor, or who is a partner owning more than 10 percent of either the capital or profits interest of the partnership.

14.27 **Participant:** An Employee who has satisfied the eligibility requirements contained in the Adoption Agreement and in Article II of the Plan with respect to a particular type of contribution, and who was employed by the Employer on the Entry Date. Such Employee is a Participant only with respect to the type(s) of contributions for which the eligibility and Entry Date requirements have been satisfied.

14.28 **Plan:** This Plan and Trust adopted by the Employer as provided herein and on the Adoption Agreement executed by the Employer. Unless otherwise indicated, any reference to the Plan shall also include the Adoption Agreement and Trust Agreement adopted by the Employer and Trustee(s).

14.29 **Plan Administrator:** The person or persons named to administer the Plan (as set forth in Article VII), on behalf of the Employer as specified in the Adoption Agreement.

14.30 **Plan Year:** The 12-consecutive month period designated by the Employer in the Adoption Agreement or specified in Section 11.01.

14.31 **Self-Employed:** An individual who has Earned Income for the taxable year from the trade or business for which the Plan is established; also, an individual who would have had Earned Income but for the fact that the trade or business had no net profits for the taxable year.

- 14.32 **Straight Life Annuity:** An annuity payable in equal installments for the life of the Participant that terminate upon the Participant's death.
- 14.33 **Trust Fund:** The fund maintained in accordance with the Trust Agreement and the property held therein. If the Employer has designated a Custodian in the Adoption Agreement, the term "Custodial Fund" shall be substituted for "Trust Fund" throughout this Plan, the Trust Agreement and the Adoption Agreement.
- 14.34 **Trustee:** The person or persons named in the Adoption Agreement and accepting the Trust, or any successor or successors appointed by the Employer and accepting the Trust. If the Employer has designated a Custodian in the Adoption Agreement, the term "Custodian" shall be substituted for "Trustee" throughout this Plan, the Trust Agreement and the Adoption Agreement.
- 14.35 **Valuation Date:** The last day of each Plan Year, any additional dates specified in the Adoption Agreement, and such other dates as shall be directed by the Plan Administrator. In such case, the Plan Administrator will estimate the gain or loss between the last valuation date and the date of distribution, based on reasonable criteria on a nondiscriminatory basis.
- 14.36 **Year of Service:**
- (a) **Hours of Service Method:** If the Employer has specified in the Adoption Agreement that service will be credited on the basis of hours, days, weeks, semi-monthly payroll periods, or months, a Year of Service is a 12-consecutive month computation period during which the Employee completes at least the number of Hours of Service (not to exceed 1,000) specified in the Adoption Agreement.
 - (b) **Elapsed Time Method:**
 - (1) If the Employer has specified in the Adoption Agreement (or if the Adoption Agreement default is) that service will be credited under the Elapsed Time Method, for purposes of determining an Employee's initial or continued eligibility to participate in the Plan or the nonforfeitable interest in a Participant's account balance derived from Employer Contributions, a Year of Service is a period of service of 365 days.
 - (2) For purposes of determining an Employee's initial or continued eligibility to participate in the Plan or the nonforfeitable interest in the Participant's account balance derived from Employer Contributions, (except for periods of service which may be disregarded on account of the "rule of parity" described in Sections 2.08 and 5.06) an Employee will receive credit for the aggregate of all time period(s) commencing with the Employee's first day of employment or reemployment and ending on the date a Break in Service begins. The first day of employment or reemployment is the first day the Employee performs an Hour of Service. An Employee will also receive credit for any period of severance of less than 12 consecutive months. Fractional periods of a year will be expressed in terms of days.

PART B - THE FOLLOWING DEFINITIONS RELATE TO LIMITATIONS ON ALLOCATIONS (SEE ARTICLE VI)

- 14.37 **Annual Additions:** The sum of the following amounts credited to a Participant's account for the Limitation Year
- (a) Employer Contributions,
 - (b) Employee Contributions,
 - (c) Forfeitures, and
 - (d) amounts allocated, after March 31, 1984, to an individual medical account, as defined in Section 415(l)(2) of the Code, which is part of a pension or annuity plan maintained by the Employer are treated as Annual Additions to a defined contribution plan. Also amounts derived from contributions paid or accrued after December 31, 1985, in taxable years ending after such date, which are attributable to post-retirement medical benefits, allocated to the separate account of a key employee, as defined in Section 419A(d)(3) of the Code, under a welfare benefit fund, as defined in Section 419(e) of the Code, maintained by the Employer are treated as Annual Additions to a defined contribution plan, and allocations under a simplified employee pension plan.

For this purpose, any excess amount applied under Sections 6.01(d) or 6.02(f) in the Limitation Year to reduce Employer contributions will be considered Annual Additions for such Limitation Year.

- 14.38 **Compensation:** As elected by the Employer in the Adoption Agreement, Compensation shall mean all of a Participant's:
- (a) Information required to be reported under sections 6041, 6051, and 6052 of the Code (Wages, tips and other compensation as reported on Form W-2). Compensation is defined as wages within the meaning of section 3401(a) and all other payments of compensation to an employee by the employer (in the course of the employer's trade or business) for which the employer is required to furnish the employee a written statement under sections 6041(d), 6051(a)(3), and 6052. Compensation must be determined without regard to any rules under section 3401(a) that limit the remuneration included in wages based on the nature or location of the employment or the services performed (such as the exception for agricultural labor in section 3401(a)(2)).
 - (b) Section 3401(a) wages. Wages as defined in section 3401(a) for the purposes of income tax withholding at the source but determined without regard to any rules that limit the remuneration included in wages based on the nature or location of the employment or the services performed (such as the exception for agricultural labor in section 3401(a)(2)).
 - (c) 415 safe-harbor compensation. Wages, salaries, and fees for professional services and other amounts received (without regard to whether or not an amount is paid in cash) for personal services actually rendered in the course of employment with the Employer maintaining the Plan to the extent that the amounts are includable in gross income (including, but not limited to, commissions paid salesmen, compensation for services on the basis of a percentage of profits, commissions on insurance premiums, tips, bonuses, fringe benefits, reimbursements, and expense allowances under a nonaccountable plan (as described in section 1.62-2(c))), and excluding the following:
 - (1) Employer contributions to a plan of deferred compensation which are not includable in the Employee's gross income for the taxable year in which contributed, or Employer contributions under a simplified employee pension plan, or any distributions from a plan of deferred compensation;
 - (2) Amounts realized from the exercise of a non-qualified stock option, or when restricted stock (or property) held by the Employee either becomes freely transferable or is no longer subject to a substantial risk of forfeiture;
 - (3) Amounts realized from the sale, exchange or other disposition of stock acquired under a qualified stock option; and
 - (4) other amounts which received special tax benefits, or contributions made by the Employer (whether or not under a salary reduction agreement) towards the purchase of an annuity described in section 403(b) of the Internal Revenue Code (whether or not the amounts are actually excludable from the gross income of the Employee).

For any Self-Employed, Compensation will mean Earned Income.

For Limitation Years beginning after December 31, 1991, for purposes of applying the limitations of Article VI, Compensation for a Limitation Year is the Compensation actually paid or includible in gross income during such Limitation Year.

Notwithstanding the preceding sentence, Compensation for a Participant in a defined contribution plan who is permanently and totally disabled (as defined in Section 22(e)(3) of the Internal Revenue Code) is the Compensation such Participant would have received for the Limitation Year if the Participant had been paid at the rate of Compensation paid immediately before becoming permanently and totally disabled.

For purposes of applying the limitations of this Article, Compensation paid or made available during such Limitation Year shall include any Elective Deferral (as defined in Code section 402(g)(3)), and any amount which is contributed or deferred by the Employer at the election of the Employee and which is not includible in the gross income of the Employee by reason of sections 125, 132(f)(4) or 457.

If elected by the employer in the adoption agreement, amounts under §125 include any amounts not available to a participant in cash in lieu of group health coverage because the participant is unable to certify that he or she has other health coverage (deemed §125 compensation). An amount will be treated as an amount under §125 only if the employer does not request or collect information regarding the participant's other health coverage as part of the enrollment process for the health plan.

- (d) Unless a different option is elected by the Employer in the Adoption Agreement, for Limitation Years beginning in 2005, payments made within 2 ½ months after severance from employment (within the meaning of section 401(k)(2)(B)(i)(I)) will be compensation within the meaning of section 415(c)(3) if they are payments that, absent a severance from employment, would have been paid to the employee while the employee continued in employment with the employer and are regular compensation for services during the employee's regular working hours, compensation for services outside the employee's regular working hours (such as overtime or shift differential), commissions, bonuses, or other similar compensation, and payments for accrued bona fide sick, vacation or other leave, but only if the employee would have been able to use the leave if employment had continued. Any payments not described above are not considered compensation if paid after severance from employment, even if they are paid within 2 ½ months following severance from employment, except for payments to an individual who does not currently perform services for the employer by reason of qualified military service (within the meaning of section 414(u)(1)) to the extent these payments do not exceed the amounts the individual would have received if the individual had continued to perform services for the employer rather than entering qualified military service.
- (e) Alternative Definitions of Compensation that Satisfy section 414(s): In addition to the definitions provided under section 14.38 of the Plan, any definition of compensation satisfies section 414(s) of the Code with respect to Employees (other than Self-Employed Individuals treated as Employees under section 401(c)(1)) if the definition of Compensation does not by design favor Highly Compensated Employees, is reasonable within the meaning of section 1.414(s)-1(d)(2), and satisfies the nondiscrimination requirements of section 1.414(s)-1(d)(3). The following definitions automatically satisfy section 414(s) of the Code.

(1) Compensation within the meaning of section 415(c)(3). For years beginning after December 31, 1997, this definition of compensation includes elective deferrals defined in section 402(g)(3), amounts deferred under a section 125 cafeteria plan or under a section 457 plan and the value of qualified transportation fringe benefits described in section 132(f). Under this definition, a self-employed person's compensation is earned income as defined in section 401(c)(2).

(2) Wages as defined in section 3401(a) plus all other compensation required to be reported by the employer under sections 6041, 6051 and 6052, or wages as defined in 3401(a), both determined without regard to any rules that limit wages based on the nature or location of employment.

(3) A safe-harbor definition that starts with (1) or (2), but excludes all of the following: reimbursements or other expense allowances, fringe benefits, moving expenses, deferred compensation, and welfare benefits. This safe-harbor generally permits the following definition to fall within the scope of section 414(s): Regular or base salary or wages, plus commissions, tips, overtime and other premium pay, bonuses, and any other item of compensation includible in gross income that is not listed as an exclusion in the preceding sentence. If this definition is used, any self-employed individual's compensation is to be limited to earned income multiplied by the percentage of Nonhighly Compensated Employees' total compensation (determined on a group basis) that is included under the plan definition. Under any of these definitions, the employer can elect to include or exclude elective contributions not includible in income, section 457(b) deferred compensation, qualified transportation fringe benefits excluded from income under section 132(f)(4) and section 414(h)(2) pick-up contributions. If any of these are included (excluded), they must all be included (excluded). In certain situations compensation can include "deemed section 125 compensation". Other definitions of compensation may satisfy section 414(s) if they are reasonable, not designed to favor Highly Compensated Employees, and if the facts and circumstances show that the average percentage of total compensation included for Highly Compensated Employees as a group does not exceed the average percentage for Nonhighly Compensated Employees by more than a de minimis amount. In this case, the Employer must submit a demonstration that the definition is nondiscriminatory. Imputed Compensation or Compensation defined in reference to an Employee's rate of Compensation (rather than actual Compensation) may not be used for purposes of the ACP (or ADP) test. The period used to determine an Employee's Compensation must be the Plan Year, the calendar year ending in the Plan Year, or the portion of either during which the Employee was eligible under the Plan.

14.39 **Defined Contribution Dollar Limitation:** \$40,000, as adjusted under Section 415(d) of the Code.

14.40 **Employer:** For purposes of Article VI, employer shall mean the Employer that adopts this Plan, and all members of a controlled group of corporations (as defined in Section 414(b) of the Code as modified by Section 415(h)), all commonly controlled trades or businesses (as defined in Section 414(c) as modified by Section 415(h)) or affiliated service groups (as defined in Section 414(m)) of which the adopting employer is a part, and any other entity required to be aggregated with the Employer pursuant to regulations under Section 414(o) of the Code.

14.41 **Excess Amount:** The excess of the Participant's Annual Additions for the Limitation Year over the Maximum Permissible Amount.

14.42 **Highest Average Compensation:** The average compensation for the three consecutive Years of Service with the Employer that produces the highest average. A Year of Service with the Employer is the 12-consecutive month period defined in the Adoption Agreement.

14.43 **Limitation Year:** A calendar year, or the 12-consecutive month period elected by the Employer in the Adoption Agreement or specified in Section 11.01. All qualified plans maintained by the Employer must use the same Limitation Year. If the Limitation Year is amended to a different 12-consecutive month period, the new Limitation Year must begin on a date within the Limitation Year in which the amendment is made.

14.44 **Master or Prototype Plan:** A plan the form of which is the subject of a favorable opinion letter from the Internal Revenue Service.

14.45 **Maximum Annual Additions:** For limitation years beginning before January 1, 2002, the maximum Annual Addition that may be contributed or allocated to a Participant's account under the Plan for any Limitation Year shall not exceed the lesser of:

- (a) the Defined Contribution Dollar Limitation, or
- (b) 25 percent of the Participant's Compensation for the Limitation Year.

For limitation years beginning on or after January 1, 2002, except for catch up contributions described in Code §414(v), the annual addition that may be contributed or allocated to a participant's account under the plan for any limitation year shall not exceed the lesser of:

- (a) \$40,000, as adjusted for increases in the cost-of-living under §415(d) of the Code, or
- (b) 100 percent of the participant'

The compensation limit referred to in (b) shall not apply to any contribution for medical benefits after separation from service (within the meaning of §401(h) or §419A(f)(2) of the Code) which is otherwise treated as an annual addition.

If a short Limitation Year is created because of an amendment changing the Limitation Year to a different 12-consecutive month period, the Maximum Permissible Amount will not exceed the Defined Contribution Dollar Limitation multiplied by the following fraction:

$$\frac{\text{Number of months in the short Limitation Year}}{12}$$

14.46 **Projected Annual Benefit:** The annual retirement benefit (adjusted to an actuarially equivalent straight life annuity if such benefit is expressed in a form other than a straight life annuity) or Qualified Joint and Survivor Annuity to which the Participant would be entitled under the terms of the Plan assuming:

- (a) the Participant will continue employment until Normal Retirement Age under the Plan (or current age, if later), and
- (b) the Participant's Compensation for the current Limitation Year and all other relevant factors used to determine benefits under the Plan will remain constant for all future Limitation Years.

PART C - THE FOLLOWING DEFINITIONS RELATE TO JOINT AND SURVIVOR ANNUITY REQUIREMENTS (SEE ARTICLE IX).

14.47 **Annuity Starting Date:** The first day of the first period for which an amount is paid as an annuity or any other form.

14.48 **Earliest Retirement Age:** The earliest date on which, under the Plan, the Participant could elect to receive retirement benefits.

14.49 **Election Period:**

- (a) The period which begins on the first day of the Plan Year in which the Participant attains age 35 and ends on the date of the Participant's death. If a Participant separates from service prior to the first day of the Plan Year in which age 35 is attained, with respect to the account balance as of the date of separation, the election period shall begin on the date of separation.
- (b) Pre-age 35 waiver - A Participant who will not yet attain age 35 as of the end of any current Plan Year may make a special qualified election to waive the Qualified Preretirement Survivor Annuity for the period beginning on the date of such election and ending on the first day of the Plan Year in which the Participant will attain age 35. Such election shall not be valid unless the Participant receives a written explanation required under Section 9.04. Qualified Preretirement Survivor Annuity coverage will be automatically reinstated as of the first day of the Plan Year in which the Participant attains age 35. Any new waiver on or after such date shall be subject to the full requirements of Article IX.

14.50 **Qualified Election:** A waiver of a Qualified Joint and Survivor Annuity or a Qualified Preretirement Survivor Annuity. Any waiver of a Qualified Joint and Survivor Annuity or a Qualified Preretirement Survivor Annuity shall not be effective unless: (a) the Participant's spouse consents in writing to the election; (b) the election designates a specific Beneficiary, including any class of beneficiaries or any contingent beneficiaries, which may not be changed without spousal consent (or the spouse expressly permits designations by the Participant without any further spousal consent); (c) the spouse's consent acknowledges the effect of the election; and (d) the spouse's consent is witnessed by a plan representative or notary public. Additionally, a Participant's waiver of the Qualified Joint and Survivor Annuity shall not be effective unless the election designates a form of benefit payment which may not be changed without spousal consent (or the spouse expressly permits designations by the Participant without any further spousal consent). If it is established to the satisfaction of a plan representative that there is no spouse or that the spouse cannot be located, a waiver will be deemed a qualified election.

Any consent by a spouse obtained under this provision (or establishment that the consent of a spouse may not be obtained) shall be effective only with respect to such spouse. A consent that permits designations by the Participant without any requirement of further consent by such spouse must acknowledge that the spouse has the right to limit consent to a specific Beneficiary, and a specific form of benefit where applicable, and that the spouse voluntarily elects to relinquish either or both of such rights. A revocation of a prior waiver may be made by a Participant without the consent of the spouse at any time before the commencement of benefits. The number of revocations shall not be limited. No consent obtained under this provision shall be valid unless the Participant has received notice as provided in Section 9.04.

14.51 **Qualified Joint and Survivor Annuity:** An immediate annuity for the life of the Participant with a survivor annuity for the life of the spouse which is not less than 50 percent and not more than 100 percent of the amount of the annuity which is payable during the joint lives of the Participant and spouse and which is the amount of benefit which can be purchased with the Participant's vested account balance. The percentage of the survivor annuity under the Plan shall be 50% (unless a different percentage is elected by the Employer in the Adoption Agreement.)

14.52 **Spouse (Surviving Spouse):** The spouse or surviving spouse of the Participant, provided that a former spouse will be treated as the spouse or surviving spouse and a current spouse will not be treated as the spouse or surviving spouse to the extent provided under a Qualified Domestic Relations Order as described in Section 414(p) of the Code.

14.53 **Vested Account Balance:** The aggregate value of the Participant's Vested Account Balances derived from Employer and Employee Contributions (including rollovers), whether vested before or upon death, including the proceeds of insurance contracts, if any, on the Participant's life. The provisions of Article X shall apply to a Participant who is vested in amounts attributable to Employer Contributions, Employee Contributions (or both) at the time of death or distribution.

PART D - THE FOLLOWING DEFINITIONS RELATE TO MINIMUM REQUIRED DISTRIBUTIONS UPON ATTAINING AGE 70 1/2 OR DEATH (SEE ARTICLE X)

- 14.54 **Applicable Life Expectancy:** The life expectancy (or joint and last survivor expectancy) calculated using the attained age of the Participant (or Designated Beneficiary) as of the Participant's (or Designated Beneficiary's) birthday in the applicable calendar year reduced by one for each calendar year which has elapsed since the date life expectancy was first calculated. If the life expectancy is being recalculated, the applicable life expectancy shall be the life expectancy as so recalculated. The applicable calendar year shall be the first distribution calendar year, and if life expectancy is being recalculated such succeeding calendar year.
- 14.55 **Designated Beneficiary:** . The individual who is designated by the participant (or the participant's surviving spouse) as the beneficiary of the participant's interest under the plan and who is the designated beneficiary under § 401(a)(9) of the Code and § 1.401(a)(9)- 4 of the regulations.
- 14.56 **Distribution Calendar Year** A calendar year for which a minimum distribution is required. For distributions beginning before the participant's death, the first distribution calendar year is the calendar year immediately preceding the calendar year which contains the participant's required beginning date. For distributions beginning after the participant's death, the first distribution calendar year is the calendar year in which distributions are required to begin under section 10.07(b)(2). The required minimum distribution for the participant's first distribution calendar year will be made on or before the participant's required beginning date. The required minimum distribution for other distribution calendar years, including the required minimum distribution for the distribution calendar year in which the participant's required beginning date occurs, will be made on or before December 31 of that distribution calendar year.
- 14.57 **Life Expectancy:** Life expectancy. Life expectancy as computed by use of the Single Life Table in § 1.401(a)(9)-9, Q&A-1, of the regulations.
- 14.58 **Participant's Account Balance:**
The account balance as of the last valuation date in the calendar year immediately preceding the distribution calendar year (valuation calendar year) increased by the amount of any contributions made and allocated or forfeitures allocated to the account as of dates in the valuation calendar year after the valuation date and decreased by distributions made in the valuation calendar year after the valuation date. The account balance for the valuation calendar year includes any amounts rolled over or transferred to the plan either in the valuation calendar year or in the distribution calendar year if distributed or transferred in the valuation calendar year.
- 14.59 **Required Beginning Date:**
- (a) The Required Beginning Date of a Participant shall be defined as one of the following as elected by the Employer in the Adoption Agreement (if no election is made the default under section (a)(2) shall apply):
- 1) The Required Beginning Date of a Participant is the April 1 of the calendar year following the calendar year in which the Participant attains age 70½.
 - 2) The Required Beginning Date of a Participant is the April 1 of the calendar year following the calendar year in which the Participant attains age 70½, except that benefit distributions to a participant (other than a 5-percent owner) with respect to benefits accrued after the later of the adoption or effective date of the amendment to the Plan must commence by the later of the April 1 of the calendar year following the calendar year in which the Participant attains age 70½ or retires.
 - 3) The required beginning date of a participant is April 1 of the calendar year following the later of the calendar year in which the participant attains age 70½ or the calendar year in which the participant retires, except that benefit distributions to a 5-percent owner must commence by April 1 of the calendar year following the calendar year in which the participant attains age 70½.
- (A) If elected by the employer in the adoption agreement, any participant (other than a 5-percent owner) attaining age 70½ in years after 1995 may elect by April 1 of the calendar year following the calendar year in which the participant attained age 70½ (or by December 31, 1997 in the case of a participant attaining age 70½ in 1996), to defer distributions until April 1 of the calendar year following the calendar year in which the participant retires. If no such election is made, the participant will begin receiving distributions by April 1 of the calendar year following the year in which the participant attained age 70½.
- (B) If elected by the employer in the adoption agreement, any participant (other than a 5-percent owner) attaining age 70½ in years prior to 1997 may elect to stop distributions and recommence by April 1 of the calendar year following the year in which the participant retires. To satisfy the Joint and Survivor Annuity Requirements described in Article IX, the requirements in Notice 97-75, Q&A-8, must be satisfied for any participant who elects to stop distributions. There is either (as elected by the employer in the adoption agreement) (i) a new annuity starting date upon recommencement, or (ii) no new annuity starting date upon recommencement.
- (b) **5-percent owner.** A Participant is treated as a 5-percent owner for purposes of this section if such Participant is a 5 percent owner as defined in section 416 of the Code at any time during the Plan Year ending with or within the calendar year in which such owner attains age 70½. Once distributions have begun to a 5-percent owner under this section, they must continue to be distributed, even if the Participant ceases to be a 5-percent owner in a subsequent year.

PART E - THE FOLLOWING DEFINITIONS RELATE TO TOP-HEAVY PLANS (SEE ARTICLE VIII)

- 14.60 **Key Employee:** In determining whether the plan is top-heavy for plan years beginning after December 31, 2001, key employee means any employee or former employee (including any deceased employee) who at any time during the plan year that includes the determination date is an officer of the employer having an annual compensation greater than \$130,000 (as adjusted under §416(i)(1) of the Code for plan years beginning after December 31, 2002), a 5-percent owner of the employer, or a 1-percent owner of the employer having an annual compensation of more than \$150,000. In determination whether a plan is top heavy for plan years beginning before January 1, 2002, key employee means any employee or former employee (including any deceased employee) who at any time during the 5-year period ending on the determination date, is an officer of the employer having an annual compensation that exceeds 50 percent of the dollar limitation under §415(b)(1)(A), an owner (or considered an owner under §318) of one of the ten largest interests in the employer if such individual's compensation exceeds 100 percent of the dollar limitation under §415(c)(1)(A), a 5 percent owner of the employer, or a 1 percent owner of the employer who has an annual compensation of more than \$150,000. For purposes of this paragraph (i), annual compensation means compensation within the meaning of section 14.38 of the Plan.

14.61 **Top-Heavy Plan:** For any Plan Year beginning after December 31, 1983, this Plan is Top-Heavy if any of the following conditions exists:

- (a) If the Top-Heavy Ratio for this Plan exceeds 60 percent and this Plan is not part of any required aggregation group or permissive aggregation group of plans.
- (b) If this Plan is a part of a required aggregation group of plans but not part of a permissive aggregation group and the Top-Heavy Ratio for the group of plans exceeds 60 percent.
- (c) If this Plan is a part of a required aggregation group and part of a permissive aggregation group of plans and the Top-Heavy Ratio for the group of plans and the Top-Heavy Ratio for the permissive aggregation group exceeds 60 percent.

14.62 **Top-Heavy Ratio:**

- (a) If the Employer maintains one or more defined contribution plans (including any simplified employee pension plan) and the employer has not maintained any defined benefit plan which during the 5-year period ending on the determination date(s) has or has had accrued benefits, the Top-Heavy Ratio for this Plan alone or for the required or permissive aggregation group as appropriate is a fraction, the numerator of which is the sum of the account balances of all Key Employees as of the determination date(s) (including any part of any account balance distributed in the 1-year period ending on the determination date(s)) (5-year period ending on the determination date in the case of a distribution made for a reason other than severance from employment, death or disability and in determining whether the plan is top-heavy for plan years beginning before January 1, 2002) , and the denominator of which is the sum of all account balances (including any part of any account balance distributed in the 1-year period ending on the determination date(s)) (5-year period ending on the determination date in the case of a distribution made for a reason other than severance from employment, death or disability and in determining whether the plan is top-heavy for plan years beginning before January 1, 2002), both computed in accordance with section 416 of the Code and the regulations thereunder. Both the numerator and denominator of the Top-Heavy Ratio are increased to reflect any contribution not actually made as of the determination date, but which is required to be taken into account on that date under section 416 of the Code and the regulations thereunder.
- (b) If the Employer maintains one or more defined contribution plans (including any simplified employee pension plan) and the Employer maintains or has maintained one or more defined benefit plans which during the 5-year period ending on the Determination Date(s) has or has had any accrued benefits, the Top-Heavy Ratio for any required or permissive aggregation group as appropriate is a fraction, the numerator of which is the sum of account balances under the aggregated defined contribution plan or plans for all Key Employees, determined in accordance with (a) above, and the present value of accrued benefits under the aggregated defined benefit plan or plans for all Key Employees as of the Determination Date(s), and the denominator of which is the sum of the account balances under the aggregated defined contribution plan or plans for all Participants, determined in accordance with (a) above, and the present value of accrued benefits under the defined benefit plan or plans for all Participants as of the Determination Date(s), all determined in accordance with section 416 of the Code and the regulations thereunder. The accrued benefits under a defined benefit plan in both the numerator and denominator of the Top-Heavy Ratio are increased for any distribution of an accrued benefit made in the one-year period ending on the Determination Date (5-year period ending on the determination date in the case of a distribution made for a reason other than severance from employment, death or disability and in determining whether the plan is top-heavy for plan years beginning before January 1, 2002).
- (c) For purposes of (a) and (b) above the value of account balances and the present value of accrued benefits will be determined as of the most recent Valuation Date that falls within or ends with the 12-month period ending on the Determination Date, except as provided in section 416 of the Code and the regulations thereunder for the first and second Plan Years of a defined benefit plan. The account balances and accrued benefits of a Participant (1) who is not a Key Employee but who was a Key Employee in a prior year, or (2) who has not been credited with at least one Hour of Service with any employer maintaining the Plan at any time during the 1-year period (five-year period in determining whether the plan is top-heavy for plan years beginning before January 1, 2002) ending on the Determination Date will be disregarded. The calculation of the Top-Heavy Ratio, and the extent to which distributions, rollovers, and transfers are taken into account will be made in accordance with section 416 of the Code and the regulations thereunder. Deductible Employee Contributions will not be taken into account for purposes of computing the Top-Heavy Ratio. When aggregating plans the value of account balances and accrued benefits will be calculated with reference to the Determination Dates that fall within the same calendar year.

The accrued benefit of a Participant other than a Key Employee shall be determined under (a) the method, if any, that uniformly applies for accrual purposes under all defined benefit plans maintained by the Employer, or (b) if there is no such method, as if such benefit accrued not more rapidly than the slowest accrual rate permitted under the fractional rule of section 411(b)(1)(C) of the Code.

14.63 **Permissive Aggregation Group:** The Required Aggregation Group of plans plus any other plan or plans of the Employer which, when considered as a group with the Required Aggregation Group, would continue to satisfy the requirements of sections 401(a)(4) and 410 of the Code.

14.64 **Required Aggregation Group:**

- (a) Each qualified plan of the Employer in which at least one Key Employee participates or participated at any time during the determination period (regardless of whether the plan has terminated), and
- (b) any other qualified plan of the Employer which enables a plan described in (a) above to meet the requirements of sections 401(a)(4) or 410 of the Code.

14.65 **Determination Date:** For any Plan Year subsequent to the first Plan Year, the last day of the preceding Plan Year. For the first Plan Year of the Plan, the last day of that year.

14.66 **Valuation Date:** The date elected by the Employer in the Adoption Agreement or specified in Section 11.01 and such other dates as shall be directed by the Plan Administrator as of which account balances or accrued benefits are valued for purposes of calculating the Top-Heavy Ratio.

14.67 **Present Value:** Present Value shall be based only on the interest and mortality rates specified in the Adoption Agreement.

PART F - THE FOLLOWING DEFINITIONS RELATE TO QUALIFIED CASH OR DEFERRED ARRANGEMENTS (SEE ARTICLE XV)

14.68 **Actual Deferral Percentage; ADP:** For a specified group of Participants for a Plan Year, the average of the ratios (calculated separately for each Participant in such group) of (1) the amount of employer contributions actually paid over to the trust on behalf of such Participant for the Plan Year to (2) the Participant's Compensation for such Plan Year (whether or not the Employee was a Participant for the entire Plan Year). Employer

Contributions on behalf of any Participant shall include: (1) any Elective Deferrals made pursuant to the Participant's deferral election, including Excess Elective Deferrals of Highly Compensated Employees, but excluding (a) Excess Elective Deferrals of Nonhighly Compensated Employees that arise solely from Elective Deferrals made under the plan or plans of this Employer and (b) Elective Deferrals that are taken into account in the Contribution Percentage test (provided the ADP test is satisfied both with and without exclusion of these Elective Deferrals); and (2) at the election of the Employer, Qualified Non-elective Contributions and Qualified Matching Contributions. For purposes of computing Actual Deferral Percentages, an Employee who would be a Participant but for the failure to make Elective Deferrals shall be treated as a Participant on whose behalf no Elective Deferrals are made.

- 14.69 **Average Contribution Percentage; ACP:** The average of the Contribution Percentages of the Eligible Participants in a group.
- 14.70 **Catch-up Contributions:** Elective Deferrals made to the plan that are in excess of an otherwise applicable plan limit and that are made by participants who are aged 50 or over by the end of their taxable years. An otherwise applicable plan limit is a limit in the Plan that applies to Elective Deferrals with out regard to Catch-up Contributions, such as the limits on annual additions, the dollar limitation on Elective Deferrals under Code §402(g) (not counting Catch-up Contributions) and the limit imposed by the actual deferral percentage (ADP) test under §401(k)(3). Catch-up Contributions for participant for a taxable year may not exceed (1) the dollar limit on Catch-up Contributions under Code §414(v)(2)(B)(i) for the taxable year or (2) when added to other Elective Deferrals, 100 percent of the participant's Compensation for the taxable year. The dollar limit on Catch-up Contributions under Code §414(v)(2)(B)(i) is \$1,000 for taxable years beginning in 2002, increasing by \$1,000 for each year thereafter up to \$5,000 for taxable years beginning in 2006 and later years. After 2006, the \$5,000 limit will be adjusted by the Secretary of the Treasury for cost-of-living increases under Code §414(v)(2)(C). Any such adjustments will be in multiples of \$500. Different limits apply to Catch-up Contributions under SIMPLE 401(k) plans.
- Catch-up Contributions are not subject to the limits on annual additions, are not counted in the ADP test and are not counted in determining the minimum allocation under Code §416 (but Catch-up Contributions made in prior years are counted in determining whether the Plan is top-heavy) Provisions in the Plan relating to Catch-up Contributions apply to Elective Deferrals made after 2001.
- 14.71 **Compensation:**
- (a) For purposes of allocating a Participant's contribution including Elective Deferrals, Compensation shall have the meaning given it under Section 14.08 of the Plan.
 - (b) Solely for purposes of determining whether a Plan satisfies either the ADP or ACP tests (described in Section 15.04 and 15.12 respectively), the term Compensation may be determined on a Plan Year basis by the Plan Administrator. Such definition must however be one of the alternatives available under Section 14.08 of the Plan.
 - (c) For Plan Years beginning before the later of January 1, 1992 or the date that is 60 days after publication of final regulations under section 1.414(s)-1T, Compensation for purposes of computing the Actual Deferral Percentage and the Average Contribution Percentage shall be limited to Compensation received by an Employee while a Participant in the Plan.
- 14.72 **Contribution Percentage:** The ratio (expressed as a percentage) of the Participant's Contribution Percentage Amounts to the Participant's Compensation for the Plan Year (whether or not the Employee was a Participant for the entire Plan Year).
- 14.73 **Contribution Percentage Amounts:** The sum of the Employee Nondeductible Contributions, Matching Contributions and Qualified Matching Contributions (to the extent not taken into account for purposes of the ADP test) made under the Plan on behalf of the Participant for the Plan Year. Such Contribution Percentage Amounts shall not include Matching Contributions that are forfeited either to correct Excess Aggregate Contributions or because the contributions to which they relate are Excess Deferrals, Excess Contributions, or Excess Aggregate Contributions. If so elected in the Adoption Agreement the Employer may include Qualified Nonelective Contributions in the Contribution Percentage Amounts. The Employer also may elect to use Elective Deferrals in the Contribution Percentage Amounts so long as the ADP test is met before the Elective Deferrals are used in the ACP test and continues to be met following the exclusion of those Elective Deferrals that are used to meet the ACP test.
- 14.74 **Elective Deferrals:** Any Employer contributions made to the Plan at the election of the Participant, in lieu of cash compensation, and shall include contributions made pursuant to a salary reduction agreement or other deferral mechanism. With respect to any taxable year, a Participant's Elective Deferral is the sum of all employer contributions made on behalf of such Participant pursuant to an election to defer under any qualified cash or deferred arrangement as described in Section 401(k) of the Code, any salary reduction simplified employee pension described in Section 408(k)(6), any SIMPLE IRA Plan described in §408(p), any plan as described under Section 501(c)(18), and any employer contributions made on the behalf of a Participant for the purchase of an annuity contract under Section 403(b) pursuant to a salary reduction agreement. Elective Deferrals shall not include any deferrals properly distributed as excess annual addition. For years beginning after 2005, the term "elective Deferrals" includes Pre-tax Elective Deferrals and Roth Elective Deferrals. Pre-tax Elective Deferrals are a participant's Elective Deferrals that are not includible in the participant's gross income at the time deferred. Elective Deferrals shall not include any deferrals properly distributed as excess annual additions. The Employer may, if notification is made within a reasonable time and in a manner described in IRS Revenue Ruling 2000-8, 2000-7 IRB617, allow for negative elections. If such administrative provision applies and the Employee does not affirmatively elect to not participate and the Employee does not affirmatively elect a different amount (including no amount), a default amount shall be deducted from the Employee's Compensation. Such default amount shall be part of the initial notification received by the Employer. If negative elections apply under the Plan, the Employer shall indicate whether the default shall be a "re-tax Elective Deferral or a Roth Elective Deferral in the Adoption Agreement.
- 14.75 **Elective Deferral Account:** The account maintained with respect to a Participant in which are recorded his Elective Deferrals and any earnings or losses thereon.
- 14.76 **Eligible Participant:** Any Employee who is eligible to make an Employee Nondeductible Contribution, or an Elective Deferral (if the Employer takes such contributions into account in the calculation of the Contribution Percentage), or to receive a Matching Contribution (including forfeitures) or a Qualified Matching Contribution. If an Employee Contribution is required as a condition of participation in the Plan, any Employee who would be a Participant in the Plan if such Employee made such a contribution shall be treated as an eligible Participant on behalf of whom no Employee Contributions are made.
- 14.77 **Employee Nondeductible Contribution:** Any contribution made to the Plan by or on behalf of a Participant that is included in the Participant's gross income in the year in which made and that is maintained under a separate account to which earnings and losses are allocated.
- 14.78 **Excess Aggregate Contributions:** With respect to any Plan Year, the excess of:
- (a) The aggregate Contribution Percentage Amounts taken into account in computing the numerator of the Contribution Percentage actually made on

- behalf of Highly Compensated Employees for such Plan Year, over
- (b) The maximum Contribution Percentage Amounts permitted by the ACP test (determined by hypothetically reducing contributions made on behalf of Highly Compensated Employees in order of their Contribution Percentages beginning with the highest of such percentages). Such determination shall be made after first determining Excess Elective Deferrals pursuant to Section 14.80 and then determining Excess Contributions pursuant to Section 14.79.
 - (c) Such determination shall be made by first determining how much the actual contribution ratio (ACR) of the Highly Compensated Employee with the highest ACR would need to be reduced to satisfy the ADP test or cause such ratio to equal the ACR of the Highly Compensated Employee with the next highest ratio. This process is repeated until such time that the ACP test would be satisfied. The amount of the Excess Aggregate Contributions is equal to the sum of these hypothetical reductions multiplied, in each case, by the Highly Compensated Employee's Compensation.

14.79 Excess Contribution: With respect to any Plan Year, the excess of:

- (a) the aggregate amount of Employer contributions actually taken into account in computing the ADP of Highly Compensated Employees for such Plan Year, over
- (b) the maximum amount of such contributions permitted by the ADP test (determined by hypothetically reducing contributions made on behalf of Highly Compensated Employees in order of the ADPs, beginning with the highest of such percentages).

14.80 Excess Elective Deferrals:

- (a) Those Elective Deferrals that are either (1) are made during the participant's taxable year and exceed the dollar limitation under Code §402(g) (including, if applicable, the dollar limitation on Catch-up Contributions defined in §414(v)) for such year; or (2) are made during a calendar year and exceed the dollar limitation under Code 402(g) (including, if applicable, the dollar limitation on Catch-up Contributions defined in §414(v)) for the participant's taxable year beginning in such calendar year, counting only Elective Deferrals made under this Plan and any other plan, contract or arrangement maintained by the Employer.
- (b) Determination of Income or Loss - The Plan Administration may use one of the methods below for computing the income or loss allocable to Excess Elective Deferrals provided that such method is used consistently with respect to all Participants for the Taxable Year.
 - (1) The method for allocating income or loss to all Participants accounts pursuant to the Trust Agreement shall be used; or
 - (2) Excess Elective Deferrals shall be adjusted for any income or loss up to the date of distribution. The income or loss allocable to Excess Elective Deferrals is the sum of:
 - (A) income or loss allocable to the Participant's Elective Deferral account for the taxable year multiplied by a fraction, the numerator of which is such Participant's Excess Elective Deferrals for the year and the denominator is the Participant's account balance attributable to Elective Deferrals without regard to any income or loss occurring during such taxable year; and
 - (B) ten percent of the amount determined under (A) multiplied by the number of whole calendar months between the end of the Participant's taxable year and the date of distribution, counting the month of distribution if distribution occurs after the 15th of such month; or
 - (3) The income or loss allocable to Excess Elective Deferrals is the income or loss allocable to the Participant's Elective Deferral account for the taxable year multiplied by a fraction, the numerator of which is such Participant's Excess Elective Deferrals for the year and the denominator is the Participant's account balance attributable to Elective Deferrals without regard to any income or loss occurring during such taxable year.

14.81 Matching Contribution: An Employer contribution made to this or any other defined contribution plan on behalf of a Participant on account of an Employee Nondeductible Contribution made by such Participant, or on account of a Participant's Elective Deferral, under a plan maintained by the Employer.

14.82 Matching Contribution Account: The account maintained with respect to a Participant in which are recorded the Matching Contributions made on his behalf under this Plan and any earnings or losses thereon.

14.83 Qualified Matching Contributions: Matching Contributions which are subject to the distribution and nonforfeiture requirements under Section 401(k) of the Code when made. The term Qualified Matching Contributions shall also include Matching Contributions which the Employer redesignates as Qualified Matching Contributions.

14.84 Qualified Matching Contribution Account: The account maintained with respect to a Participant in which are recorded the Qualified Matching Contributions made on his behalf under this Plan and any earnings or losses thereon.

14.85 Qualified Nonelective Contributions: Contributions (other than Matching Contributions or Qualified Matching Contributions) made by the Employer and allocated to Participant's accounts that the Participants may not elect to receive in cash until distributed from the Plan; that are nonforfeitable when made; and that are distributable only in accordance with the distribution provisions that are applicable to Elective Deferrals and Qualified Matching Contributions.

14.86 Qualified Nonelective Contribution Account: The account maintained with respect to a Participant in which are recorded the Qualified Nonelective Contributions made on his behalf under this Plan and any earnings or losses thereon.

14.87 Roth Elective Deferrals: A Participant's Elective Deferrals that are includible in the Participant's gross income at the time deferred and have been irrevocably designated as Roth Elective Deferrals by the Participant in his or her deferral election. A Participant's Roth Elective Deferrals will be maintained in a separate account or separately accounted for, and contain only the participant's Roth Elective Deferrals and gains and losses attributable to those Roth Elective Deferrals.

ARTICLE XV PROVISIONS FOR TRADITIONAL CASH OR DEFERRED ARRANGEMENTS

15.01 Participation and Coverage: Each Employee who is employed and compensated by the Employer, who is a member of an eligible class of Employees and who has satisfied the eligibility requirements contained in the Adoption Agreement with respect to Elective Deferrals shall become eligible to make Elective Deferrals to the Plan.

15.02 Employee Nondeductible Contributions: Any Employee eligible to make Employee Nondeductible Contributions under this Plan may do so by

entering into a payroll deduction agreement in a form prescribed by or acceptable to the Plan Administrator. The Employer shall contribute to the Plan on behalf of the Participant through payroll deduction the amount indicated in such payroll deduction agreement.

15.03 Special Rules for Elective Deferrals:

- (a) Elective Deferrals:
- (1) Any Employee eligible to make Elective Deferrals under this Plan may do so by entering into a deferral agreement in a form prescribed by or acceptable to the Plan Administrator at any time, specifying the amount and type (either Roth, Pre-Tax or a specified combination) of Elective Deferrals to be withheld from each wage payment. Such election will be effective for the first pay period beginning after 5 business days from receipt of the election, unless a later period is specified in the Adoption Agreement, or by the Employee on such Form. An Employee's election will remain in effect until superceded by another election. Elective Deferrals contributed to the Plan as one type, either Roth or Pre-Tax, may not later be reclassified as the other type. The Employer shall contribute to the Plan on behalf of each Participant the amount deferred pursuant to such deferral agreement. The Plan Administrator may make reasonable rules applicable uniformly to all Employees as to when deferral agreements may be entered, when they will become effective, and how and when deferral agreements may be revoked or amended. Each Participant shall have an effective opportunity to make or change an election to make Elective Deferrals (including Designated Roth Contributions) at least once each Plan Year.
 - (2) A Participant's Roth Elective Deferrals will be deposited in the Participant's Roth Elective Deferral account in the Plan. No contributions other than Roth Elective Deferrals and properly attributable earnings will be credited to each Participant's Roth Elective Deferral Account, and gains, losses and other credits or charges will be allocated on a reasonable and consistent basis such account. Separate accounting for the Roth Elective Deferrals and the gains and losses thereon shall satisfy the separate account rule.
 - (3) No Participant shall be permitted to have Elective Deferrals made under this Plan, or any other qualified plan maintained by the Employer, during any taxable year, in excess of the dollar limitation contained in section 402(g) of the Code in effect for the Participant's taxable year beginning in such calendar year. In the case of a participant aged 50 or over by the end of the taxable year, the dollar limitation described in the preceding sentence includes the amount of Elective Deferrals that can be Catch-up Contributions. The dollar limitation contained in Code §402(g) is \$10,500 for taxable years beginning in 2000 and 2001 increasing to \$11,000 for taxable years beginning in 2006 and 2001 increasing by \$1,000 from each year thereafter up to \$15,000 for taxable years beginning in 2006 and later years. After 2006, the \$15,000 limit will be adjusted by the Secretary of the Treasury for cost-of-living increases under §402(g)(4). Any such adjustments will be in multiples of \$500.
- (b) Distribution of Excess Elective Deferrals:
- (1) A Participant may assign to this Plan any Excess Elective Deferrals made during a taxable year of the Participant by notifying the Plan Administrator on or before the date specified in the Adoption Agreement of the amount of the Excess Elective Deferrals to be assigned to the Plan. A Participant is deemed to notify the Plan Administrator of any Excess Elective Deferrals that arise by taking into account only those Elective Deferrals made to this Plan and any other plans of this Employer.
 - (2) Notwithstanding any other provision of the Plan, Excess Elective Deferrals, plus any income and minus any loss allocable thereto, shall be distributed no later than April 15 to any Participant to whose account Excess Elective Deferrals were assigned for the preceding year and who claims Excess Elective Deferrals for such taxable year. For years beginning after 2005, distribution of Excess Elective Deferrals for a year shall be made first from the Participant's Pre-tax Elective Deferral account, to the extent Pre-tax Elective Deferrals were made for the year, unless the Participant or the Employer specifies otherwise.
 - (3) Excess Elective Deferrals shall mean those Elective Deferrals of a Participant that either (1) are made during the Participant's taxable year and exceed the dollar limitation under Code § 402(g) (including, if applicable, the dollar limitation on Catch-up Contributions defined in § 414(v)) for such year; or (2) are made during a calendar year and exceed the dollar limitation under Code § 402(g) (including, if applicable, the dollar limitation on Catch-up Contributions defined in § 414(v)) for the Participant's taxable year beginning in such calendar year counting only Elective Deferrals made under this Plan and any other plan, contract or arrangement maintained by the Employer.
 - (4) Excess Elective Deferrals shall be adjusted for any income or loss up to the date of distribution. The following methods may be used by the Plan to determine income and loss and may change from year to year as long as the Plan Administrator uses the same method to determine excesses during a Plan Year.
 - (A) The income or loss allocable to Excess Elective Deferrals is the sum of: (1) income or loss allocable to the Participant's Elective Deferral account for the taxable year multiplied by a fraction, the numerator of which is such participant's Excess Elective Deferrals for the year and the denominator is the Participant's account balance attributable to Elective Deferrals without regard to any income or loss occurring during such taxable year; and (2) 10 percent of the amount determined under (1) multiplied by the number of whole calendar months between the end of the Participant's taxable year and the date of distribution, counting the month of distribution if distribution occurs after the 15th of such month.
 - (B) The income or loss allocable to Excess Elective Deferral is the sum of (1) income or loss allocable to the Participant's Elective Deferral account for the taxable year multiplied by a fraction, the numerator of which is such participant's Excess Elective Deferrals for the year and the denominator is the Participant's account balance attributable to Elective Deferrals without regard to any income or loss occurring during such taxable year; and (2) income or loss allocable to the Participant's Elective Deferral Account from the beginning of the next Plan Year through the date of correction. The valuation of the Account may be made up to seven days prior to the distribution date.
 - (C) For taxable year beginning before January 1, 2006, income or loss allocable to the period between the end of the taxable year and the date of distribution could be disregarded in determining income or loss on Excess Elective Deferrals for such years.

15.04 Actual Deferral Percentage Test: The Actual Deferral Percentage (hereinafter "ADP") for Participants who are Highly Compensated Employees for each Plan Year and the ADP for Participants who are Nonhighly Compensated Employees for the same Plan Year must satisfy one of the following tests:

- (a) The ADP for Participants who are Highly Compensated Employees for the Plan Year shall not exceed the ADP for Participants who are Nonhighly Compensated Employees for the same Plan Year multiplied by 1.25; or
- (b) The ADP for participants who are Highly Compensated Employees for the Plan Year shall not exceed the ADP for Participants who are Nonhighly Compensated Employees for the same Plan Year multiplied by 2.0, provided that the ADP for Participants who are Highly Compensated

Employees does not exceed the ADP for Participants who are Nonhighly Compensated Employees by more than two (2) percentage points.

15.05 Prior Year Testing: The Actual Deferral Percentage (hereinafter "ADP") for a Plan Year for Participants who are Highly Compensated Employees for each Plan Year and the prior years ADP for Participants who were Non- highly Compensated Employees for the prior Plan Year must satisfy one of the following tests:

- (a) The ADP for a Plan Year for Participants who are Highly Compensated Employees for the Plan Year shall not exceed the Prior year's ADP for Participants who were Non-highly Compensated Employees for the prior Plan Year multiplied by 1.25; or
- (b) The ADP for a Plan Year for Participants who are Highly Compensated Employees for the Plan Year shall not exceed the Prior Year's ADP for Participants who were Non-highly Compensated Employees for the Prior Plan Year multiplied by 2.0, provided that the ADP for Participants who are Highly Compensated Employees does not exceed the ADP for Participants who were Non-highly Compensated Employees in the prior Plan Year by more than 2 percentage points.

For the first Plan Year the Plan permits any Participant to make Elective deferrals and this is not a successor plan, for purposes of The foregoing tests, the prior year's non- highly compensated Employees' ADP shall be 3 percent unless the Employer has elected in the Adoption Agreement to use the Plan Year's ADP for these Participants.

15.06 Current Year Testing: If elected by the Employer in the Adoption Agreement, the ADP tests in section 15.05, above, will be applied by comparing the current Plan Year's ADP for Participants who are highly compensated Employees with the current Plan Year's ADP for Participants who are non-highly compensated Employees. Once made, the Employer can elect Prior Year Testing for a Plan Year only if the Plan has used Current Year Testing for each of the preceding 5 Plan Years (or if lesser, the number of Plan Years the Plan has been in existence) or if, as a result of a merger or acquisition described in Code § 410(b)(6)(C)(i), the employer maintains both a plan using Prior Year Testing and a plan using Current Year Testing and the change is made within the transition period described in § 410(b)(6)(C)(ii).

15.07 Special Rules for Actual Deferral Percentage Tests:

- (a) A Participant is a Highly Compensated Employee for a particular Plan Year if he or she meets the definition of a Highly Compensated Employee in effect for that Plan Year. Similarly, a Participant is a Non-highly Compensated Employee for a particular Plan Year if he or she does not meet the definition of a Highly Compensated Employee in effect for that Plan Year.
- (b) The ADP for any Participant who is a Highly Compensated Employee for the Plan Year and who is eligible to have Elective Deferrals (and Qualified Nondollar Contributions or Qualified Matching Contributions, or both, if treated as Elective Deferrals for purposes of the ADP test) allocated to his or her accounts under two or more arrangements described in Section 401(k) of the Code, that are maintained by the Employer, shall be determined as if such Elective Deferrals (and, if applicable, such Qualified Nondollar Contributions or Qualified Matching Contributions, or both) were made under a single arrangement. If a Highly Compensated Employee participates in two or more cash or deferred arrangements that have different Plan Years, all Elective Deferrals made during the Plan Year under all such arrangements shall be aggregated. For plan years beginning before 2006, all such CODAs ending with or within the same calendar year shall be treated as a single arrangement. Notwithstanding the foregoing, certain plans shall be treated as separate if mandatorily disaggregated under regulations under Code § 401(k).
- (c) In the event that this Plan satisfies the requirements of Sections 401(k), 401(a)(4), or 410(b) of the Code only if aggregated with one or more other plans, or if one or more other plans satisfy the requirements of such Sections of the Code only if aggregated with this Plan, then this Section shall be applied by determining the ADP of employees as if all such plans were a single plan. If more than 10 percent of the Employer's Non-highly Compensated Employees are involved in a plan coverage change as defined in Regulations § 1.401(k)-2(c)(4), then any adjustments to the Nonhighly Compensated Employees' ADP for the prior year will be made in accordance with such Regulations, unless the Employer has elected in the adoption agreement to use the Current Year Testing method. Plans may be aggregated in order to satisfy Code § 401(k) only if they have the same Plan Year and use the same ADP testing method.
- (d) For purposes of determining the ADP test, Elective Deferrals, Qualified Nondollar Contributions and Qualified Matching Contributions must be made before the end of the twelve-month period immediately following the Plan Year to which contributions relate.
- (e) The Employer shall maintain records sufficient to demonstrate satisfaction of the ADP test and the amount of Qualified Nondollar Contributions or Qualified Matching Contributions, or both, used in such test.
- (f) The determination and treatment of the ADP amounts of any Participant shall satisfy such other requirements as may be prescribed by the Secretary of the Treasury.

15.08 Distribution of Excess Contributions:

- (a) Notwithstanding any other provision of this Plan, Excess Contributions, plus any income and minus any loss allocable thereto, shall be distributed no later than the last day of each Plan Year to Participants to whose accounts such Excess Contributions were allocated for the preceding Plan Year. The amount of Excess Contributions attributable to a given HCE for a Plan Year is the amount (if any) by which the HCE's contributions taken into account under this section must be reduced for the HCE's ADR to equal the highest permitted ADR under the Plan. To determine and calculate the highest permitted ADR under the Plan, the ADR of the HCE with the highest ADR is reduced by the amount required to cause that HCE's ADR to equal the ADR of the HCE with the next highest ADR. If a lesser reduction would enable the arrangement to satisfy the ADP requirements, then only this lesser reduction is used in determining the highest permitted ADR. This process described above must be repeated until the arrangement would satisfy the ADP requirements. The sum of all reductions for all HCEs determined under this section is the total amount of Excess Contributions for the Plan Year. Excess Contributions are allocated to the Highly Compensated Employees with the largest amounts of employer contributions taken into account in calculating the ADP test for the year in which the excess arose, beginning with the Highly Compensated Employee with the largest amount of such employer contributions and continuing in descending order until all the Excess Contributions have been allocated. For purposes of the preceding sentence, the "largest amount" is determined after distribution of any Excess Contributions. To the extent a Highly Compensated Employee has not reached his or her Catch-up Contribution limit under the Plan, Excess Contributions allocated to such Highly Compensated Employee are Catch-up Contributions and will not be treated as Excess Contributions. If such excess amounts are distributed more than 2 1/2 months after the last day of the Plan Year in which such excess amounts arose, a ten (10) percent excise tax will be imposed on the Employer maintaining the Plan with respect to such amounts.
- (b) Excess Contributions (including the amounts recharacterized) shall be treated as Annual Additions under the Plan.
- (c) Determination of Income or Loss - The Plan Administrator may use one of the methods below for computing the income or loss allocable to Excess Contributions, provided that such method is used consistently with respect to all Participants for the Plan Year.
 - (1) The method for allocating income or loss to all Participants accounts shall be used; or

- (2) Excess contributions shall be adjusted for any income or loss up to the date of distribution. The income or loss allocable to Excess Contributions allocated to each Participant is the sum of:
 - (A) income or loss allocable to the Participant's Elective Deferral Account (and, if applicable, the Qualified Nonelective Contribution Account of the Qualified Matching Contribution Account or both) for the Plan Year multiplied by a fraction, the numerator of which is such Participant's Excess Contributions for the year and the denominator is the Participant's account balance attributable to Elective Deferrals (and Qualified Nonelective Contributions or Qualified Matching Contributions, or both, if any such contributions are included in the ADP test) without regard to any income or loss occurring during such Plan Year; and
 - (B) ten percent of the amount determined under (A) multiplied by the number of whole calendar months between the end of the Plan Year and the date of distribution, counting the month of distribution if distribution occurs after the 15th of such months; or
- (3) The income or loss allocable to Excess Contributions is the income or loss allocable to the Participant's Elective Deferral Account (and, if applicable, the Qualified Nonelective Contribution Account or the Qualified Matching Contribution Account or both) for the Plan Year multiplied by a fraction, the numerator of which is such Participant's Excess Contributions for the year and the denominator is the Participant's account balance attributable to Elective Deferrals (and Qualified Nonelective Contributions or Qualified Matching Contributions, or both, if any of such contributions are included in the ADP test) without regard to any income or loss occurring during such Plan Year.
- (d) Accounting for Excess Contributions - Excess Contributions allocated to a Participant shall be distributed from the Participant's Elective Deferral Account and Qualified Matching Contribution Account (if applicable) in proportion to the Participant's Elective Deferrals and Qualified Matching Contributions (to the extent used in the ADP test) for the Plan Year. Excess Contributions shall be distributed from the Participant's Qualified Nonelective Contribution Account only to the extent that such Excess Contributions exceed the balance in the Participant's Elective Deferral Account and Qualified Matching Contribution Account. The amount of Excess Contributions to be distributed or re-characterized shall be reduced by Excess Deferrals previously distributed for the taxable year ending in the same Plan Year and Excess Deferrals to be distributed for a taxable year will be reduced by Excess Contributions previously distributed or re-characterized for the Plan Year beginning in such taxable year.

15.09 Recharacterization of Excess Contributions: A Participant may treat Excess Contributions allocated to him or her as an amount distributed to the Participant and then contributed by the Participant to the Plan. Recharacterized amounts will remain nonforfeitable and subject to the same distribution requirements as Elective Deferrals. Amounts may not be recharacterized by a Highly Compensated Employee to the extent that such amount in combination with other Employee Nondeductible Contributions made by that Employee would exceed any stated limit under the Plan for Employee Nondeductible Contributions.

Recharacterization must occur no later than two and one-half months after the last day of the Plan Year in which such Excess Contributions arose and is deemed to occur no earlier than the date the last Highly Compensated Employee is informed in writing of the amount recharacterized and the consequences thereof. Recharacterized amounts will be taxable to the Participant for the Participant's tax year in which the Participant would have received them in cash.

15.10 Matching Contributions:

- (a) If elected by the Employer in the Adoption Agreement, the Employer will make Matching Contributions to the Plan.
- (b) Matching Contributions shall be vested in accordance with the vesting schedule selected in the Cash or Deferred section of the Adoption Agreement. In any event, Matching Contributions shall be fully vested at Normal Retirement Age, upon complete or partial termination of the profit-sharing plan, or upon complete discontinuance of Employer contributions.
- (c) Forfeitures of Matching Contributions, other than Excess Aggregate Contributions, shall be made in accordance with Section 5.07.

15.11 Qualified Matching Contributions:

- (a) If elected by the Employer in the Adoption Agreement, the Employer will make Qualified Matching Contributions to the Plan.
- (b) The Employer may redesignate a Matching Contribution as a Qualified Matching Contribution no later than the time prescribed by law for filing the Employer's federal income tax return for the taxable year for which the Matching Contribution was made. Matching Contributions which are redesignated as Qualified Matching Contributions will become nonforfeitable and subject to the same distribution requirements as Elective Deferrals.

15.12 Limitations on Employee Contributions and Matching Contributions: The ACP for Participants who are Highly Compensated Employees for each Plan Year and the ACP for Participants who are Nonhighly Compensated Employees for the same Plan Year must satisfy one of the following tests:

- (a) The ACP for Participants who are Highly Compensated Employees for the Plan Year shall not exceed the ACP for Participants who are Nonhighly Compensated Employees for the same Plan Year multiplied by 1.25; or
- (b) The ACP for Participants who are Highly Compensated Employees for the Plan Year shall not exceed the ACP for Participants who are Nonhighly Compensated Employees for the same Plan Year multiplied by two (2), provided that the ACP for Participants who are Highly Compensated Employees does not exceed the ACP for Participants who are Nonhighly Compensated Employees by more than two (2) percentage points.

15.13 Prior Year Testing: The Average Contribution Percentage ("ACP") for a Plan Year for Participants who are Highly Compensated Employees for each Plan Year and the prior year's ACP for participants who were Non-highly Compensated Employees for the prior Plan Year must satisfy one of the following tests:

- (a) The ACP for a Plan Year for Participants who are Highly Compensated Employees for the Plan Year shall not exceed the prior year's ACP for Participants who were Non-highly Compensated Employees for the prior Plan Year multiplied by 1.25; or
- (b) The ACP for a Plan Year for Participants who are Highly Compensated Employees for the Plan Year shall not exceed the prior year's ACP for Participants who were Non-highly Compensated Employees for the prior Plan Year multiplied by 2, provided that the ACP for Participants who are Highly Compensated Employees does not exceed the ACP for Participants who were Non-highly Compensated Employees in the prior Plan Year by more than 2 percentage points.

For the first Plan Year this Plan permits any Participant to make Employee Contributions, provides for Matching Contributions or both, and this is not a successor plan, for purposes of the foregoing tests, the prior year's Non-highly Compensated Employees' ACP shall be 3 percent unless the Employer has elected in the Adoption Agreement to use the Plan Year's ACP for these Participants.

15.14 Current Year ACP Testing: If elected by the Employer in the Adoption Agreement, the ACP tests in Section 15.13, above, will be applied by comparing the current Plan Year's ACP for participants who are Highly Compensated Employees for each Plan Year with the current Plan Year's

ACP for participants who are Non-highly Compensated Employees. Once made, the Employer can elect Prior Year testing for a Plan Year only if the Plan has used Current Year testing for each of the preceding 5 Plan Years (or if lesser, the number of Plan Years the Plan has been in existence) or if, as a result of a merger or acquisition described in Code section 410(b)(6)(C)(i), the Employer maintains both a plan using Prior Year testing and a plan using Current Year testing and the change is made within the transition period described in section 410(b)(6)(C)(ii).

15.15 Special Rules for Limitations on Employee and Matching Contributions:

- (a) Special Rules: A Participant is a Highly Compensated Employee for a particular Plan Year if he or she meets the definition of a Highly Compensated Employee in effect for that Plan Year. Similarly, a Participant is a Non-highly Compensated Employee for a particular Plan Year if he or she does not meet the definition of a Highly Compensated Employee in effect for that Plan Year.
- (b) Multiple Use (Before 2002) - If one or more Highly Compensated Employees participate in both a cash or deferred arrangement and a plan subject to the ACP test maintained by the Employer and the sum of the ADP and ACP of those Highly Compensated Employees subject to either or both tests exceeds the Aggregate Limit, then the ACP of those Highly Compensated Employees who also participate in a cash or deferred arrangement will be reduced so that the limit is not exceeded. The amount by which each Highly Compensated Employee's Contribution Percentage Amounts is reduced shall be treated as an Excess Aggregate Contribution. The ADP and ACP of the Highly Compensated Employees are determined after any corrections required to meet the ADP and ACP tests and are deemed to be the maximum permitted under such tests for the Plan Year. Multiple use does not occur if either the ADP or ACP, respectively, of the Highly Compensated Employees does not exceed 1.25 multiplied by the ADP and ACP of the Nonhighly Compensated Employees.
- (c) For purposes of this Section, the Contribution Percentage for any Participant who is a Highly Compensated Employee and who is eligible to have Contribution Percentage Amounts allocated to his or her account under two or more plans described in Section 401(a) of the Code, or arrangements described in Section 401(k) of the Code that are maintained by the Employer, shall be determined as if the total of such contribution Percentage Amounts was made under each Plan. If a Highly Compensated Employee participates in two or more cash or deferred arrangements that have different Plan Years, all cash or deferred arrangements ending with or within the same calendar year shall be treated as a single arrangement. Notwithstanding the foregoing certain plans shall be treated as separate if mandatorily disaggregated under regulations under section 401(m) of the Code.
- (d) In the event that this Plan satisfies the requirements of Sections 401(m), 401(a)(4) or 410(b) of the Code only if aggregated with one or more other plans, or if one or more other plans satisfy the requirements of such sections of the Code only if aggregated with this Plan, then this section shall be applied by determining the Contribution Percentage of Employees as if all such Plans were a single plan. Any adjustments to the Non-highly Compensated Employee ACP for the prior year will be made in accordance with Notice 98-1 and any superseding guidance, unless the Employer has elected in the adoption agreement to use the Current Year Testing method. Plans may be aggregated in order to satisfy Section 401(m) of the Code only if they have the same Plan Year and use the same ACP testing method.
- (e) For purposes of determining the Contribution Percentage test, Employee Contributions are considered to have been made in the Plan Year in which contributed to the trust. Matching Contributions and Qualified Nonelective Contributions will be considered made for a Plan Year if made no later than the end of the twelve-month period beginning on the day after the close of the Plan Year.
- (f) The Employer shall maintain records sufficient to demonstrate satisfaction of the ACP test and the amount of Qualified Nonelective Contributions or Qualified Matching Contributions, or both, used in such test.
- (g) The determination and treatment of the Contribution Percentage of any Participant shall satisfy such other requirements as may be prescribed by the Secretary of the Treasury.

15.16 Distribution of Excess Aggregate Contributions:

- (a) Notwithstanding any other provision of this Plan, Excess Aggregate Contributions, plus any income and minus any loss allocable thereto, shall be forfeited, if forfeitable, or if not forfeitable, distributed no later than 12 months after a Plan Year to Participants to whose accounts such Excess Aggregate Contributions were allocated for such Plan Year. Excess Aggregate Contributions are allocated to the Highly Compensated Employees with the largest Contribution Percentage Amounts taken into account in calculating the ACP test for the year in which the excess arose, beginning with the Highly Compensated Employee with the largest amount of such Contribution Percentage Amounts and continuing in descending order until all the Excess Aggregate Contributions have been allocated. For purposes of the preceding sentence, the "largest amount" is determined after distribution of any Excess Aggregate Contributions. If such Excess Aggregate Contributions are distributed more than 2 1/2 months after the last day of the Plan Year in which such excess amounts arose, a ten (10) percent excise tax will be imposed on the Employer maintaining the Plan with respect to those amounts. Excess Aggregate Contributions shall be treated as Annual Additions under the Plan. Excess Aggregate Contributions shall be determined in accordance with section 14.78.
- (b) Determination of Income or Loss - The Plan Administrator may use one of the methods below for computing the income or loss allocable to Excess Aggregate Contributions provided that such method is used consistently with respect to all Participants for the Plan Year.
 - (1) The method for allocating income or loss to all Participants accounts pursuant to the Trust Agreement shall be used; or
 - (2) Excess Aggregate Contributions shall be adjusted for any income or loss up to the date of distribution. The income or loss attributable to Excess Aggregate Contributions allocated to each Participant is the sum of:
 - (A) income or loss allocable to the Participant's Employee Contribution Account, Matching Contribution Account (if any, and if all amounts therein are not used in the ADP test) and, if applicable, Qualified Nonelective Contribution Account and Elective Deferral Account for the Plan Year multiplied by a fraction, the numerator of which is such Participant's Excess Aggregate Contributions for the year and the denominator is the Participant's account balance(s) attributable to Contribution Percentage Amounts without regard to any income or loss occurring during such Plan Year; and
 - (B) ten percent of the amount determined under (1) multiplied by the number of whole calendar months between the end of the Plan Year and the date of distribution, counting the month of distribution if distribution occurs after the 15th of such month; or
 - (3) The income or loss attributable to Excess Aggregate Contributions is the income or loss allocable to the Participant's Employee Contribution Account, Matching Contribution Account (if any, and if all amounts therein are not used in the ADP test) and, if applicable, Qualified Nonelective Contribution Account and Elective Deferral Account for the Plan Year multiplied by a fraction, the numerator of which is such Participant's Excess Aggregate Contributions for the year and the denominator is the Participant's account balance(s) attributable to Contribution Percentage Amounts without regard to any income or loss occurring during such Plan Year.
- (c) Forfeitures of Excess Aggregate Contributions - Forfeitures of Excess Aggregate Contributions may either be reallocated to the accounts of Nonhighly Compensated Employees or applied to reduce Employer Contributions, as elected by the Employer in the Adoption Agreement.
- (d) Accounting for Excess Aggregate Contributions - Excess Aggregate Contributions allocated to a Participant shall be forfeited, if forfeitable, or distributed on a pro rata basis from the Participant's Employee Contribution Account, Matching Contribution Account, and Qualified Matching Contribution Account (and, if applicable, the Participant's Qualified Nonelective Contribution Account or Elective Deferral Account, or both). For Plan Years beginning after 2005, distribution of Elective Deferrals that are Excess Aggregate Contributions shall be made from the Participant's Pre-tax Elective Deferral account before the Participant's Roth Elective Deferral account, to the extent Pre-tax Elective Deferrals were made for

the year, unless the Participant specifies otherwise.

- (e) The method of distributing Excess Aggregate Contributions must be nondiscriminatory. The Plan may not distribute a Highly Compensated Employee's matched Employee Contributions without forfeiting the corresponding matching employer contributions. The Plan may distribute unmatched Employee Contributions first, or distribute (or forfeit) Employer Matching Contributions before distributing Employee Contributions. However, if the Plan distributes matched Employee Contributions, there must be a proportional forfeiture of Matching Contributions.

15.17 Qualified Nonelective Contributions: The Employer may elect to make Qualified Nonelective Contributions under the Plan on behalf of Employees as provided in the Adoption Agreement.

In addition, if the Employer has elected in the Adoption Agreement to use the Current Year Testing method, in lieu of distributing Excess Contributions as provided in Section 15.06 of the Plan, or Excess Aggregate Contributions as provided in Section 15.12 of the Plan, and to the extent elected by the Employer in the Adoption Agreement, the Employer may make Qualified Nonelective Contributions on behalf of Participants that are sufficient to satisfy either the Actual Deferral Percentage test or the Average Contribution Percentage test, or both, pursuant to regulations under the Code.

In addition, if the Prior Year Testing rules apply to the Plan, any QNECs that are allocated to the eligible Employees who were Non-Highly Compensated Employees (NHCE) for the prior Plan Year for purposes of satisfying the ADP test, the ACP test, or both must be contributed before the last day of the current Plan Year.

15.18 Nonforfeatability and Vesting: The Participant's accrued benefit derived from Elective Deferrals, Qualified Nonelective Contributions, Employee Nondeductible Contributions, and Qualified Matching Contributions is nonforfeitable.

15.19 Distribution Requirements: Elective Deferrals, Qualified Nonelective Contributions, and Qualified Matching Contributions, and income allocable to each, are not distributable to a Participant or his or her Beneficiary or Beneficiaries, in accordance with such Participant's or Beneficiary or Beneficiaries election, earlier than upon separation from service, death, or Disability. Such amounts may also be distributed upon:

- (a) Termination of the Plan without the establishment of another defined contribution plan, other than an employee stock ownership plan (as defined in '4975(e) (7) of the Code) or a simplified employee pension plan as defined in '408(k) or a SIMPLE IRA Plan (defined in §408(p)).
- (b) The disposition by a corporation to an unrelated corporation of substantially all of the assets (within the meaning of section 409(d)(2) of the Code) used in a trade or business of such corporation if such corporation continues to maintain this Plan after the disposition, but only with respect to Employees who continue employment with the corporation acquiring such assets.
- (c) The disposition by a corporation to an unrelated entity of such corporation's interest in a subsidiary (within the meaning of section 409(d)(3) of the Code) if such corporation continues to maintain this Plan, but only with respect to Employees who continue employment with such subsidiary.
- (d) The attainment of age 59 1/2 in the case of a Profit-Sharing Plan.
- (e) The hardship of the Participant as described in Section 15.20.

All distributions that may be made pursuant to one or more of the foregoing distributable events are subject to the spousal and participant consent requirements (if applicable) contained in sections 411(a)(11) and 417 of the Code. In addition, distributions after March 31, 1988, that are triggered by any of the first three events enumerated above under this section 15.15(a), (b), or (c) of must be made in a lump sum.

15.20 Hardship Distribution:

- (a) **Distribution of Elective Deferrals** (and any earnings credited to a Participant's account as of the later of December 31, 1988, and the end of the last Plan Year ending before July 1, 1989) may be made to a Participant in the event of hardship. For the purposes of this Section, hardship is defined as an immediate and heavy financial need of the Employee where such Employee lacks other available resources. Hardship distributions are subject to the spousal consent requirements contained in Sections 411(a)(11) and 417 of the Code.

(b) **Special Rules:**

- (1) The following are the only financial needs considered immediate and heavy: expenses incurred or necessary for medical care, described in section 213(d) of the Code of the Employee, the Employee's spouse or dependents; the purchase (excluding mortgage payments) of a principal residence for the Employee; payment of tuition and related educational fees for the next 12 months of post-secondary education for the Employee, the Employee's spouse, children or dependents; the need to prevent the eviction of the Employee from, or a foreclosure on the mortgage of, the Employee's principal residence; payments for funeral or burial expenses for the employee's deceased parent, spouse, child or dependent; and expenses to repair damage to the employee's principal residence that would qualify for a casualty loss deduction under Code section 165 (determined without regard to whether the loss exceeds 10 percent of adjusted gross income) . The last two needs (funeral expenses and home repair) only apply to Plan Years beginning after 2005.
- (2) A distribution will be considered as necessary to satisfy an immediate and heavy financial need of the Employee only if:
 - (A) The Employee has obtained all distributions, other than hardship distributions, and all nontaxable loans under all plans maintained by the Employer;
 - (B) All plans maintained by the Employer provide that the Employee's Elective Deferrals (and Employee Nondeductible Contributions) will be suspended for twelve months after the receipt of the hardship distribution;
 - (C) The distribution is not in excess of the amount of an immediate and heavy financial need (including amounts necessary to pay any federal, state or local income taxes or penalties reasonably anticipated to result from the distribution); and
 - (D) All plans maintained by the Employer provide that the Employee may not make Elective Deferrals for the Employee's taxable year immediately following the taxable year of the hardship distribution in excess of the applicable limit under Section 402(g) of the Code for such taxable year less the amount of such Employee's Elective Deferrals for the taxable year of the hardship distribution.
- (c) If a distribution is made to a Participant under this Section 15.20, then the following shall apply: All Elective Deferrals and Employee Nondeductible Contributions made by such Participant will be suspended for 6 months after the receipt of the hardship distribution. A Participant whose deferrals and contributions have been suspended will be deemed to have elected to stop his deferrals and contributions and will be permitted to resume deferrals by entering another deferral agreement when eligible to do so.

15.21 Top-Heavy Requirements: Neither Elective Deferrals nor Matching Contributions (if used to satisfy the ACP test) may be taken into account for the purpose of satisfying the minimum top-heavy contribution requirement.

**ARTICLE XVI
SAFE HARBOR CODA**

16.01 Rules of Application

- (a) If the Employer has elected the Safe Harbor CODA option in the Adoption Agreement, the provisions of this Article shall apply for the Plan Year and any provisions relating to the ADP test described in § 401(k)(3) of the Code or the ACP test described in § 401(m)(2) of the Code do not apply.
- (b) To the extent that any other provision of the Plan is inconsistent with the provisions of this Article, the provisions of this Article govern.

16.02 Definitions

- (a) "ACP Test Safe Harbor" is the method described in Section 16.04 of this article for satisfying the ACP test of § 401(m)(2) of the Code.
- (b) "ACP Test Safe Harbor Matching Contributions" are Matching Contributions described in Section 16.04 of this Article.
- (c) "ADP Test Safe Harbor" is the method described in Section 16.03 of this Article for satisfying the ADP test of § 401(k)(3) of the Code.
- (d) "ADP Test Safe Harbor Contributions" are Matching Contributions and nonelective contributions described in Section 16.03(a)(1) of this Article.
- (e) "Compensation" is defined in Section 14.08 of the Plan, except, for purposes of this article, no dollar limit, other than the limit imposed by §401(a)(17) of the Code, applies to the compensation of a Non-highly Compensated Employee. However, solely for purposes of determining the compensation subject to a participant's deferral election, the employer may use an alternative definition to the one described in the preceding sentence, provided such alternative definition is a reasonable definition within the meaning of § 1.414(s)-1(d)(2) of the regulations and permits each participant to elect sufficient Elective Deferrals to receive the maximum amount of Matching Contributions (determined using the definition of compensation described in the preceding sentence) available to the participant under the plan.
- (f) "Eligible Employee" means an employee eligible to make Elective Deferrals under the Plan for any part of the Plan Year or who would be eligible to make Elective Deferrals but for a suspension due to a hardship distribution described in Section 10.04(d) of the plan or to statutory limitations, such as §§ 402(g) and 415 of the Code.
- (g) "Matching Contributions" are contributions made by the employer on account of an Eligible Employee's Elective Deferrals.

16.03 ADP Test Safe Harbor

- (a) ADP Test Safe Harbor Contributions
 - (1) Unless the Employer elects in the Adoption Agreement to make Enhanced Matching Contributions or Safe Harbor Nonelective Contributions, the Employer will contribute for the Plan Year a Safe Harbor Matching Contribution to the Plan on behalf of each Eligible Employee equal to (i) 100 percent of the amount of the Employee's Elective Deferrals that do not exceed 3 percent of the Employee's Compensation for the Plan Year, plus (ii) 50 percent of the amount of the Employee's Elective Deferrals that exceed 3 percent of the Employee's Compensation but that do not exceed 5 percent of the Employee's Compensation ("Basic Matching Contributions").
 - (2) Notwithstanding the requirement in (1) above that the Employer make the ADP Test Safe Harbor Contributions to this Plan, if the Employer so provides in the Adoption Agreement, the ADP Test Safe Harbor Contributions will be made to the defined contribution plan indicated in the Adoption Agreement. However, such contributions will be made to this Plan unless (i) each Employee eligible under this Plan is also eligible under the other plan and (ii) the other plan has the same Plan Year as this Plan.
 - (3) The Participant's accrued benefit derived from ADP Test Safe Harbor Contributions is nonforfeitable and may not be distributed earlier than separation from service, death, disability, an event described in § 401(k)(10) of the Code, or, in the case of a profit-sharing plan, the attainment of age 59-1/2. In addition, such contributions must satisfy the ADP Test Safe Harbor without regard to permitted disparity under § 401(l).
- (b) Notice Requirement
At least 30 days, but not more than 90 days, before the beginning of the Plan Year, the employer will provide each Eligible Employee a comprehensive notice of the Employee's rights and obligations under the Plan, written in a manner calculated to be understood by the average Eligible Employee. If an Employee becomes eligible after the 90th day before the beginning of the Plan Year and does not receive the notice for that reason, the notice must be provided no more than 90 days before the Employee becomes eligible but not later than the date the Employee becomes eligible.
- (c) Election Periods
In addition to any other election periods provided under the Plan, each Eligible Employee may make or modify a deferral election during the 30-day period immediately following receipt of the notice described in section 16.03(b) above.

16.04 ACP Test Safe Harbor

- (a) ACP Test Safe Harbor Matching Contributions
 - (1) In addition to the ADP Test Safe Harbor Contributions described in Section 16.03(a)(1) of this Article, the Employer will make the ACP Test Safe Harbor Matching Contributions, if any, indicated in the Adoption Agreement for the Plan Year.
 - (2) ACP Test Safe Harbor Matching Contributions will be vested as indicated in the Adoption Agreement, but, in any event, such contributions shall be fully vested at normal retirement age, upon the complete or partial termination of the Plan, or upon the complete discontinuance of Employer Contributions. Forfeitures of nonvested ACP Test Safe Harbor Matching Contributions will be used to reduce the Employer's Contribution.

**ARTICLE XVII
LOANS TO PARTICIPANTS**

17.01 General Rules: If the Employer has specified in the Adoption Agreement that Participant loans are available, the following provisions shall apply:

- (a) Loans shall be made available to all Participants and beneficiaries on a reasonably equivalent basis.
- (b) Loans shall not be made available to Highly Compensated Employees (as defined in Section 14.20 of the Plan) in an amount greater than the amount made available to other Employees.

- (c) Loans must be adequately secured. Although it is the intention that loans to Participants shall be repaid, the collateral for each loan shall be the assignment of the Participant's entire right, title, and interest in and to his account balance, evidenced by his promissory note for the amount of the loan (including interest), payable to the order of the Trustee, and such other security as the Plan Administrator shall require pursuant to the Plan's Loan Policy and Procedures.
 - (d) Each loan must bear interest at a reasonable rate determined by taking into account interest rates being charged at the time of the loan. There shall be no discrimination among Participants in the matter of interest rates, but loans granted at different times may bear different interest rates and terms if the differences are justified by changes in the general economic condition.
 - (e) No Participant loan shall exceed the present value of the Participant's vested accrued benefit.
 - (f) Unless this is a Plan described in Section 9.05, a Participant must obtain the consent of his or her spouse, if any, to use the account balance as security for the loan. Spousal consent shall be obtained no earlier than the beginning of the 90-day period that ends on the date on which the loan is to be so secured. The consent must be in writing, must acknowledge the effect of the loan, and must be witnessed by a plan representative or notary public. Such consent shall thereafter be binding with respect to the consenting spouse or any subsequent spouse with respect to that loan. A new consent shall be required if the account balance is used for renegotiation, extension, renewal, or other revision of the loan.
 - (g) In the event of default, foreclosure on the note and attachment of security will not occur until a distributable event occurs in the Plan.
 - (h) For plan loans made before January 1, 2002, no loans will be made to any Shareholder-Employee or Owner Employees. For purposes of this requirement, a Shareholder-Employee means an employee or officer of an electing small business (Subchapter S) corporation who owns (or is considered as owning within the meaning of Section 318(a)(1) of the Code), on any day during the taxable year of such corporation, more than 5% of the outstanding stock of the corporation.
 - (i) Loan repayments will be suspended under this plan as permitted under §414(u)(4) of the Internal Revenue Code.
 - (j) Enforceable Agreement Requirement. A loan does not satisfy the requirements of this paragraph unless the loan is evidenced by a legally enforceable agreement (which may include more than one document) and the terms of the agreement demonstrate compliance with the requirements of section 72(p)(2) and this section. Therefore, the agreement must specify the amount and date of the loan and the repayment schedule. The agreement does not have to be signed if the agreement is enforceable under applicable law without being signed. The agreement must be set forth either--
 - (1) In a written paper document; or
 - (2) In a document that is delivered through an electronic medium under an electronic system that satisfies the requirements of Section 1.401(a)-21 of the regulations.
 - (k) Any additional requirements will be outlined in the Plan's Loan Policy and Procedures.
- 17.02 **Spousal Consent:** If a valid spousal consent has been obtained in accordance with Section 18.01(f) above, then, notwithstanding any other provision of this Plan, the portion of the Participant's vested account balance used as a security interest held by the Plan by reason of a loan outstanding to the Participant shall be taken into account for purposes of determining the amount of the account balance payable at the time of death or distribution, but only if the reduction is used as repayment of the loan. If less than 100% of the Participant's vested account balance (determined without regard to the preceding sentence) is payable to the surviving spouse, then the account balance shall be adjusted by first reducing the vested account balance by the amount of the security used as repayment of the loan, and then determining the benefit payable to the surviving spouse.
- 17.03 **Participant Loan Limits:** No loan to any Participant or Beneficiary can be made to the extent that such loan when added to the outstanding balance of all other loans to the Participant or Beneficiary would exceed the lesser of (a) \$50,000 reduced by the excess (if any) of the highest outstanding balance of loans during the one year period ending on the day before the loan is made, over the outstanding balance of loans from the Plan on the date the loan is made, or (b) one-half the present value of the nonforfeitable accrued benefit of the Participant. For the purpose of the above limitation, all loans from all plans of the Employer and other members of a group of employers described in Sections 414(b), 414(c), and 414(m) and (o) of the Code are aggregated. Furthermore, any loan shall by its terms require that repayment (principal and interest) be amortized in level payments, not less frequently than quarterly, over a period not extending beyond five years from the date of the loan, unless such loan is used to acquire a dwelling unit which within a reasonable time (determined at the time the loan is made) will be used as the principal residence of the Participant. An assignment or pledge of any portion of the Participant's interest in the Plan and a loan, pledge, or assignment with respect to any insurance contract purchased under the Plan, will be treated as a loan under this paragraph.
- 17.04 **Failure to Make Loan Payment:** If a Participant fails to make a loan payment when due, such Participant will have 90 days (or such other reasonable period established by the Trustee, disclosed to Participants, and applied on a uniform basis) after such loan payment due date to cure such default. If the Participant fails to make the loan payment by the end of the cure period, one or more of the following options will be applied on a uniform basis for all Participants under the Plan's written loan policy:
- (a) If permitted under the maximum Participant loan limits, a new loan will be created in the amount of the amount in default; or
 - (b) The amount in default will be reported as a deemed distribution for the tax year in which the cure period expired.

ARTICLE XVIII INSURANCE PROVISIONS

If the Employer has specified in the Adoption Agreement that the Trustee may purchase life insurance contracts, the following provisions shall apply:

18.01 **Incidental Insurance Provisions:**

- (a) Ordinary Life - For purposes of these incidental insurance provisions, ordinary life insurance contracts are contracts with both nondecreasing death benefits and nonincreasing premiums. If such contracts are purchased, less than 1/2 of the aggregate Employer Contributions allocated to any Participant will be used to pay the premiums attributable to them.
- (b) Term and Universal Life - No more than 1/4 of the aggregate Employer Contributions allocated to any Participant will be used to pay the premiums on term life insurance contracts, universal life insurance contracts, and all other life insurance contracts which are not ordinary life.
- (c) Combination - The sum of 1/2 of the ordinary life insurance premiums and all other life insurance premiums will not exceed 1/4 of the aggregate Employer Contributions allocated to any Participant.

18.02 **Distribution of Insurance Contracts:** Subject to Article IX, Joint and Survivor Annuity requirements, the contracts on a Participant's life will be converted to cash or an annuity or distributed to the Participant upon commencement of benefits.

18.03 **Ownership and Beneficiary of Insurance Contracts:** The Trustee shall apply for and will be the owner of any insurance contract purchased under the terms of this Plan. The insurance contract(s) must provide that proceeds will be payable to the Trustee, however the Trustee shall be required to

pay over all proceeds of the contract(s) to the Participant's Designated Beneficiary in accordance with the distribution provisions of this Plan. A Participant's spouse will be the Designated Beneficiary of the proceeds in all circumstances unless a qualified election has been made in accordance with Section 14.53 of the Joint and Survivor Annuity requirements, if applicable. Under no circumstances shall the trust retain any part of the proceeds. The terms of any annuity contract purchased and distributed by the Plan to a Participant or spouse shall comply with the requirements of this Plan.

- 18.04 **Treatment of Insurance Dividends:** Any dividends or credits earned on insurance contracts will be allocated to the Participant's account derived from Employer Contributions for whose benefit the contract is held.
- 18.05 **Transferability of Annuities:** Any annuity contract distributed herefrom must be nontransferable.
- 18.06 **Conflicts With Insurance Contracts:** In the event of any conflict between the terms of this Plan and the terms of any insurance contract purchased hereunder, the Plan provisions shall control.
- 18.07 **Nondiscrimination Requirements for Investments in Insurance Contracts:** If this Plan is funded, in whole or in part, with life insurance contracts it will not satisfy the requirements of section 401(a)(4) if: (1) the Plan permits HCEs, prior to distribution of retirement benefits, to purchase those life insurance contracts prior to distribution; and (2) any rights under the Plan for NHCEs to purchase life insurance contracts from the Plan prior to distribution of retirement benefits are not of inherently equal or greater value than the purchase rights of HCEs.

The Trustee may hold any reasonable portion of the Trust Fund in cash pending investment or payment of expenses or benefits, without liability for interest.
- 2.2 **Direction of Investments.** Pursuant to the election made in the Adoption Agreement, investments will be determined in the discretion of the Trustee; the Employer; the Participants.
- 2.3 **Employer-Directed Investments:** If the Employer has been designated to determine investments, the following provisions shall apply:
 - (a) Direction of investment by the Employer shall be made in written orders delivered to the Trustee in such form as may be acceptable to the Trustee, without any duty to diversify and without regard to whether such property is authorized by the laws of any jurisdiction as a trust investment. The Trustee shall be responsible for the execution of such orders and for maintaining adequate records thereof. However, if any such orders are not received as required or, if received, are unclear in the opinion of the Trustee, all or a portion of the contribution may be held uninvested without liability for loss of income or appreciation, and without liability for interest, pending receipt of such orders or clarification.
 - (b) The Employer may, in its discretion, appoint in writing one or more Investment Managers to direct the investment of all or any portion of the Trust Fund, as follows:

- (2) After receipt of the instruments described in (1) above, the Trustee shall follow the written direction of the Investment Manager regarding the investment of the appropriate portion of the Trust Fund unless and until the Trustee receives written notice from the Employer that the Investment Manager has resigned or been removed. The Trustee shall be under no obligation to review or question any investment decision made by the Investment Manager, and the Trustee shall have no liability for losses with respect to such investments on account of any action directed, taken, or omitted by such Investment Manager.

Within a reasonable time after receipt of investment directions, the Trustee shall implement such directions, and the Trustee shall have no duty to diversify investments so directed, and the Trustee need not consider whether such investments are authorized by the laws of any jurisdiction as a trust investment. If any investment orders are not received, or, if received, are unclear in the opinion of the Trustee, all or a portion of the contribution may be held uninvested without liability for loss of income or appreciation, and without liability for interest, pending receipt of such orders or clarification.
- (d) The Trustee shall maintain a segregated account for each of the accounts for which investment is directed by a Participant.
- (e) The Trustee and Plan Administrator are authorized to establish any reasonable rules and procedures governing Participant-directed accounts which they deem desirable. Any such rules and procedures will be applied to all Participants on a nondiscriminatory basis. The Trustee is specifically authorized to establish any rules and procedures which it deems necessary or advisable to comply with the requirements of section 404(c) of ERISA.
- (f) The Trustee may require any Participant to enter into an agreement with the Trustee consenting to the Trustee's rules and procedures and providing such other provisions and indemnities as the Trustee shall require before allowing the Participant to direct any investment of his account.

The Trustee shall have with respect to the interest of the Trust Fund in the Collective Trust the powers conferred by this Trust Agreement to the extent that such powers are not inconsistent with the provisions of the declaration creating the Collective Trust. The Trustee may withdraw all or any part of any interest of the Trust Fund in the Collective Trust in accordance with the terms of the Collective Trust. The terms of a Collective Trust shall constitute an integral part of this Agreement and the Plan.

2.6 Allocation of Earnings and Losses: To the extent that the Trustee maintains segregated accounts for Participants, the actual earnings and losses with respect to each segregated account shall be allocated to such account. To the extent that the Trustee does not maintain segregated accounts for Participants, the earnings and losses of the Trust shall be allocated pro rata among Participant's Accounts, on the basis specified in the Adoption Agreement.

- (e) To borrow or raise money for the purposes of the Plan in such amount, and upon such terms and conditions, as the Trustee shall deem advisable; and for any sum so borrowed, to issue a promissory note as Trustee, and to secure the repayment thereof by pledging all, or any part, of the Trust Fund; and no person lending money to the Trustee shall be bound to see the application of the money lent or to inquire into the validity, expediency, or propriety of any borrowing;

- (n) To invest funds of the Trust in time deposits or savings accounts bearing a reasonable rate of interest in the Trustee's bank;
- (o) To invest in Treasury Bills and other forms of United States government obligations;
- (p) Except as hereinafter expressly authorized, the Trustee is prohibited from selling or purchasing stock options. The Trustee is expressly authorized to write and sell call options under which the holder of the option has the right to purchase shares of stock held by the Trustee as a part of the assets of this Trust, if such options are traded on and sold through a national securities exchange registered under the Securities Exchange Act of 1934, as amended, which exchange has been authorized to provide a market for option contracts pursuant to Rule 9B-1 promulgated under such Act, and so long as the Trustee at all times up to and including the time of exercise or expiration of any such option holds sufficient stock in the assets of this Trust to meet the obligations under such option if exercised. In addition, the Trustee is expressly authorized to purchase and acquire call options for the purchase of shares of stock covered by such options if the options are traded on and purchased through a national securities exchange as described in the immediately preceding sentence, and so long as any such option is purchased solely in a closing purchase transaction, meaning the purchase of an exchange traded call option the effect of which is to reduce or eliminate the obligations of the Trustee with respect to a stock option contract or contracts which it has previously written and sold in a transaction authorized under the immediately preceding sentence;

- (t) To transfer a Participant's interest in the Plan to the trustee of another trust forming part of a plan represented by such trustee as meeting the requirements of section 401(a) of the Code or to the trustee, custodian, or issuer of an individual retirement account or annuity represented by such trustee, custodian, or issuer as meeting the requirements of section 408(a) or (b) of the Code; provided that such recipient permits such transfers to be made;
- (u) To accept funds for the account of a Participant transferred from the trustee or custodian of another plan represented by such trustee or custodian as meeting the requirements of section 401(a) of the Code; provided that such trust permits such transfers to be made;
- (v) To establish and maintain one or more investment funds in which all or a portion of the accounts of Participants may be commingled; and
- (w) To do all such acts and exercise all such rights and privileges, although not specifically mentioned herein, as the Trustee may deem necessary to carry out the purposes of the Plan.

2.8 Indicia of Ownership: All right, title, and interest in and to the assets of the Trust Fund shall at all time be vested exclusively in the Trustee. Except as may be authorized by regulations promulgated by the Secretary of Labor, the Trustee shall not maintain the indicia of ownership in any assets of the Trust Fund outside of the jurisdiction of the district courts of the United States.

- (a) Within ninety (90) days following the later of the last day of the Plan Year or receipt by the Trustee of the Employer's Contribution for the Taxable Year, and following the effective date of the removal or resignation of the Trustee, the Trustee shall file with the Employer a written account setting forth all transactions affected by it subsequent to the end of the period covered by its last previous annual account, the assets of the Trust Fund at the close of the period covered by such account, the net income or loss of the Trust Fund, the gains or losses realized by the Trust Fund upon the sale or other disposition of assets, the increase or decrease in the value of the Trust Fund, all payments and distributions made from the Trust Fund, and such other information as the Trustee or Plan Administrator deems appropriate. Such written account may consist of regularly issued broker/dealer, mutual fund or other investment statements. (b) Upon receipt by the Trustee of the Employer's written approval of any such account, or upon the expiration of thirty days after delivery of any such account to the Employer, such account (as originally stated if no objection has been theretofore filed by the Employer, or as theretofore adjusted pursuant to agreement between the Employer and the Trustee) shall be deemed to be approved by the Employer except as to matters, if any, covered by written objections theretofore delivered to the Trustee by the Employer regarding which the Trustee has not given an explanation, or made adjustments, satisfactory to the Employer, and the Trustee shall be released and discharged as to all items, matters and things set forth in such account which are not covered by such written objections as if such account had been settled and allowed by a decree of a court having jurisdiction regarding such account and of the Trustee, the Employer, the Plan Administrator and all persons having or claiming to have any interest in the Trust Fund. The Trustee, nevertheless, shall have the right to have its accounts settled by judicial proceedings if it so elects, in which event the Employer, the Plan Administrator and the Trustee shall be the only necessary parties.
- 3.9 Indemnification:** Unless resulting from the Trustee's negligence, willful misconduct, lack of good faith, or breach of its fiduciary duties under this Trust Agreement or ERISA, the Employer shall indemnify and save harmless the Trustee from, against, for, and in respect of any and all damages, losses, obligations, liabilities, liens, deficiencies, costs, and expenses, including, without limitation, reasonable attorney's fees incident to any suit, action, investigation, claim, or proceedings suffered, sustained, incurred, or required to be paid by the Trustee in connection with the Plan or this Trust Agreement.

**ARTICLE 4
ADMINISTRATIVE PROVISIONS**

- 4.1 Compensation and Expenses:** The Trustee shall be reimbursed for any reasonable expenses incurred by it as Trustee, including reasonable expenses of legal counsel. In addition, the Trustee shall be paid such reasonable compensation as shall be agreed upon from time to time in writing by the Employer and the Trustee, or in absence of such an agreement, such amounts as the Trustee customarily charges for similar services. However, an individual serving as Trustee who already receives full-time pay from the Employer shall not receive compensation from this Plan. Unless paid or advanced by the Employer, such compensation and reimbursements shall be paid from the Trust Fund.
- 4.2 Communications:** Whenever the Trustee is permitted or required to act upon the directions or instructions of the Plan Administrator or Employer, the Trustee shall be entitled to act upon any written communication signed by any person or agent designated to act as or on behalf of the Plan Administrator or Employer. Such persons or agents shall be designated in writing by the Employer or the Plan Administrator, and their authority shall continue until revoked in writing. The Trustee shall incur no liability for failure to act on such person's or agent's instruction or orders without written communication, and the Trustee shall be fully protected in all actions taken in good faith in reliance upon any instructions, directions, certifications, and communications believed to be genuine and to have been signed or communicated by the proper person.
- 4.3 Notification of Designated Person or Agent:** The Employer shall notify the Trustee in writing as to the appointment, removal, or resignation of any person or agent designated to act as or on behalf of the plan Administrator. After such notification, the Trustee shall be fully protected in acting upon the directions of, or dealing with, any person or agent designated to act as or on behalf of the Plan Administrator until it receives written notice to the contrary. The Trustee shall have no duty to inquire into the qualifications of any person designated to act as or on behalf of the Plan Administrator.
- 4.4 Failure to Provide Instructions:** In the event that the Plan Administrator fails for any reason to furnish the Trustee with any required notice, communication, designation, certification, order, instruction, or objection, the Trustee may take such action, including the making of distributions, as it in its discretion deems necessary or advisable under the circumstances, after it has been put on notice that any action on its part is required.
- 4.5 Insurance Companies:** If any contract issued by an insurance company shall form a part of the Trust Fund, the insurance company shall not be deemed a party to this Trust Agreement. A certification in writing by the Trustee as to the occurrence of any event contemplated by this Trust Agreement or the Plan shall be conclusive evidence thereof and the insurance company shall be protected in relying upon such certification and shall incur no liability for so doing. With respect to any action under any such contract, the insurance company may deal with the Trustee as the sole owner thereof and need not see that any action of the Trustee is authorized by this Trust Agreement or the Plan. Any change made or taken by an insurance company upon the direction of the Trustee shall fully discharge the insurance company from all liability with respect thereto, and it need not see to the distribution or further application of any moneys paid it to the Trustee or paid in accordance with the direction of the Trustee.

**ARTICLE 5
RESIGNATION AND REMOVAL OF TRUSTEE**

- 5.1 Resignation of Trustee:** The Trustee may resign at any time by delivering written notice to the Employer at least thirty (30) days before the effective date of such resignation.
- 5.2 Removal of Trustee:** The Trustee may be removed by the Employer at any time upon thirty (30) written notice to the Trustee. The thirty day notice period may be waived by the Trustee.
- 5.3 Appointment of Successor:** Upon the death, resignation, incapacity, or removal of any Trustee, a successor may be appointed by the Employer by written instrument appointing a successor Trustee, and an acceptance in writing of the office of successor Trustee signed by the successor so appointed. Any successor Trustee may be either one or more individuals or a corporation authorized and empowered to exercise trust powers. Upon accepting such appointment in writing, such successor shall become vested with all the estate, rights, powers, discretions, and duties of his predecessor with like respect as if he were originally named as a Trustee herein. Until such a successor is appointed and has accepted its appointment, the remaining Trustee or Trustees shall have full authority to act under the terms of this Agreement. Upon the death of the sole proprietor of a proprietorship where either the sole proprietor was acting as the sole Trustee or where no other Trustees remain, whether by death or otherwise, the executor or administrator of the estate of the last surviving Trustee or if applicable of the sole proprietor will have the authority to appoint a successor Trustee.
- 5.4 Delivery by Trustee:** Upon appointment of a successor Trustee, the resigning or removed Trustee shall transfer and deliver the Trust Fund to such successor Trustee, after reserving such reasonable amount as it shall deem necessary to provide for its expenses in the settlement of its account, the amount of any compensation due to it, and any sums chargeable against the Trust Fund for which it may be liable. If the sums so reserved are not sufficient for such purposes, the resigning or removed Trustee shall be entitled to reimbursement for any deficiency from the successor Trustee and the Employer who shall be jointly and severally liable therefore.
- 5.5 Successor:** Any successor Trustee shall have all of the powers of the initial Trustee. A successor Trustee may rely on the accounting provided by its predecessors, and a successor Trustee shall not be liable for the acts or omissions of any predecessor Trustee.

**ARTICLE 6
NO ALIENATION OR DIVERSION**

- 6.1 Nonalienation:** Except as otherwise required in the case of any qualified domestic relations order within the meaning of Section 414(p) of the Code, the benefits or proceeds of any allocated or unallocated portion of the assets of the Trust Fund and any interest of any participant or Beneficiary arising out of or created by the Plan either before or after the participant's retirement shall not be subject to execution, attachment, garnishment, or other legal or judicial process whatsoever by any person, whether creditor or otherwise, claiming against such Participant or Beneficiary. No Participant or Beneficiary shall have the right to alienate, encumber, or assign any of the payments or proceeds, or any other interest arising out of or created by the Plan and any action purporting to do so shall be void. The provision of this Section shall apply to all Participants and Beneficiaries, regardless of their citizenship or place of residence.
- 6.2 Prohibition of Diversion:** Except as provided in this paragraph, at no time prior to the satisfaction of all liabilities with respect to Participants and their Beneficiaries under the Plan shall any part of the principal or income of the Trust Fund be used for, or diverted to, purposes other than for the

exclusive benefit of Participants or their Beneficiaries, or for defraying reasonable expenses of administering the Plan. Notwithstanding the foregoing, contributions made by the Employer under the Plan may be returned to the Employer under the following conditions:

- (a) Contributions to the Plan are specifically conditioned on initial qualification of the Plan under the Code. If the plan is determined to be disqualified, contributions made in respect of any period subsequent to the effective date of such disqualification may be returned to the Employer within one year after the date of denial of qualification.
- (b) Contributions to the Plan are specifically conditioned upon their deductibility under the Code. To the extent a deduction is disallowed for any such contribution, it may be returned to the Employer within one year after the disallowance of the deduction. Contributions which are not deductible in the taxable year in which made but are deductible in subsequent taxable years shall not be considered to be disqualified for purposes of this subsection.
- (c) If a contribution is made by reason of mistake of fact, such contribution may be returned to the Employer within one year of the payment of such contribution.

ARTICLE 7 MISCELLANEOUS PROVISIONS

- 7.1 **Definitions in Plan:** Unless the context of this Trust Agreement clearly indicates otherwise, the terms defined in the Plan shall, when used herein, have the same meaning as in the Plan.
- 7.2 **Amendment of Trust:** The Employer may, by delivery to the Trustee of an instrument in writing, amend, terminate, or partially terminate this Trust Agreement at any time; provided, however, that no amendment shall increase the duties or liabilities of the Trustee without the Trustee's consent; and, provided further, that no amendment shall divert any part of the Trust Fund to any purpose other than providing benefits to Participants and their beneficiaries or defraying reasonable expenses of administering the Plan.
- 7.3 **Termination of Plan:** If the Plan is terminated, or if the Employer permanently discontinues its contributions to the Plan, the Trustee shall distribute the Trust Fund or any part thereof in such manner and at such times as the Plan Administrator shall direct in writing. In absence of receipt of such written directions within ninety (90) days after the effective date of such termination, the Trustee shall distribute the Trust Fund in accordance with the provisions of the Plan.
- 7.4 **No Employment Contract:** Nothing contained in this Trust Agreement or in the Plan shall be construed as an employment contract or require the Employer to retain any Employee in its service.
- 7.5 **Construction:** The construction, validity, and administration of this Trust Agreement and the Plan shall be governed by the laws of the state where the Trust resides, except to the extent that such laws have been specifically superseded by ERISA.

- 1.05 **Effect of restatement of Plan.** If the Employer restates the Plan, then this Amendment shall remain in effect after such restatement unless the provisions in this Amendment are restated or otherwise become obsolete (e.g., if the Plan is restated onto a plan document which incorporates the final Code §415 Regulation provisions).
- 1.06 **Adoption by prototype sponsor.** Except as otherwise provided herein, pursuant to the provisions of the Plan and Section 5.01 of Revenue Procedure 2005-16, the mass submitter hereby adopts this Amendment on behalf of all adopting employers.

2.04 **Plan Compensation Special Effective Date.** The definition of Plan Compensation is modified as set forth herein effective as of the same date as the 415 Compensation change is effective unless otherwise specified: _____ (enter the effective date).

**ARTICLE III
FINAL SECTION 415 REGULATIONS**

3.01 **Effective date.** The provisions of this Article III shall apply to limitation years beginning on and after July 1, 2007.

3.02 **415 Compensation paid after severance from employment.** 415 Compensation shall be adjusted, as set forth herein and as otherwise elected in Article II, for the following types of compensation paid after a Participant's severance from employment with the Employer maintaining the Plan (or any other entity that is treated as the Employer pursuant to Code § 414(b), (c), (m) or (o)). However, amounts described in subsections (a) and (b) below may only be included in 415 Compensation to the extent such amounts are paid by the later of 2 1/2 months after severance from employment or by the end of the limitation year that includes the date of such severance from employment. Any other payment of compensation paid after severance of employment that is not described in the following types of compensation is not considered 415 Compensation within the meaning of Code § 415(c)(3), even if payment is made within the time period specified above.

(a) **Regular pay.** 415 Compensation shall include regular pay after severance of employment if (1) the payment is regular compensation for

services during the participant's regular working hours, or compensation for services outside the participant's regular working hours (such as overtime or shift differential), commissions, bonuses, or other similar payments; and (2) the payment would have been paid to the participant prior to a severance from employment if the participant had continued in employment with the Employer.

- (b) **Leave cashouts and deferred compensation.** Leave cashouts shall be included in 415 Compensation, unless otherwise elected in Section 2.02 of this Amendment, if those amounts would have been included in the definition of 415 Compensation if they were paid prior to the participant's severance from employment, and the amounts are payment for unused accrued bona fide sick, vacation, or other leave, but only if the participant would have been able to use the leave if employment had continued. In addition, deferred compensation shall be included in 415 Compensation, unless otherwise elected in Section 2.02 of this Amendment, if the compensation would have been included in the definition of 415 Compensation if it had been paid prior to the participant's severance from employment, and the compensation is received pursuant to a nonqualified unfunded deferred compensation plan, but only if the payment would have been paid at the same time if the participant had continued in employment with the Employer and only to the extent that the payment is includible in the participant's gross income.
- (c) **Salary continuation payments for military service participants.** 415 Compensation does not include, unless otherwise elected in Section 2.02 of this Amendment, payments to an individual who does not currently perform services for the Employer by reason of qualified military service (as that term is used in Code section 414(u)(1)) to the extent those payments do not exceed the amounts the individual would have received if the individual had continued to perform services for the Employer rather than entering qualified military service.
- (d) **Salary continuation payments for disabled Participants.** Unless otherwise elected in Section 2.02 of this Amendment, 415 Compensation does not include compensation paid to a participant who is permanently and totally disabled (as defined in Code section 22(e)(3)). If elected, this provision shall apply to either just non-highly compensated participants or to all participants for the period specified in Section 2.02 of this Amendment.
- 3.03 **Administrative delay ("the first few weeks") rule.** 415 Compensation for a limitation year shall not include, unless otherwise elected in Section 2.02 of this Amendment, amounts earned but not paid during the limitation year solely because of the timing of pay periods and pay dates. However, if elected in Section 2.02 of this Amendment, 415 Compensation for a limitation year shall include amounts earned but not paid during the limitation year solely because of the timing of pay periods and pay dates, provided the amounts are paid during the first few weeks of the next limitation year, the amounts are included on a uniform and consistent basis with respect to all similarly situated participants, and no compensation is included in more than one limitation year.
- 3.04 **Inclusion of certain nonqualified deferred compensation amounts.** If the Plan's definition of Compensation for purposes of Code section 415 is the definition in Regulation Section 1.415(c)-2(b) (Regulation Section 1.415-2(d)(2) under the Regulations in effect for limitation years beginning prior to July 1, 2007) and the simplified compensation definition of Regulation 1.415(c)-2(d)(2) (Regulation Section 1.415-2(d)(10) under the Regulations in effect for limitation years prior to July 1, 2007) is not used, then 415 Compensation shall include amounts that are includible in the gross income of a Participant under the rules of Code section 409A or Code section 457(f)(1)(A) or because the amounts are constructively received by the Participant. [Note if the Plan's definition of Compensation is W-2 wages or wages for withholding purposes, then these amounts are already include in Compensation.]
- 3.05 **Definition of annual additions.** The Plan's definition of "annual additions" is modified as follows:
- (a) **Restorative payments.** Annual additions for purposes of Code section 415 shall not include restorative payments. A restorative payment is a payment made to restore losses to a Plan resulting from actions by a fiduciary for which there is reasonable risk of liability for breach of a fiduciary duty under ERISA or under other applicable federal or state law, where participants who are similarly situated are treated similarly with respect to the payments. Generally, payments are restorative payments only if the payments are made in order to restore some or all of the plan's losses due to an action (or a failure to act) that creates a reasonable risk of liability for such a breach of fiduciary duty (other than a breach of fiduciary duty arising from failure to remit contributions to the Plan). This includes payments to a plan made pursuant to a Department of Labor order, the Department of Labor's Voluntary Fiduciary Correction Program, or a court-approved settlement, to restore losses to a qualified defined contribution plan on account of the breach of fiduciary duty (other than a breach of fiduciary duty arising from failure to remit contributions to the Plan). Payments made to the Plan to make up for losses due merely to market fluctuations and other payments that are not made on account of a reasonable risk of liability for breach of a fiduciary duty under ERISA are not restorative payments and generally constitute contributions that are considered annual additions.
- (b) **Other Amounts.** Annual additions for purposes of Code section 415 shall not include: (1) The direct transfer of a benefit or employee contributions from a qualified plan to this Plan; (2) Rollover contributions (as described in Code sections 401(a)(31), 402(c)(1), 403(a)(4), 403(b)(8), 408(d)(3), and 457(e)(16)); (3) Repayments of loans made to a participant from the Plan; and (4) Repayments of amounts described in Code section 411(a)(7)(B) (in accordance with Code section 411(a)(7)(C)) and Code section 411(a)(3)(D) or repayment of contributions to a governmental plan (as defined in Code section 414(d)) as described in Code section 415(k)(3), as well as Employer restorations of benefits that are required pursuant to such repayments.
- (c) **Date of tax-exempt Employer contributions.** Notwithstanding anything in the Plan to the contrary, in the case of an Employer that is exempt from Federal income tax (including a governmental employer), Employer contributions are treated as credited to a participant's account for a particular limitation year only if the contributions are actually made to the plan no later than the 15th day of the tenth calendar month following the end of the calendar year or fiscal year (as applicable, depending on the basis on which the employer keeps its books) with or within which the particular limitation year ends.
- 3.06 **Change of limitation year.** The limitation year may only be changed by a Plan amendment. Furthermore, if the Plan is terminated effective as of a date other than the last day of the Plan's limitation year, then the Plan is treated as if the Plan had been amended to change its limitation year.
- 3.07 **Excess Annual Additions.** Notwithstanding any provision of the Plan to the contrary, if the annual additions (within the meaning of Code section 415) are exceeded for any participant, then the Plan may only correct such excess in accordance with the Employee Plans Compliance Resolution System (EPCRS) as set forth in Revenue Procedure 2006-27 or any superseding guidance, including, but not limited to, the preamble of the final section 415 regulations.

3.08 **Aggregation and Disaggregation of Plans.**

(a) For purposes of applying the limitations of Code section 415, all defined contribution plans (without regard to whether a plan has been terminated) ever maintained by the Employer (or a "predecessor employer") under which the participant receives annual additions are treated as one defined contribution plan. The "Employer" means the Employer that adopts this Plan and all members of a controlled group or an affiliated service group that includes the Employer (within the meaning of Code sections 414(b), (c), (m) or (o)), except that for purposes of this Section, the determination shall be made by applying Code section 415(h), and shall take into account tax-exempt organizations under Regulation Section 1.414(c)-5, as modified by Regulation Section 1.415(a)-1(f)(1). For purposes of this Section:

(1) A former Employer is a "predecessor employer" with respect to a participant in a plan maintained by an Employer if the Employer maintains a plan under which the participant had accrued a benefit while performing services for the former Employer, but only if that benefit is provided under the plan maintained by the Employer. For this purpose, the formerly affiliated plan rules in Regulation Section 1.415(f)-1(b)(2) apply as if the Employer and predecessor Employer constituted a single employer under the rules described in Regulation Section 1.415(a)-1(f)(1) and (2) immediately prior to the cessation of affiliation (and as if they constituted two, unrelated employers under the rules described in Regulation Section 1.415(a)-1(f)(1) and (2) immediately after the cessation of affiliation) and cessation of affiliation was the event that gives rise to the predecessor employer relationship, such as a transfer of benefits or plan sponsorship.

(2) With respect to an Employer of a participant, a former entity that antedates the Employer is a "predecessor employer" with respect to the participant if, under the facts and circumstances, the employer constitutes a continuation of all or a portion of the trade or business of the former entity.

(b) **Break-up of an affiliate employer or an affiliated service group.** For purposes of aggregating plans for Code section 415, a "formerly affiliated plan" of an employer is taken into account for purposes of applying the Code section 415 limitations to the employer, but the formerly affiliated plan is treated as if it had terminated immediately prior to the "cessation of affiliation." For purposes of this paragraph, a "formerly affiliated plan" of an employer is a plan that, immediately prior to the cessation of affiliation, was actually maintained by one or more of the entities that constitute the employer (as determined under the employer affiliation rules described in Regulation Section 1.415(a)-1(f)(1) and (2)), and immediately after the cessation of affiliation, is not actually maintained by any of the entities that constitute the employer (as determined under the employer affiliation rules described in Regulation Section 1.415(a)-1(f)(1) and (2)). For purposes of this paragraph, a "cessation of affiliation" means the event that causes an entity to no longer be aggregated with one or more other entities as a single employer under the employer affiliation rules described in Regulation Section 1.415(a)-1(f)(1) and (2) (such as the sale of a subsidiary outside a controlled group), or that causes a plan to not actually be maintained by any of the entities that constitute the employer under the employer affiliation rules of Regulation Section 1.415(a)-1(f)(1) and (2) (such as a transfer of plan sponsorship outside of a controlled group).

(c) **Midyear Aggregation.** Two or more defined contribution plans that are not required to be aggregated pursuant to Code section 415(f) and the Regulations thereunder as of the first day of a limitation year do not fail to satisfy the requirements of Code section 415 with respect to a participant for the limitation year merely because they are aggregated later in that limitation year, provided that no annual additions are credited to the participant's account after the date on which the plans are required to be aggregated.

**ARTICLE IV
PLAN COMPENSATION**

- 4.01 **Compensation limit.** Notwithstanding Amendment Section 4.2 or any election in Amendment Section 2.02., if the Plan is a 401(k) plan, then participants may not make elective deferrals with respect to amounts that are not 415 Compensation. However, for this purpose, 415 Compensation is not limited to the annual compensation limit of Code section 401(a)(17).
- 4.02 **Compensation paid after severance from employment.** Compensation for purposes of allocations (hereinafter referred to as Plan Compensation) shall be adjusted, unless otherwise elected in Amendment Section 2.02, in the same manner as 415 Compensation pursuant to Article III of this Amendment, except in applying Article III, the term "limitation year" shall be replaced with the term "plan year" and the term "415 Compensation" shall be replaced with the term "Plan Compensation."
- 4.03 **Option to apply Plan Compensation provisions early.** The provisions of this Article shall apply for Plan Years beginning on and after July 1, 2007, unless an earlier effective date is specified in Section 2.02 of this Amendment.

Except with respect to any election made by the employer in Section 2.02, this amendment is hereby adopted by the prototype sponsor on behalf of all adopting employers on December 21, 2007.

ADDENDUM FOR PENSION PROTECTION ACT (PPA) PLAN AMENDMENTS

**SECTION 1
PREAMBLE - AMENDMENT OF THE PLAN FOR THE PENSION PROTECTION ACT OF 2006**

- 1.01 **Adoption and Effective Date of Amendment:** This Amendment of the Plan is adopted to reflect certain provisions of the Pension Plan Protection Act of 2006 ("PPA"). This Amendment is intended as good faith compliance with the requirements of PPA and is to be construed in accordance with PPA and guidance issued thereunder. Unless otherwise provided in this amendment, this PPA Amendment shall be effective as of the first day of the first Plan Year beginning after December 31, 2006. Since the amendments have been adopted by the Prototype Sponsor on a unilateral basis, these provisions shall be deemed to be automatically adopted by the Employer as written herein including the effective date and no signature shall be required by the Employer to adopt such amendments. If the Employer wishes to change a default election, such Employer must provide an addendum to this Amendment indicating their election(s) and sign such Addendum.
- 1.02 **Supersession of Inconsistent Provisions:** This Amendment shall supersede the provisions of the Plan to the extent those provisions are inconsistent with the provisions of this Amendment.

**SECTION 2
VESTING OF NONELECTIVE EMPLOYER CONTRIBUTIONS**

- 2.01 **Applicability:** This section shall apply to Participants with accrued benefits derived from Employer Nonelective Contributions who complete an Hour of Service under the Plan in a Plan Year beginning after December 31, 2006.
- 2.02 **Vesting Schedule:** A Participant's accrued benefit derived from Employer Nonelective Contributions shall become 100% vested. If the Employer wishes to elect another vesting schedule for Employer Nonelective Contributions then the employer must amend the Plan by selecting another form of vesting that will comply with the Pension Protection Act of 2006 by selecting one of the Top-Heavy vesting formulas in the Adoption Agreement or in an Adoption Agreement Addendum for PPA. If the employer has already adopted a vesting schedule that complies with PPA, then this section shall not apply.
- 2.03 **Effective Date:** This Section shall be effective for Limitation Years beginning after December 31, 2006.

SECTION 3 DIVESTMENT OF EMPLOYER CONTRIBUTIONS

- 3.01 **Diversification of Employer Contributions:** For Plan Years beginning after December 31, 2006, the Plan must allow Participants to elect to move any portion of their account that is invested in company stock from that investment into other investment alternatives under the Plan. This right extends to all of the company stock held under the Plan, except that it does not apply to a Participant's account balance attributable to certain accounts under the Plan, if identified in the Adoption Agreement and the Participant receives the required notification, until the participant has three years of service.
- 3.02 **Notification:** All Participants affected by this requirement are required to receive a notification from the Employer describing the investment options available in lieu of the company stock and the rights that are afforded to the Participants for divestment of the company stock.
- 3.03 **Effective Date:** This Section 3 only applies to plans that permit Participants the option of investing in Employer securities and shall become effective for Plan Years beginning after December 31, 2006.

SECTION 4 QUALIFIED ROLLOVER CONTRIBUTIONS

- 4.01 **Effective Date:** For distributions made from this Plan after December 31, 2007, the provisions as outlined below in section 4.02 shall apply.
- 4.02 **Qualified Rollover Contributions:** Participants must be given the option to directly roll over to a Roth IRA as a qualified rollover contribution pursuant to section 408A(e) of the Code. Pursuant to section 402(c)(11) of the Code, for distributions that occur prior to January 1, 2010, a plan may, but is not required to permit Qualified Rollover Contributions by nonspouse Beneficiaries and a rollover by a nonspouse Beneficiary must be made in a Direct Rollover to a Roth IRA. A surviving spouse Beneficiary who makes a rollover to a Roth IRA from this Plan may elect either to treat the Roth IRA as his or her own or establish the Roth IRA in the name of the decedent with the surviving spouse as the Beneficiary.

SECTION 5 HARDSHIP DISTRIBUTIONS BASED ON BENEFICIARY'S HARDSHIP

- 5.01 **Effective Date:** This section shall apply to distributions made after August 17, 2006.
- 5.02 **Modification of Definition of Hardship Distributions:** The following definition shall replace in its entirety Article XV, section 15.20(b)(1) and such section shall read as follows:

The following are the only financial needs considered immediate and heavy: expenses incurred or necessary for medical care, described in section 213(d) of the Code of the Employee, the Employee's spouse, dependents, or Primary Beneficiaries; the purchase (excluding mortgage payments) of a principal residence for the Employee; payment of tuition and related educational fees for the next 12 months of post-secondary education for the Employee, the Employee's spouse, children, dependents, or Primary Beneficiaries; the need to prevent the eviction of the Employee from, or a foreclosure on the mortgage of, the Employee's principal residence; payments for funeral or burial expenses for the employee's deceased parent, spouse, child, dependent, or the Primary Beneficiaries; and expenses to repair damage to the employee's principal residence that would qualify for a casualty loss deduction under Code section 165 (determined without regard to whether the loss exceeds 10 percent of adjusted gross income). The last two needs (funeral expenses and home repair) only apply to Plan Years beginning after 2005.

SECTION 6 QUALIFIED RESERVIST DISTRIBUTIONS

- 6.01 **Effective Date:** This provision applies to individuals ordered or called to active duty after September 11, 2001. The two-year period for making repayments of Qualified Reservist Distributions does not end before the date that is two years after the date of enactment.
- 6.02 **Qualified Reservist Distribution:** A Qualified Reservist Distribution is a distribution (1) from an IRA or attributable to elective deferrals under a 401(k) plan, 403(b) annuity, or certain similar arrangements, (2) made to an individual who (by reason of being a member of a reserve component as defined in section 101 of title 37 of the U.S. Code) was ordered or called to active duty for a period in excess of 179 days or for an indefinite period, and (3) that is made during the period beginning on the date of such order or call to duty and ending at the close of the active duty period. A 401(k) plan or 403(b) annuity does not violate the distribution restrictions applicable to such plans by reason of making a Qualified Reservist Distribution.
- 6.03 **Repayments May Only be Made to an IRA:** An individual who receives a Qualified Reservist Distribution may, at any time during the two-year period beginning on the day after the end of the active duty period, make one or more contributions to an IRA of such individual in an aggregate amount not to exceed the amount of such distribution. The dollar limitations otherwise applicable to contributions to IRAs do not apply to any contribution made pursuant to the provision. No deduction is allowed for any contribution made under the provision.

**SECTION 7
PRE-RETIREMENT IN-SERVICE DISTRIBUTIONS AT AGE 62**

- 7.01 **Applicability and Effective Date:** This section shall generally apply to Plan Years beginning after December 31, 2006. Unless otherwise elected in the Adoption Agreement Addendum, the Normal Retirement Age under this provision shall be deemed to be age 62. This provision shall only apply to a Money Purchase Plan or any Plan that is subject to the rules under section 411(a)(11).
- 7.02 **Normal Retirement Age for In-Service Distribution in a Pension Plan:** For purposes of the definition of pension plan under ERISA, a distribution from the Plan is not treated as made in a form other than retirement income or as a distribution prior to termination of covered employment solely because the distribution is made to an employee who has attained age 62 and who is not separated from employment at the time of such distribution. In addition, a plan does not fail to be a qualified retirement plan solely because the plan provides that a distribution may be made to an employee who has attained age 62 and who is not separated from employment at the time of the distribution.
- 7.03 **Amendment to Definition of Normal Retirement Age:** The following language is added to Section 14.25 of the Plan to be effective May 22, 2007 only with respect to Plans that are subject to section 411(a)(11) of the Code:

Notwithstanding the selection in the Adoption Agreement, if this Plan is a Plan subject to section 411(a)(11) of the Code, then effective May 22, 2007, Normal Retirement Age shall not be less than age 62 unless the exception below applies. The Normal Retirement age may be less than age 62 if the earliest retirement age that is reasonably representative of the typical retirement age for the industry in which the covered workforce is employed is used. In addition, effective May 22, 2007, if the Normal Retirement Age, as set forth in the Adoption Agreement, is less than the lesser of age 62 or the earliest retirement age that is reasonably representative of the typical retirement age for the industry in which the Employees work, then Normal Retirement Age shall be deemed to be age 62. In no event shall a Participant have a lower benefit under the Plan, or be at any time less Vested than otherwise in his or her benefit under the Plan merely because of an increase in Normal Retirement Age required by this Section 7. Notwithstanding the forgoing, age 62 shall be deemed to generally satisfy this requirement and in the case of a plan where substantially all Participants are qualified public safety employees, age 50 is deemed to satisfy this requirement.

**SECTION 8
AUTOMATIC CONTRIBUTION ARRANGEMENTS
(ACAs, EACAs, AND QACAs)**

- 8.01 **Effective Date:** If an Automatic Contribution Arrangement is elected by the Employer, such Employer must attach and execute an Adoption Agreement Addendum that satisfies the Automatic Contribution Arrangement requirements of the Code and regulations thereunder.
- 8.02 **Default:** This section shall not apply unless the Employer completes and executes the above referenced Addendum that provides the Employer's provisions for an Automatic Contribution Arrangement.

**SECTION 9
TIMING EXTENSION OF CERTAIN NOTICES**

- 9.01 **Effective Date:** The provision and the modifications required to be made under the provision apply to years beginning after December 31, 2006.
- 9.02 **Timing Extension for Certain Notices:** Notwithstanding anything in the Plan to the contrary, as of the effective date above, a qualified retirement plan is required to provide the applicable distribution notice no less than 30 days and no more than 180 days before the date distribution commences.

**SECTION 10
QUALIFIED OPTIONAL SURVIVOR ANNUITY (QOSA) REQUIREMENT**

- 10.01 **Effective Date:** The Section shall apply to plans subject to section 401(a)(11) with annuity starting dates in Plan Years beginning after December 31, 2007.
- 10.02 **Qualified Optional Survivor Annuity:** Pursuant to Article IX and the Adoption Agreement, the annuity options made available under Article IX shall be deemed to also include a Qualified Optional Survivor Annuity which shall satisfy IRS Notice 2008-30 and shall be defined to be a survivor annuity for the life of the participant's spouse that is 75% of the amount of the annuity that is payable during the joint lives of the participant and the participant's spouse.

**SECTION 11
AMENDMENT TO THE CALCULATION OF EXCESS AMOUNTS**

- 11.01 **Effective Date:** This Section 11 is effective for taxable years beginning on or after January 1, 2007. Article XV, section 15.03(b)(4) is hereby amended to include this new provision.
- 11.02 **Gap Period Earnings:** For Excess Elective Deferrals that occur in taxable years beginning on or after January 1, 2007, the gap-period earnings or loss must be included in the distribution of Excess Elective Deferrals. Therefore, Excess Elective Deferrals shall be adjusted for any income or loss up to the date of distribution. Any other method contained in the Plan will no longer apply to the distribution of Excess Elective Deferrals.

Amendment Adoption

The Prototype Plan Sponsor has adopted this amendment as of August 1, 2009 (no later than 12/31/09) on behalf of all adopting Employers to be effective pursuant to the effective dates indicated above. No further action is required by the adopting Employer.

ADDENDUM FOR HEROES EARNINGS ASSISTANCE AND RELIEF TAX ACT OF 2008 (HEART) PLAN AMENDMENTS

SECTION 1

PREAMBLE - AMENDMENT OF THE PLAN FOR THE HEROES EARNINGS ASSISTANCE AND RELIEF ACT OF 2008 (HEART)

- 1.01 **Adoption and Effective Date of Amendment:** This Amendment of the Plan is adopted to reflect certain provisions of the Heroes Earnings Assistance and Relief Tax Act of 2008 ("Heart"). This Amendment is intended as good faith compliance with the requirements of the Heart Act and is to be construed in accordance with the Heart Act and guidance issued thereunder. Except as otherwise provided, this Amendment shall be effective as of the first day of the first Plan Year beginning after December 31, 2006. Since the amendments have been adopted by the Prototype Sponsor on a unilateral basis, these provisions shall be deemed to be automatically adopted by the Employer as written herein including the effective date and no signature shall be required by the Employer to adopt such amendments, unless the Employer selects an option other than the defaulted election. If the Employer wishes to change a default election, such Employer must provide an addendum to this Amendment indicating their election(s) and sign such Addendum.
- 1.02 **Supersession of Inconsistent Provisions:** This Amendment shall supersede the provisions of the Plan to the extent those provisions are inconsistent with the provisions of this Amendment.

SECTION 2

Survivor Benefits in Qualified Retirement Plans

- 2.01 **Effective Date:** The rule applies to deaths occurring on or after January 1, 2007.
- 2.02 **Survivor Benefits:** Plans are required to permit the beneficiaries of plan participants who die while engaged in active military service to receive certain plan benefits. Such participants must be treated as if they had returned to work on the day before their death, so that their beneficiaries become entitled to any survivor benefits under the decedent's plan.
- 2.03 **Certain Benefit Accruals and Employer Contributions:** If elected by the Employer in a separate Addendum, plans are permitted but not required supply additional benefit accruals or Employer Contributions to participants who die or become disabled while engaged in active military service. Plans may elect to treat participants who die or become disabled while performing active military service in the same manner as the current rules apply to military personnel that are rehired. If this is elected or the Plan may deem such a participant to have been rehired on the day before the date of death or disability, and then, accordingly, provide him/her with some or all of the benefit accruals that he/she would have been entitled to under USERRA had he/she actually returned to work. If this additional benefit is offered pursuant to section 414(u) then the Plan must comply with two conditions. First, all participants performing military service must be treated on a reasonably equivalent basis and therefore may not discriminate in favor of highly compensated employees. Second, if a plan benefit is contingent on employee contributions or elective deferrals, the Employer must determine the benefit by looking at the average of the contributions or deferrals actually made by the participant during the twelve months prior to military service, or, if less, the length of time he/she was employed. This optional provision can be applied to deaths and disabilities occurring on or after January 1, 2007.
- 2.04 **Differential Wages:** "Differential Wage Payments" must be considered Compensation for purposes this Plan. A "Differential Wage Payment" is any payment made by an Employer to an Employee who is performing active military service that represents all or some of the wages that the Employee would have received from the Employer if he/she were still actively employed. Employees may also make contributions to this Plan from Differential Wage Payments or become entitled to additional benefits under the Plan on the basis of the Differential Wage Payments. This provision is effective on the first day of the Plan Year beginning in 2009.

Amendment Adoption

The Prototype Plan Sponsor has adopted this amendment August 1, 2009 (enter a date no later than 12/31/10) on behalf of all adopting Employers to be effective as indicated above in the amendment provisions. No further action is required by the adopting Employer.

ADDENDUM FOR WORKER, RETIREE, AND EMPLOYER RECOVERY ACT OF 2008 (WRERA) PLAN AMENDMENTS

SECTION 1

PREAMBLE - AMENDMENT OF THE PLAN FOR THE WORKER, RETIREE, AND EMPLOYER RECOVERY ACT OF 2008

- 1.01 **Adoption and Effective Date of Amendment:** This Amendment of the Plan is adopted to reflect certain provisions of the Worker, Retiree, and Employer Recovery Act of 2008 ("WRERA"). This Amendment is intended as good faith compliance with the requirements of WRERA and is to be construed in accordance with WRERA and guidance issued thereunder. Except as otherwise provided, this WRERA Amendment shall be effective as 1/1/2009. Since the amendments have been adopted by the Prototype Sponsor on a unilateral basis, these provisions shall be deemed to be automatically adopted by the Employer as written herein including the effective date and no signature shall be required by the Employer to adopt such amendments, unless the Employer selects an option other than the defaulted election. If the Employer wishes to change a default election, such Employer must provide an addendum to this Amendment indicating their election(s) and sign such Addendum.
- 1.02 **Supersession of Inconsistent Provisions:** This Amendment shall supersede the provisions of the Plan to the extent those provisions are inconsistent with the provisions of this Amendment.

- 1.03 **Suspension of Required Minimum Distribution for 2009 Calendar Year:** Notwithstanding section 10.07 of the Plan, a Participant or Beneficiary who would have been required to receive Required Minimum Distributions for 2009 but for the enactment of section 401(a)(9)(H) of the Code ("2009 RMDs"), and who would have satisfied that requirement by receiving distributions that are (a) equal to the 2009 RMDs or (b) one or more payments in a series of substantially equal distributions (that include the 2009 RMDs) made at least annually and expected to last for the life (or Life Expectancy) of the Participant, the joint lives (or joint life expectancy) of the Participant and the Participant's Designated Beneficiary, or for a period of at least 10 years ("Extended 2009 RMDs"), will not receive those distributions for 2009 unless the Participant or Beneficiary chooses to receive such distributions. Participants and Beneficiaries described in the preceding sentence will be given the opportunity to elect to receive the distributions described in the preceding sentence. In addition, notwithstanding section 10.13 of the Plan, and solely for purposes of applying the direct rollover provisions of the Plan, the following will also be treated as eligible rollover distributions in 2009: (a) 2009 RMDs and (b) Extended 2009 RMDs, both as defined above. The first RMD for those Participants will be their 2010 RMD, which must be made by December 31, 2010. The 2009 RMD relief also applies to the five-year rule applicable to beneficiaries when a Participant dies before his Required Beginning Date and the death occurred before January 1, 2009.
- 1.04 **Rollovers of RMDs:** Plans are permitted to allow Participants and Beneficiaries to make direct rollovers to other plans or IRAs of amounts that would have been 2009 RMDs. However, those distributions are not subject to the 402(f) notice requirements and will not be subject to the 20% mandatory federal income tax withholding. Therefore the portion that would otherwise be the 2009 RMD is paid as a cash distribution, that portion is subject to 10% federal income tax withholding, unless the participant elects out of withholding. If a plan does not allow participants and spouse beneficiaries to make direct rollovers of amounts that would otherwise be RMDs for 2009, these individuals will still be able to indirectly roll over the portion that would be considered an RMD within 60 days after receipt of the payment.
- 1.05 **No Election by Participant or Beneficiaries: In the event that an affected Participant or Beneficiaries do not make an election to suspend or continue the applicable 2009 RMD, then the default provision shall be decided by the Employer and shall be to discontinue the 2009 RMDs.**

Amendment Adoption

The Prototype Plan Sponsor has adopted this amendment August 1, 2009 (enter a date no later than 12/31/11) on behalf of all adopting Employers to be effective as indicated above in the amendment provisions.

Nonspouse Beneficiary Direct Rollover Amendment

Section 10.15 is added to the Plan to read as follows:

10.15 Nonspouse Beneficiary Direct Rollover –

(a) Effective for distributions made after December 31, 2006, if a direct trustee-to-trustee transfer of any portion of a distribution from an eligible retirement plan is made to an individual retirement plan described in section 408(a) or (b) of the Code (an "IRA") that is established for the purpose of receiving the distribution on behalf of a Designated Beneficiary who is a nonspouse beneficiary, the transfer is treated as a direct rollover of an eligible rollover distribution for purposes of section 402(c) of the Code.

The IRA of the nonspouse beneficiary is treated as an inherited IRA within the meaning of section 408(d)(3)(C) of the Code.

(b) This qualified plan shall offer a direct rollover of a distribution to a nonspouse beneficiary who is a Designated Beneficiary within the meaning of section 401(a)(9)(E) of the Code, provided that the distributed amount satisfies all the requirements to be an eligible rollover distribution other than the requirement that the distribution be made to the participant or the participant's spouse. The direct rollover must be made to an IRA established on behalf of the Designated Beneficiary that will be treated as an inherited IRA pursuant to the provisions of section 402(c)(11) of the Code. If a nonspouse beneficiary elects a direct rollover, the amount directly rolled over is not includible in gross income in the year of the distribution.

(c) Section 402(c)(11) of the Code provides that a direct rollover of a distribution by a nonspouse beneficiary is a rollover of an eligible rollover distribution only for purposes of section 402(c) of the Code. Therefore, the distribution is not subject to the direct rollover requirements of section 401(a)(31) of the Code, the notice requirements of section 402(f) of the Code, or the mandatory withholding requirements of section 3405(c) of the Code. If an amount distributed from a plan is received by a nonspouse beneficiary, the distribution is not eligible for rollover.

(d) This qualified plan may make a direct rollover to an IRA on behalf of a trust where the trust is the named beneficiary of a decedent, provided the beneficiaries of the trust meet the requirements to be designated beneficiaries within the meaning of section 401(a)(9)(E) of the Code. In such a case, the beneficiaries of the trust are treated as having been designated as beneficiaries of the decedent for purposes of determining the distribution period under section 401(a)(9) of the Code, if the trust meets the requirements set forth in Treasury Regulation section 1.401(a)(9)-4, Q&A-5.

(e) Determination of Required Minimum Distributions:

General rule. If the Employee dies before his or her Required Beginning Date, the required minimum distributions for purposes of determining the amount eligible for rollover with respect to a nonspouse beneficiary are determined under either the 5-year rule described in section 401(a)(9)(B)(ii) of the Code or the life expectancy rule described in section 401(a)(9)(B)(iii) of the Code. Under either rule, no amount is a required minimum distribution for the year in which the Employee dies. The rule in Q&A-7(b) of Treasury Regulation section 1.402(c)-2 (relating to distributions before an Employee has attained age 70½) does not apply to nonspouse beneficiaries.

Five-year rule. Under the 5-year rule described in section 401(a)(9)(B)(ii) of the Code, no amount is required to be distributed until the fifth calendar year following the year of the Employee's death. In that year, the entire amount to which the beneficiary is entitled under the plan must be distributed. Thus, if the 5-year rule applies with respect to a nonspouse beneficiary who is a designated beneficiary within the meaning of section 401(a)(9)(E) of the Code, for the first 4 years after the year the Employee dies, no amount payable to the beneficiary is ineligible for direct rollover as a required minimum distribution. Accordingly, the beneficiary is permitted to directly roll over the beneficiary's

entire benefit until the end of the fourth year (but, the 5-year rule must also apply to the IRA to which the direct rollover contribution is made). On or after January 1 of the fifth year following the year in which the Employee died, no amount payable to the beneficiary is eligible for direct rollover.

Life expectancy rule. (1) *General rule.* If the life expectancy rule described in section 401(a)(9)(B)(iii) of the Code applies, in the year following the year of death and each subsequent year, there is a required minimum distribution. The amount not eligible for rollover includes all undistributed required minimum distributions for the year in which the direct rollover occurs and any prior year (even if the excise tax under section 4974 of the Code has been paid with respect to the failure in the prior years).

(2) *Special rule.* If, under paragraph (b) or (c) of Q&A-4 of Treasury Regulation section 1.401(a)(9)-3, the 5-year rule applies, the nonspouse Designated Beneficiary may determine the required minimum distribution under the plan using the life expectancy rule in the case of a distribution made prior to the end of the year following the year of death. However, in order to use this rule, the required minimum distributions under the IRA to which the direct rollover is made must be determined under the life expectancy rule using the same Designated Beneficiary.

(f) If an Employee dies on or after his or her Required Beginning Date, within the meaning of section 401(a)(9)(C) of the Code, for the year of the Employee's death, the required minimum distribution not eligible for rollover is the same as the amount that would have applied if the Employee were still alive and elected the direct rollover. For the year after the year of the Employee's death and subsequent years, see Q&A-5 of Treasury Regulation section 1.401(a)(9)-5 to determine the applicable distribution period to use in calculating the required minimum distribution. As in the case of death before the Employee's Required Beginning Date, the amount not eligible for rollover includes all undistributed required minimum distributions for the year in which the direct rollover occurs and any prior year, including years before the Employee's death.

(g) Under section 402(c)(11) of the Code, an IRA established to receive a direct rollover on behalf of a nonspouse Designated Beneficiary is treated as an inherited IRA within the meaning of section 408(d)(3)(C) of the Code. The required minimum distribution requirements set forth in section 401(a)(9)(B) of the Code and the regulations thereunder apply to the inherited IRA. The rules for determining the required minimum distributions under the Plan with respect to the nonspouse beneficiary also apply under the IRA. Thus, if the Employee dies before his or her Required Beginning Date and the 5-year rule in section 401(a)(9)(B)(ii) of the Code applied to the nonspouse Designated Beneficiary under the Plan making the direct rollover, the 5-year rule applies for purposes of determining required minimum distributions under the IRA unless the special rule described in section 10.15(e)(2) applies. If the life expectancy rule applied to the nonspouse Designated Beneficiary under the Plan, the required minimum distribution under the IRA must be determined using the same applicable distribution period as would have been used under the plan if the direct rollover had not occurred. Similarly, if the Employee dies on or after his or her Required Beginning Date, the required minimum distribution under the IRA for any year after the year of death must be determined using the same applicable distribution period as would have been used under the Plan if the direct rollover had not occurred.

(h) Effective for Plan Years beginning after December 31, 2009, plans are required to provide a direct rollover option for non-spouse beneficiaries and must provide a 402(f) notice pursuant to the Workers Retiree and Employer Recovery Act of 2008.
